Judith M. Daubenmier

Return To Manitou:

Over the Rocky Mountains To Alaska Charles Warren Stoddard, 2024-01-31 *Over the Rocky Mountains to Alaska* is a travel narrative written by Charles Warren Stoddard. In this work, Stoddard recounts his journey through the Rocky Mountains and his exploration of Alaska. Originally published in 1896, the narrative provides readers with a firsthand account of the landscapes, people, and adventures encountered by the author during his travels. Charles Warren Stoddard was an American author, editor, and lecturer known for his travel writings and essays. In *Over the Rocky Mountains to Alaska*, Stoddard likely offers vivid descriptions of the natural beauty of the Rocky Mountains and the unique features of the Alaskan wilderness. The narrative may also include insights into the cultural and social aspects of the regions he visited. For readers interested in late 19th-century travel literature, exploration of the American West, and Alaskan adventures, Stoddard's account provides a valuable historical perspective and a glimpse into the spirit of adventure during that era.

The Meskwaki and Anthropologists Judith M. Daubenmier, 2008-01-01 *The Meskwaki and Anthropologists* illuminates how the University of Chicago's innovative Action Anthropology program of ethnographic fieldwork affected the Meskwaki Indians of Iowa. From 1948 to 1958, the Meskwaki community near Tama, Iowa, became effectively a testing ground for a new method of practicing anthropology proposed by anthropologists and graduate students at the University of Chicago in response to pressure from the Meskwaki. Action Anthropology, as the program was called, attempted to more evenly distribute the benefits of anthropology by way of anthropologists helping the Native communities they studied. The legacy of Action Anthropology has received limited attention, but even less is known about how the Meskwakis participated in creating it and shaping the way it functioned. Drawing on interviews and extensive archival records, Judith M. Daubenmier tells the story from the viewpoint of the Meskwaki themselves. The Meskwaki alternatively cooperated with, befriended, ignored, prodded, and collided with their scholarly visitors in trying to get them to understand that the values of reciprocity within Meskwaki culture required people to give something if they expected to get something. Daubenmier sheds light on the economic and political impact of the program on the community and how some Meskwaki manipulated the anthropologists and students through their own expectations of reciprocity and gender roles. Giving weight to the opinions, actions, and motivations of the Meskwaki, Daubenmier assesses more fully and appropriately the impact of Action Anthropology on the Meskwaki settlement and explores its legacy outside the settlement's confines. In so doing, she also encourages further consideration of the ongoing relationships between scholars and Indigenous peoples today.
