

READING LEVINAS/ READING TALMUD

An Introduction

IRA F. STONE

Reading Levinas Reading Talmud

Elisabeth Goldwyn

Reading Levinas Reading Talmud:

Nine Talmudic Readings Emmanuel Lévinas, 1990 I know of no work that more readily opens this classic of Judaic learning to the general reader The Key Reporter The appearance in English of nine of Levinas's essays on talmudic discourse collected and beautifully translated by Aronowicz is an important occasion These essays are crucial to the interpretation of Levinas's work more generally and Aronowicz's excellent introduction and occasional notes are very helpful in making this work accessible to those unacquainted with either Talmud or Levinas Religious Studies Review Nine rich and masterful readings of the Talmud by the French Jewish philosopher Emmanuel Levinas translate Jewish thought into the language of modern times Between 1963 and 1975 Levinas delivered these commentaries at the annual Talmudic colloquia of a group of French Jewish intellectuals in Paris Here Levinas applies a hermeneutic that simultaneously allows the classic Jewish texts to shed light on contemporary problems and lets modern problems illuminate the texts Besides being quintessential illustrations of the art of reading the essays express the deeply ethical vision of the human condition that makes Levinas one of the most important thinkers of our time

Reading Levinas/Reading Talmud Ira F. Stone, 1998-11-01 Although Jewish scholars have recognized the French philosopher Emmanuel Levinas as one of the greatest minds of this century the majority of Jews have remained ignorant of his teachings largely because his work even in translation is dense and erudite Rabbi Ira Stone who has studied Levinas's work for many years and incorporated his methods and perspectives into his own teaching now makes Levinas accessible to lay readers for the first time

Reading Between the Lines Elisabeth Goldwyn, 2015 Originally published in Hebrew this book examines Levinas's contributions to Jewish thought concentrating specifically on his talmudic readings in the context of contemporary midrash

Beyond the Verse Emmanuel Levinas, 1994-01-01 Available in paperback for the first time this is an important collection of essays dealing with problems in Jewish thought

Emmanuel Levinas's Talmudic Turn Ethan Kleinberg, 2021-10-19 In this rich intellectual history of the French Jewish philosopher Emmanuel Levinas's Talmudic lectures in Paris Ethan Kleinberg addresses Levinas's Jewish life and its relation to his philosophical writings while making an argument for the role and importance of Levinas's Talmudic lessons Pairing each chapter with a related Talmudic lecture Kleinberg uses the distinction Levinas presents between God on Our Side and God on God's Side to provide two discrete and at times conflicting approaches to Levinas's Talmudic readings One is historically situated and argued from our side while the other uses Levinas's Talmudic readings themselves to approach the issues as timeless and derived from God on God's own side Bringing the two approaches together Kleinberg asks whether the ethical message and moral urgency of Levinas's Talmudic lectures can be extended beyond the texts and beliefs of a chosen people religion or even the seemingly primary unit of the self Touching on Western philosophy French Enlightenment universalism and the Lithuanian Talmudic tradition Kleinberg provides readers with a boundary pushing investigation into the origins influences and causes of Levinas's turn to and use of Talmud

Nine Talmudic Readings Emmanuel Levinas, 2019-05-16

These nine masterful readings of the Talmud by the renowned French Jewish philosopher translate Jewish thought into the language of modern times. One of the major continental philosophers of the twentieth century Emmanuel Levinas was also an important Talmudic commentator. Between 1963 and 1975 he delivered an enlightening and influential series of commentaries at the annual Talmudic colloquia of a group of French Jewish intellectuals in Paris. In this collection Levinas applies a hermeneutic that simultaneously allows the classic Jewish texts to shed light on contemporary problems and lets modern problems illuminate the texts. Besides being quintessential illustrations of the art of reading, the essays express the deeply ethical vision of the human condition that makes Levinas one of the most important thinkers of our time. **Reading**

Between the Lines Elizabet Goldvin, 2015 [The Ethics of Reading According to Emmanuel Levinas](#) Roland A.

Champagne, 2023-06-05. Reading a text is an ethical activity for Emmanuel Levinas. His moral philosophy considers written texts to be natural places to discover relations of responsibility in Western philosophical systems which are marked by extreme violence and totalizing hatred. While ethics is understood to mean a relationship with the other and reading is the appropriation of the other to the self, readings according to Levinas naturally entail relationships with the other. Levinas's own writings are often fraught with the struggle between his own maleness, the concerns of feminism, and the Judaism that marks his contributions to the debates of the Talmud. This book uses male feminism as its perspective in presenting the applications of Levinas's ethical vision to texts whose readings have presented moral dilemmas for women readers. Levinas's philosophical theories can provide keys to unlock the difficulties of these texts whose readings will provide models of reading as ethical acts beginning with the ethical contract in Song of Songs where the assumption of a woman writer begins the elaboration of issues that sets a male reader as her other. From the reader's vantage point of seeing the self as other, other issues of male feminism become increasingly poignant, ranging from the solicitude of listening to Celine Chapter 2, the responsibility for noise in Nizan Chapter 3, the asymmetrical pattern of face-to-face relationships in Maupassant Chapter 4, the sovereignty of laughter in Bataille and Zola Chapter 5, the call of the other in Italo Svevo Chapter 6, the Woman as Other in Breton Chapter 7, the ethical self in Drieu la Rochelle Chapter 8, the response to Hannah Arendt Chapter 9, and the vulnerability of Bernard Henri Lévy Chapter 10. The male feminist reader is thus the incarnation of the struggle at the core of the issues outlined by Levinas for the act of reading as an ethical endeavor. **After the Deluge** François Dosse, 2004-11-17

Madame de Pompadour's famous quip "Après nous le déluge" serves as fitting inspiration for this lively discussion of postwar French intellectual and cultural life. Over the past thirty years, North American and European scholarship has been significantly transformed by the absorption of poststructuralist and postmodernist theories from French thinkers. But Julian Bourg's seamlessly edited volume proves that historically speaking, French intellectual and cultural life since World War Two has involved much more than a few infamous figures and concepts. Motivated by a desire to narrate and contextualize the deluge of French theory, *After the Deluge* showcases recent work by today's brightest scholars of French intellectual history.

that historicizes key debates figures and turning points in the postwar era of French thought Relying on primary and archival sources contributors examine among other themes left wing critiques of the Left the internationalizing of thought the institutional and affective conditions of cultural life and the religious imagination They revive neglected debates and figures and they explore the larger impact of political quarrels In an afterword preeminent French historian Fran ois Dosse heralds the arrival of a new generation a historiographical sensibility that brings fresh original perspectives and a passion for French history to the contemporary French intellectual arena After the Deluge adds significant depth and breadth to our understanding of postwar French intellectual and cultural history **Twilight of Jewish Philosophy** Wright,Dr Tamra Wright,2013-12-19 First Published in 1999 Emmanuel Levinas 1906 1995 is widely acknowledged to be one of the great Jewish thinkers of the 20th century This book explores the relationship between Levinas ethical philosophy and his understanding of Judaism Through close readings of his major texts the significance of key terms in Levinas work is clarified
