Riviera Rise And Rise Of The Cote:

Riviera Jim Ring, 2011-04-21 The Riviera has inspired countless novelists and artists attracted as much by its visitors as by its location Somerset Maugham called it a sunny place for shady people But for the majority of the English the Riviera was made famous by rumour and report it was the scene of the romance of Edward VIII and Wallis Simpson and post war became the vacation spot of Hollywood starlets But the Cote d'Azur has a long history of attracting foreign celebrities and royalty since the seventeenth century when it was a stopping point on the route south for aristocratic Grand Tourists Later English and Scottish invalids among them Robert Louis Stevenson followed doctors orders and holidayed on the Riviera for their health Jim Ring explores these origins and the developments that took place on the coast the impact of rail travel of war of celebrity and of the English An entertaining survey It is the ideal book to hide your smirk behind on the Promenade des Anglais as yet another roller blading granny glides past in a leopard skin thong Sunday Telegraph Jim Ring's Riviera corrals an array of vignettes of the Cote d'Azur's most famous habitués from the Romans to the Rolling Stones a stylish and pleasingly gossipy overview of the region's fluctuating fortunes Time Out A highly readable history Guardian

Making Monte Carlo Mark Braude, 2016-04-12 A narrative history of Jazz Age Monte Carlo chronicling the city's rise from WWI's ashes to become one of the world's most storied infamous playgrounds of the rich only to be crushed under its own weight ten years later Provided by publisher

Boat Trains: The English Channel & Ocean Liner Specials Martyn Pring, 2021-01-18 A study of the specialty train including its history development and operation beginning at the end of the nineteenth century In many ways this title featuring the evolution of cross channel boat trains and the many dedicated services responsible for moving international passengers to and from trans Atlantic steamers is an extension of luxury railway travel But that's not the full story as it encapsulates more than 125 years of independent and organised tourism development At the end of the nineteenth century faster and more stable twin screw vessels replaced cross channel paddlers resulting in a significant expansion in the numbers of day

excursionists and short stay visitors heading to Belgium France and the Channel Islands Continental Europe as it had done since the end of the Napoleonic Wars beckoned introducing ideas of modern day mass tourism Numerous liners bestriding the globe were British domiciled Major ports became hives of commercial activity involving moving freight and mail as well as transporting all manner of travellers Not only was there intense competition for passenger traffic between the Old and New World and Britain's imperial interests greater numbers of well heeled tourists headed off to warmer winter climes and also experimented with the novel idea of using ocean steamers as hotels to visit an array of diverse destinations Cruise tourism and the itinerary had arrived as Ocean Special boat trains became essential components of railway and port procedures Whilst some railway operations were dedicated to emigrant traffic continental and ocean liner boat trains were also synonymous with the most glamorous travel services ever choreographed by shipping lines and railway companies working closely in tandem This well illustrated book explores the many functions of boat train travel This book should appeal to the rail fan the ship enthusiast the connoisseur of travel posters and those interested in the business of transportation I know of nowhere else one can find so much information on boat train operation in one book Well worth a read by anyone interested in the interconnectivity of different means of public transportation Charles H Bogart Steamship Historical Society of America [From the Mill to Monte Carlo](#) Anne Fletcher,2018-07-15 The only Monte Carlo gambler to devise an infallible and completely legal system to break the bank [The Rough Guide to France](#) Rough Guides,2011-05-02 The Rough Guide to France is the ultimate travel guide with clear maps and detailed coverage of all the best French attractions Discover the length and breadth of this majestic country from the stunning lavender covered fields of sunny Provence to the beautiful languid canals of Burgundy and the mighty Cathar castles of Languedoc Informative features explore the very best French wines and cheeses as well as France's key walking regions and routes while an extensive language section will get you started on all the most important French phrases and vocabulary Find detailed practical advice on what to see and do in France while relying on up to date descriptions of the best hotels in France bars in France restaurants in France shops in France and French festivals for all budgets You'll find expert tips on exploring France's varied landscapes from the alpine slopes of the Alps to the vibrant metropolis of Paris and authoritative background on France's history wildlife and food with the low down on the top French films and books Explore all corners of France with the clearest maps of any guide [How the English Made the Alps](#) Jim Ring,2011-02-17 For English read British which is not to quibble with the title but as Jim Ring himself explains During the period on which this book focuses it was the custom in the words of a Scot to let the part the larger part speak for the whole Those countries which received them France Italy Austria Germany and above all Switzerland all talked of the English and the presence of the English in the Alps was precisely so described To use the term British would thus have been an anachronism The nineteenth century will forever be associated with the growth of the British Empire but nearer home there was a quieter conquest taking place Gradually the English were taking over the Alps scaling their peaks

driving railways through them and introducing both winter sports and those quintessential English institutions tea baths lawn tennis and churches to remote mountain villages Jim Ring tells the remarkable story of the English love affair with the Alps from its beginnings with the Romantic movement when poets such as Byron and Shelly wrote of the mountains with awed delight through the great days of the 1850s and 1860s and the formation of the Alpine Club to the inter war years when the English assured the future prosperity of the alpine resorts by virtually inventing and then popularizing downhill skiing Part history part biography How the English made the Alps brings the characters the artists the scientists the gentleman adventurers the invalids the aristocrats eccentrics and mountain scramblers vividly to life Jim Rings s book cannot be bettered Daily Mail Fascinating Stephen Venables Daily Telegraph Evocative and entertaining Financial Times A comprehensive well written account of a fascinating subject Guardian

Erskine Childers Jim Ring, 2011-03-17 Immortalized as the author of *The Riddle of the Sands* Erskine Childers led a life quite as enigmatic and adventurous as his classic novel Childers was orphaned at an early age Though he was brought up in County Wicklow he received an English education that culminated in a clerkship to the House of Commons voluntary service in the Boer War and the writing of his great novel Thus far he appeared patriotic imperialist and largely conformist But marriage to a strong willed Bostonian and an increasing interest in the affairs of Ireland led to his questioning the imperial Zeitgeist At first this took constitutional forms but such was Childers' frustration with progress towards any manner of Irish independence from British rule that on the eve of the First World War he instigated gun running to supporters of the Home Rule movement Nonetheless he still regarded it as his duty to serve England and during the war he distinguished himself as an observer in the early seaplanes and torpedo boats Traumatized however by the Easter Rising of 1916 he finished the war profoundly divided in his loyalties With the Irish question now critical Childers settled his fate by becoming the official propagandist for the Republican movement He opposed the treaty that established the Irish Free State regarding the compromise as anathema and joined the IRA Hunted by the Free State authorities he was eventually captured and executed in November 1922 Set against the backdrop of Britain's imperial zenith the great naval arms race and the First World War Jim Ring's acclaimed biography of Childers does full justice to this dramatic and intriguing story Jim Ring has written a fine and fluent biography of an extraordinary man navigating the angry waters of Irish politics with a sure hand but dodging none of the difficulties Independent on Sunday

Festival Cities John R. Gold, Margaret M. Gold, 2020-12-03 Festivals have always been part of city life but their relationship with their host cities has continually changed With the rise of industrialization they were largely considered peripheral to the course of urban affairs Now they have become central to new ways of thinking about the challenges of economic and social change as well as repositioning cities within competitive global networks In this timely and thought provoking book John and Margaret Gold provide a reflective and evidence based historical survey of the processes and actors involved charting the ways that regular festivals have now become embedded in urban life and city planning Beginning with David Garrick's rain drenched

Shakespearean Jubilee and ending with Sydney's flamboyant Mardi Gras celebrations it encompasses the emergence and consolidation of city festivals. After a contextual historical survey that stretches from Antiquity to the late nineteenth century there are detailed case studies of pioneering European arts festivals in their urban context: Venice's Biennale, the Salzburg Festival, the Cannes Film Festival and Edinburgh's International Festival. Ensuing chapters deal with the worldwide proliferation of arts festivals after 1950 and with the ever increasing diversification of carnival celebrations particularly through the actions of groups seeking to assert their identity. The conclusion draws together the book's key themes and sketches the future prospects for festival cities. Lavishly illustrated and copiously researched, this book is essential reading not just for urban geographers, social historians and planners but also for anyone interested in contemporary festival and events, tourism, urban events strategy, urban regeneration, regeneration or simply building a fuller understanding of the relationship between culture, planning and the city.

[The Rough Guide to France \(Travel Guide eBook\)](#) Rough Guides, 2016-03-01. Now in its fourteenth edition, *The Rough Guide to France* is brimming with carefully curated information and inspiration to help you squeeze every last drop out of your Gallic gallivanting. Whether it's making like a movie star in Cannes, following in Jeanne d'Arc's footsteps in medieval Rouen, cycling the Loire châteaux, brushing up on Impressionism or hitting Corsica's rugged GR20 hiking trail, Rough Guides' expert insights and gorgeous photos give you everything you need to embark on your Francophile dream. And with France being the world's gastronomic capital, we've got the lowdown on all the foodie fun, from Parisian neo bistros and Lyon bouchons to champagne quaffing in Reims and Puy de la Fère's hearty country cooking. Full colour maps throughout at regional and city level ensure you won't lose your way, however dazzled you are by France's riches. There are also suggested itineraries to help with planning, plus in-depth sections of illuminating historical context and cultural background. Make the most of your holiday with *The Rough Guide to France*.
