Road Rage:

Road Rage and Aggressive Driving Leon James, 2009-12-30 This authoritative book presents conclusions of recent studies on road rage summarizes legislative and police initiatives and redefines driver education for all drivers

How Claims Spread Joel Best, Best's anthology examines for the first time how diverse social issues road rage the metric system gun control and abortion are among those included migrate across national boundaries modifying themselves from place to place as a result of different claims claimsmakers and policy responses This unique collection assembled from new research by an international group of social problems scholars will fill a gap in undergraduate and graduate level studies in the constructionist analyses of social problems as well as in political science public policy and criminology Claims concerning one social problem often influence those about another claimsmakers borrow rhetoric and tactics from one another In some cases experienced claimsmakers join efforts to call attention to other social problems compelling images e.g. the threatened child or random violence link claims about different problems and reactions to one set of claims These case studies describe very different processes ranging from deliberate attempts to disseminate social problem claims to developments that were more inadvertent from successes in which social problem constructions spread to new countries to failures in which claims were sown but failed to take root They are intended to suggest that the diffusion of social problems is neither simple nor automatic Joel Best is professor and chair Department of Sociology and Criminal Justice University of Delaware He has served as an editorial advisor for *Aldine* that has produced fifty titles

Focus on Aggression Research James P. Morgan, 2004 Aggression may be defined as the act of initiating hostilities or invasion the practice or habit of launching attacks or the practice or habit of launching attacks Aggression is one of the most important and most controversial kinds of motivation Its use as a category in the psychology of motivation has often been criticised because it is clear that it encompasses a vast range of phenomena from modern war to squabbles between individuals There is an important familial component to aggression antisocial behaviour crime and violence Essentially all people are in some way affected by aggression whether they are targets of it engage in it themselves or are charged with observing and controlling it in others Thus aggression is of concern to victims perpetrators and those professionals charged with its treatment because of personal safety well being or obligation This new book examines the foundations and manifestations of aggression

The Diversity of Darkness and Shameful Behaviors Tim Delaney, 2022-05-06 The premise of *The Diversity of Darkness and Shameful Behaviors* is to emphasize the need for enlightened rational thinking as a paradigm of thought as the culture of shamelessness continues to grow and cast its repulsive dark shadow over those who embrace enlightened reason and basic human rights for all *Diversity of Darkness* is an innovative work and represents the third book of a trilogy written by the author that underscores the reality that there are many shamefully hateful and deadly behavioral threats that have jeopardized the very notions of civility decency and justice around the world This unique book utilizes evidence based approaches in the examination of human

behaviors in society that have become increasingly shameful and tolerated among a growing number of enablers Key features include a combination of academic analyses that draw on numerous and specific examples of the diversity of darkness that encompasses the world along with a balanced practical everyday life approach to the study of the socio political world we live in through the use of contemporary culture references and featured popular culture boxes Social scientists social thinkers and the general audience alike will be intrigued by the diversity of topics covered including anti civil rights movements the rise of supremacist groups hate crimes mass shootings and active shootings terrorism war and genocide an increase in shameful behaviors and attempts to shame others and attacks on science reason and rationality We should realize that humanity has the intellect to accomplish great feats but heed the growing culture of shamelessness irrationality and the diversity of darkness
