Reading List Mount Holyoke College. English Department, 1945 **Monthly Catalog of United States Government Publications**, 1975-09 **High School Reading Lists** New York (N.Y.). High School of Commerce. English Department, 1922 The College and Adult Reading List of Books in Literature and the Fine Arts National Council of Teachers of English. Committee on College and Adult Reading List, 1962 **Syllabus** William Germano, Kit Nicholls, 2022-08-30 How redesigning your syllabus can transform your teaching your classroom and the way your students learn Generations of teachers have built their classes around the course syllabus a semester long contract that spells out what each class meeting will focus on readings problem sets case studies experiments and what the student has to turn in by a given date But what does that way of thinking about the syllabus leave out about our teaching and more importantly about our students learning In Syllabus William Germano and Kit Nicholls take a fresh look at this essential but almost invisible bureaucratic document and use it as a starting point for rethinking what students and teachers do What if a teacher built a semester s worth of teaching and learning backward starting from what students need to learn to do by the end of the term and only then selecting and arranging the material students need to study Thinking through the lived moments of classroom engagement what the authors call coursetime becomes a way of striking a balance between improv and order With fresh insights and concrete suggestions Syllabus shifts the focus away from the teacher to the work and growth of students moving the classroom closer to the genuinely collaborative learning community we all want to create **The Literature Lover's Book of Lists** Judie L.
