Roberto Rossellini:

The Adventures Of Roberto Rossellini Tag Gallagher, 1998-10-22 Continually enmeshed in controversy perhaps no other figure in the history of world cinema has been so reviled and so revered

The Films of Roberto Rossellini Peter Bondanella, 1993-01-29 A close analysis of the seven films that mark important turning points in Rossellini's evolution: *The Man with a Cross* 1943, *Open City* 1945, *Paisan* 1946, *The Machine to Kill Bad People* 1948, *52 Voyage in Italy* 1953, *General della Rovere* 1959, and *The Rise to Power of Louis XIV* 1966

Roberto Rossellini Peter Brunette, 2022-05-13 This is the first full length study in any language of the most significant film director of Italian Neorealism. Peter Brunette combines close analyses of Roberto Rossellini's formal and narrative style with a thorough account of his position in the political and cultural landscape of postwar Italy. More than forty films are explored, including *Open City*, *Paisan*, *Voyage to Italy*, *The Rise to Power of Louis XIV*, and films made in the director's later years that documented crucial epochs in human history. Brunette's book is based on eight years of research during which he interviewed members of the director's family as well as Rossellini himself. Brunette also draws on an enormous body of European and American criticism and discusses the various intellectual debates spawned by the director's work. This landmark study is both a comprehensive introduction to one of the most influential practitioners of the contemporary cinema and a boldly original discussion of Italian Neorealism. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1996.

Roberto Rossellini David Forgacs, Sarah Lutton, Geoffrey Nowell-Smith, 2019-07-25 A master of modern European cinema and a key figure in the Italian neorealist movement, Roberto Rossellini had one of the longest and most varied careers of all major directors. From *Rome, Open City* and *Paisan* through to the Bergman classics *Stromboli* and *Journey to Italy* and his later work for television, Rossellini's work and ideas had a profound influence on filmmaking and criticism. This specially commissioned overview of Rossellini's works examines key issues and themes covering all phases of his career. Leading critics from across the world examine, among other issues, the Fascist context of Rossellini's early work, the view of Europe that emerges in his films, the stylistic trajectory of the work through neorealism and beyond, and its influence on the French New Wave, the issues of representation that emerge in later films, and his extensive work for television. The significance of Rossellini's relationships with Ingrid Bergman and Anna Magnani is discussed, and the book also includes a dossier section of materials providing an overview of the most important facts and documents concerning the director.

post war Italian film and the cinematic technique it has come to embody Moving away from the usual modes of defining this period a trajectory that begins with neorealism and ends with Bertolucci author Carlo Testa offers proof that coming to terms with literary texts is an essential step toward understanding the motion pictures they influenced The means of recreating literature for the screen has changed drastically over the last half century as has the impact of different national traditions on Italian cinema Testa's work is the first to explicitly and deliberately link postwar Italian cinema to general intellectual concerns such as the relationship between literary authors and cinematic auteurs Moreover his analysis of the impact of French German and Russian cultures on Italy brings forth a new reading of Italian cinema a new paradigm for exploring complex issues of authorship culture and art
