The Contested Parterre Jeffrey S. Ravel, 2018-09-05 In the playhouses of eighteenth century France clerks and students soldiers and merchants and the occasional aristocrat stood in the pit while the majority of the elite sat in loges These denizens of the parterre who accounted for up to two thirds of the audience were given to disruptive behavior that culminated in full scale riots in the last years before the Revolution Offering a commoner's eye view of the drama offstage this fascinating history of French theater audiences clearly demonstrates how problems in the parterre reflected tensions at the heart of the Old Regime Jeffrey S Ravel vividly depicts the scene in the parterre where the male spectators occupied themselves shoving one another drinking urinating and confronting the actors with critiques of the performance He traces the futile efforts of the Bourbon Court and later its Enlightened opponents to control parterre behavior by both persuasion

and force Ravel describes how the parterre came to represent a larger more politicized notion of the public one that exposed the inability of the government to accommodate the demands of French citizens An important contribution to debates on the public sphere Ravel's book is the first to explore the role of the parterre in the political culture of eighteenth century France

Landscape Theory Rachel DeLue, James Elkins, 2010-10-28 Artistic representations of landscape are studied widely in areas ranging from art history to geography to sociology yet there has been little consensus about how to understand the relationship between landscape and art This book brings together more than fifty scholars from these multiple disciplines to establish new ways of thinking about landscape in art Our Beautiful, Dry, and Distant Texts James Elkins, 2010-11-01 Elkins argues that writing is what art historians produce and whether such writing is a transparent vehicle for the transmission of facts or an embattled forum for the rehearsal of institutional relations and constructions of history it is an expressive medium with the capacity for emotion and reflection Therefore it needs to be taken seriously for its own sake it is the testament of art history and of individual historians and it is only weakened and slighted by versions of history that imagine it either as uncontrolled dissemination or as objective discovery and reporting

Social Memory and History Jacob J. Climo, Maria G. Cattell, 2002-10-23 In Social Memory and History a group of anthropologists sociologists social linguists gerontologists and historians explore the ways in which memory reconstructs the past and constructs the present A substantial introduction by the editors outlines the key issues in the understanding of social memory its nature and process its personal and political implications the crisis in memory and the relationship between social and individual memory Ten cross cultural case studies groups ranging from Kiowa songsters Burgundian farmers elderly Philadelphia whites Chilean political activists American immigrants to Israel and Irish working class women then explore how social memory transmits culture or contests it at the individual community and national levels in both tangible and symbolic spheres

Botany, sexuality and women's writing, 1760-1830 Sam George, 2017-10-03 In this fascinating study Samantha George explores the cultivation of the female mind and the feminised discourse of botanical

literature in eighteenth century Britain In particular she discusses British women s engagement with the Swedish botanist Carl Linnaeus and his unsettling discovery of plant sexuality Previously ignored primary texts of an extraordinary nature are rescued from obscurity and assigned a proper place in the histories of science eighteenth century literature and women s writing The result is groundbreaking the author explores nationality and sexuality debates in relation to botany and charts the appearance of a new literary stereotype the sexually precocious female botanist She uncovers an anonymous poem on Linnaean botany handwritten in the eighteenth century and subsequently traces the development of a new genre of women s writing the botanical poem with scientific notes The book is indispensable reading for all scholars of the eighteenth century especially those interested in Romantic women s writing or the relationship between literature and science **The Way the Wind Blows** Roderick J. McIntosh, Joseph A. Tainter, Susan Keech McIntosh, 2000-08-24 Scientists and policymakers are beginning to understand in ever increasing detail that environmental problems cannot be understood solely through the biophysical sciences Environmental issues are fundamentally human issues and must be set in the context of social political cultural and economic knowledge The need both to understand how human beings in the past responded to climatic and other environmental changes and to synthesize the implications of these historical patterns for present day sustainability spurred a conference of the world s leading scholars on the topic The Way the Wind Blows is the rich result of that conference Articles discuss the dynamics of climate human perceptions of and responses to the environment and issues of sustainability and resiliency These themes are illustrated through discussions of human societies around the world and throughout history Landscape Architecture ,1992 **Les Misérables and Its Afterlives** Kathryn M. Grossman, Bradley Stephens, 2016-03-09 Exploring the enduring popularity of Victor Hugo s Les Mis rables this collection offers analysis of both the novel itself and its adaptations In spite of a mixed response from critics Les Mis rables instantly became a global bestseller Since its successful publication over 150 years ago it has traveled across different countries cultures and media giving rise to more than 60 international film and television variations numerous radio dramatizations animated versions comics and stage plays Most famously it has inspired the world s longest running musical which itself has generated a wealth of fan made and online content Whatever its form Hugo s tale of social injustice and personal redemption continues to permeate the popular imagination This volume draws together essays from across a variety of fields combining readings of Les Mis rables with reflections on some of its multimedia afterlives including musical theater and film from the silent period to today s digital platforms The contributors offer new insights into the development and reception of Hugo s celebrated classic deepening our understanding of the novel as a work that unites social commentary with artistic vision and raising important questions about the cultural practice of adaptation **Cultivated Power** Elizabeth Hyde, 2005-03-07 Cultivated Power explores the collection cultivation and display of flowers in early modern France at the historical moment when flowering plants many of which were becoming known in Europe for the first time piqued the curiosity of European

gardeners and botanists merchants and ministers dukes and kings Elizabeth Hyde reveals how flowers became uniquely capable of revealing the curiosity reason and taste of those elite men who engaged in their cultivation The cultural and increasingly political value of such qualities was not lost on royal panegyrists who seized upon the new meanings of flowers in celebrating the glory of Louis XIV Using previously unexplored archival sources Hyde recovers the extent of floral plantations in the gardens of Versailles and the sophisticated system of nurseries created to fulfill the demands of the king s gardeners She further examines how the successful cultivation of those flowers made it possible for Louis XIV to demonstrate that his reign was a golden era surpassing even that of antiquity Cultivated Power expands our knowledge of flowers in European history beyond the Dutch tulip mania and restores our understanding of the importance of flowers in the French classical garden The book also develops a fuller perspective on the roles of gender rank and material goods in the age of the baroque Using flowers to analyze the movement of culture in early modern society Cultivated Power ultimately highlights the influence of curious florists on the taste of the king and the extension of the cultural into the realm of the political

Nature as Model Luke Morgan,2007 Salomon de Caus was a pivotal figure in the dissemination of the design principles and motifs of the Italian Renaissance garden throughout Europe By setting the record straight in this biography Luke Morgan rewrites the received history of early seventeenth century garden design *Site, Sight, Insight* John Dixon Hunt,2016-03-07 Site Sight Insight presents twelve essays by John Dixon Hunt the leading theorist and historian of landscape architecture The collection s common theme is a focus on sites how we see them and what we derive from that looking Acknowledging that even the most modest landscape encounter has validity Hunt contends that the more one knows about a site and one s own sight of it an awareness of how one is seeing the greater the insight Employing the concepts tropes and rhetorical methods of literary analysis he addresses the problem of how to discuss understand and appreciate places that are experienced through all the senses over time and through space Hunt questions our intellectual and aesthetic understanding of gardens and designed landscapes and asks how these sites affect us emotionally Do gardens have meaning When we visit a fine garden or designed landscape we experience a unique work of great complexity in purpose which has been executed over a number of years a work that occasionally achieves beauty While direct experience is fundamental Hunt demonstrates how the ways in which gardens and landscapes are communicated in word and image can be equally important He returns frequently to a cluster of key sites and writings on which he has based much of his thinking about garden making and its role in landscape architecture the gardens of Rousham in Oxfordshire Thomas Whately s Observations on Modern Gardening 1770 William Gilpin s dialogues on Stowe 1747 Alexander Pope s meditation on genius loci the D sert de Retz Paolo Burgi s Cardada and the designs by Bernard Lassus and Ian Hamilton Finlay **Public Parks, Private Gardens** Colta Ives,2018-03-05 The spectacular transformation of Paris during the 19th century into a city of tree lined boulevards and public parks both redesigned the capital and inspired the era s great Impressionist artists The renewed landscape gave

crowded displaced urban dwellers green spaces to enjoy while suburbanites and country dwellers began cultivating their own flower gardens As public engagement with gardening grew artists increasingly featured flowers and parks in their work Public Parks Private Gardens includes masterworks by artists such as Bonnard Cassatt C zanne Corot Daumier Van Gogh Manet Matisse Monet and Seurat Many of these artists were themselves avid gardeners and they painted parks and gardens as the distinctive scenery of contemporary life Writing from the perspective of both a distinguished art historian and a trained landscape designer Colta Ives provides new insights not only into these essential works but also into this extraordinarily creative period in France s history

Profit Mark Stoll,2022-11-08 Profit getting more out of something than you put into it is the original genius of homo sapiens who learned how to unleash the energy stored in wood exploit the land and refashion ecosystems As civilization developed we found more and more ways of extracting surplus value from the earth often deploying brutally effective methods to discipline people to do the work needed Historian Mark Stoll explains how capitalism supercharged this process and traces its many environmental consequences The financial innovations of medieval Italy created trade networks that with the European discovery of the Americas made possible vast profits and sweeping cultural changes to the detriment of millions of slaves and indigenous Americans the industrial age united the world in trade and led to an energy revolution that changed lives everywhere But when efficient production left society awash in goods a new sort of capitalism predicated on endless individual consumption took its place This story of incredible ingenuity and villainy begins in the Doge s palace in medieval Venice and ends with Jeff Bezos aboard his own spacecraft Mark Stoll s revolutionary account places environmental factors at the heart of capitalism s progress and reveals the long shadow of its terrible consequences
