Reading Women's Lives PCP Editorial

Staff,Women's Studies Department Staff,2000-07-18 Reading Women s Lives is an on demand database publishing program consisting of a wide variety of material on women s studies The articles and readings included in this database were selected by the Department of Women s Studies at The Ohio State University *Reading women's lives* Women's Studies Department Ohio State University,1999 Includes essays and articles that examine women s roles in society Readng Womens Lives Pearson Custom Publishing,1998-03-01 **Introducing a Hermeneutics of Cispicion** Jo

Henderson-Merrygold,2024-06-13 A hermeneutics of cispicion challenges cisnormative presuppositions that shape and at times occlude the variations in gender and sex exhibited by key characters in the ancestral narrative of Genesis 12 50 It charts the progression from Paul Ricoeur s hermeneutics of suspicion through liberation feminist and queer approaches Focusing on Deryn Guest s queer and trans hermeneutics Henderson Merrygold then offers a new strategy for reading against fixed binary gender assumptions where a character s sex always matches that assigned at birth The initial case study addresses Sarah who is the proto matriarch of the ancestral narratives in Genesis Masculinities contrast with femininities and Sarah s own agency makes the picture of a consistent gender hard to identify By closely reading the text different facets of Sarah s story emerge to emphasise how much the narrative directs the reader towards a cisnormative reading However Henderson Merrygold shows it is not only the images of Sarah as feminine woman and mother that remain visible The subject of the second case study Esau is regularly judged to be a hypermasculine character due to his bodily appearance but repeatedly fails to fulfil the expectations related to that appearance Though often condemned as a poor example of hyper masculinity a cispicious reading identifies a richer and more nuanced figure Attending to Esau s actions his rejection of the gendered expectations appears intentional allowing him to settle more comfortably into his own identity This project advocates for and demonstrates the value of creative interpretations of biblical texts that challenge both malestream and feminist gender assumptions Teaching Introduction to Women's Studies Carolyn DiPalma,Barbara S. Winkler,1999-10-30 This edited collection addresses the institutional context and social issues in which teaching the women s studies introductory course is embedded and provides readers with practical classroom strategies to meet the challenges raised The collection serves as a resource and preparatory text for all teachers of the course including experienced teachers less experienced teachers new faculty and graduate student teaching assistants The collection will also be of interest to educational scholars of feminist and progressive pedagogies and all teachers interested in innovative practices The contributors discuss the larger political context in which the course has become a central representative of women s studies to a growing although less feminist identified population Increased enrollments and changes in student population are noted as a result in part of the popularity of Introduction to Women s Studies courses in fulfilling GED and diversity requirements

New forms of student resistance in a climate of backlash and changes in course content in response to internal and external challenges are also discussed. Evidence is provided for an emerging paradigm in the conceptualization of the introductory course as a result of challenges to racism, heterosexism, and classism in women's studies voiced by women of color and others in the 1980s and 1990s. Sensationalist charges that women's studies teachers, including those who teach the Introduction to Women's Studies course, are the academic shock troops of a monolithic feminism are challenged and refuted by the collection's contributors who share their struggles to make possible classrooms in which informed dialogue and disagreement are valued.

Auto/biography in Canada Julie Rak, 2009-08-02 Auto biography in Canada Critical Directions widens the field of auto biography studies with its sophisticated multidisciplinary perspectives on the theory, criticism, and practice of self, community, and representation. Rather than considering autobiography and biography as discrete genres with definable properties, and rather than focusing on critical approaches, the essays explore auto biography as a discourse about identity and representation in the context of numerous disciplinary shifts. Auto biography in Canada looks at how life narratives are made in Canada. Originating from literary studies, history, and social work, the essays in this collection cover topics that range from queer Canadian autobiography, autobiography and autism, and newspaper death notices as biography to Canadian autobiography and the Holocaust, Grey Owl, and authenticity, France Thoret, and autofiction, and a new reading of *Stolen Life*, the collaborative text by Yvonne Johnson and Rudy Wiebe. Julie Rak's useful big picture introduction traces the history of auto biography studies in Canada. While the contributors chart disciplinary shifts taking place in auto biography studies, their essays are also part of the ongoing scholarship that is remaking ways to understand Canada.

Reading and Writing Ourselves into Being Claire White Putala, 2004-12-01 This text is a study of literacy based upon a set of correspondence, the Osborne Family Papers, 1812-1968, housed in the Special Collections Research Center of Syracuse University. A collection of some 358 boxes, it is particularly well suited for a study on literacy. In addition to the voluminous public and private correspondence of prison reformer Thomas Mott Osborne, 1859-1926, a vast and rich store of the family's literacy works have been carefully preserved. In addition to hundreds of letters, many between and among the women of the family, it also abounds with other literacy documents of interest, such as ledgers, account books, travelogues, verse, diaries, and notes. Unusually and quite valuably, even scraps of children's writing have been preserved, making possible studies regarding emergent literacy practices of the times.

Feminist Studies, 1998 *A Feminist Companion to Reading the Bible* Athalya Brenner, Carole Fontaine, 2013-08-16 This valuable resource both presents and demonstrates the numerous developments in feminist criticism of the Bible and the enormous range of influence that feminist criticism has come to have in biblical studies. The purpose of the book is to raise issues of method that are largely glossed over or merely implied in most non-feminist works on the Bible. The editors have included broadly theoretical essays on feminist methods and the various roles they may play in research and pedagogy, as well as non-feminist essays that have direct bearing on the methods or subject matter that feminists use as well.

as reading that illustrate the variety of methodological strategies adopted by feminist scholars Some 30 scholars from North America and Europe have contributed to this Companion
