Complexity Theory for Social Work Practice Fiona McDermott, Kerry Brydon, Alex Haynes, Felicity Moon, 2023-11-14 This textbook provides a grounding in complexity theory demonstrating how it can influence and shape social work interventions in policy management and practice as well as forming an epistemological and methodological basis for research It provides a contemporary theoretical basis for social

work practice equipping social workers to work in a 21st Century world The authors argue that the history of social work demonstrates the profession's engagement with the social and structural problems of each era since its emergence 150 years ago However in the 21st Century such things as globalisation the COVID 19 pandemic and climate change have highlighted that existing theories and practice models are insufficient to the task of working with the complicatedness of contemporary life in a fast changing world Distilling the central tenets of Complexity Theory and the notion of complex adaptive systems in partnership with pragmatism the book provides practice perspectives and guidelines which build on social work's enduring commitment to understanding the person in context The recognition that social workers require conceptual and theoretical agility to work across micro meso and macro levels remains central but the argument is made that their focus and practice must primarily be at the meso level The authorship of combined academic and practice expertise enables such perspectives to be brought to life through the theoretical and practical analysis of conceptual and real world challenges The book consists of 13 chapters organized in three sections Part I Complex Practice in a Complex World Part II Thinking Complexity in Practice Part III Thinking Complexity in Public Policy Research and Education Complexity Theory for Social Work Practice encourages social workers to think complexity and act pragmatically It is intended for final year social work students academics and researchers working in a range of disciplines primarily in the social work field but also in the areas of sociology psychology and anthropology and practitioners in policy research management and practice settings

**Occupational Therapy for People Experiencing Illness, Injury or Impairment E-Book (previously entitled Occupational Therapy and Physical Dysfunction)** Michael Curtin, Mary Egan, Jo Adams, 2016-12-16 The sixth edition of this classic book remains a key text for occupational therapists supporting their practice in working with people with physical impairments stimulating reflection on the knowledge skills and attitudes which inform practice and encouraging the development of occupation focused practice Within this book the editors have addressed the call by leaders within the profession to ensure that an occupational perspective shapes the skills and strategies used within occupational therapy practice Rather than focusing on discrete diagnostic categories the book presents a range of strategies that with the use of professional reasoning can be transferred across practice settings The new editors have radically updated the book in response to the numerous internal and external influences on the profession illustrating how an occupational perspective underpins occupational therapy practice A global outlook is intrinsic to this edition of the book as demonstrated by the large number of contributors recruited from across the world Covers everything the student needs within the physical disorders part of their course Links theory of principles to practice and management Written and edited by a team of internationally experienced OT teachers clinicians and managers Gives key references and further reading lists for more detailed study Written within a framework of lifespan development in line with current teaching and practice Includes practice scenarios and case studies Focuses on strategies New title echoes the contemporary strength based and occupation focused nature of occupational therapy practice which involves working with people and not medical conditions and diagnoses Content and structure reviewed and shaped by an international panel

of students new graduates 22 additional chapters 100 expert international contributors Evolve Resources evolve elsevier com Curtin OT contains 3 bonus interactive practice stories with reflective videos 360 MCQs 200 reflective questions 250 downloadable images Critical discussion of the ICF in the context of promoting occupation and participation Pedagogical features summaries key points and multiple choice and short answer reflective questions *Social Work in Aotearoa New Zealand* Michael Dale, Kathryn Hay, Lareen Cooper, 2022-09-05 All social work students face decisions about where they will undertake the minimum 120 days of field placement required during their study as well as which field of practice to work in upon graduation This helpful book introduces students to five fields of practice in Aotearoa New Zealand Students can watch in depth interviews with practitioners about their field of practice read text and view photographs and graphics relating to each domain Based on the current policy and legislative climate in which social workers operate it gives inspirational up to date and unique insights into social work environments including working with youth youth justice women s health community faith based work and adult mental health Together the book and the accompanying videos allow students to get a real feel for life as a social work graduate **Social Work and the Third Way** Bill Jordan, 2000-10-23 This lively book critiques New Labour assumptions and implementation of policies related to citizenship communities and welfare reform and the implications of current developments for social work Focusing explicitly on the UK the book nevertheless draws on examples and comparisons from other countries including notably Australia and the US but also countries in the EU and Central and Eastern Europe and some of the concerns and arguments will be appreciated by readers elsewhere International Social Work This book is a well written contribution to both the British Third Way debate and the welfare state literature The book will appeal to upper level undergraduates as well as scholars of British politics and the welfare state Political Studies Jordan begins by establishing New Labour s suspicion of local government framing its policy on welfare Fundamentally there exists a need for social workers to educate themselves as to the nature of this social experiment which New Labour has embarked upon It challenges social workers to be aware This is an interesting and at times challenging book reiterating the history and roots of current ideology within government The work is grounded in a contemporary context of social services and social work practice challenging the withdrawal of social work behind a barrier of managerialism budget control form filling into office based assessment and rationing Finally it offers a satisfying critique to the dominant hegemonic of evidence based practice arguing for research at the level of means rather than the technical Jordan similarly argues in his conclusion that all of the government white papers guidelines etc indicate a lack of clarity of purpose and method social work should retain its belief in a human and creative activity which engages with people s emotions as well as their rights and obligations British Journal of Social Work The New Labour government in the UK is committed to a programme of reform of the welfare state that will pull away safety nets and replace them by trampolines to bounce citizens back into active participation Its regime of tough love will make more demands on those claiming benefits and services as well as clamping down on

dependence fraud and crime This will be done by changing the culture of welfare agencies towards promoting achievement and independence as well as meeting genuine need In Social Work and the Third Way Bill Jordan provides an accessible and lively analysis of the tensions between toughness and love in the Third Way's political philosophy and the problems of implementing New Labour's programme He looks at the government's reliance on face to face methods for activating citizens and changing their behaviour in many of its initiatives On the one hand New Labour places a surprising amount of faith in the ability of counsellors and advisers to bring about the changes it requires yet it is highly suspicious of the public sector in general and local authorities in particular as part of the forces of conservatism in the UK Hence it spawns new agencies and projects often with a strong enforcement ethos and regulates the whole implementation process through strict top down surveillance In all this professional social work and local authority social services are relegated to a tightly circumscribed role in social care The author argues for a new more generous and expansive approach to practice which can do justice to the challenges of change under New Labour's regime and in doing so Social Work and the Third Way provides an important and topical contribution to the debate on the future of the Welfare State and will be essential reading for students and researchers in social work social policy and politics Multicultural and International Approaches in Social Work Practice

Kui-Hee Song, 2016-09-26 Building upon the author's integrative and interactive ideas about human services fields this book presents an intercultural perspective of social work education practice and research with culturally linguistically relationally underprivileged minority groups in the local and global communities to show how the synthesis of theories from postmodern social constructionism multiculturalism and international organization empowerment can be applied when working with Asian immigrant families This book also demonstrates how a mutual development model of intercultural organizational institutional collaborative partnership can be relevant when providing an International Experience for Human Services Abroad Course Author Kui Hee Song uses in depth case studies in the culturally linguistic and diverse context of human services fields and in the cross nationally interactive context of host country human services organizations and home university academic administrations Kui Hee Song examines the clinical change process of a Korean immigrant family that is working with Child Protective Services seeking to resolve physical child abuse problems and generate new meanings in parent child relationships through therapeutic conversational dialogue As the new to this edition a case of Ming's story is especially the cultural differences between the Chinese immigrant client family and American medical setting where practitioner's personal beliefs were challenged Kui Hee Song critically examines specific steps to take in establishing intercultural service learning field placements for an experiential learning education abroad course Song explores the significant leadership roles and responsibilities of host country human services organizations and home university administrators involved with making a new international human services experience abroad program planning implementation and evaluation Specially Song provides a profound understanding of the empowerment process of a Korean

family a conversational partnership in dialogue that invites the clients to speak their loud hitherto unheard voices and enhance a personal perception of competency for action and hope Song also gives a thoughtful comprehension of a mutual empowerment process of cross national collaborative partners differential responsibilities but mutually shared power vision and goals in working relationship that allows for each collaborator to stand together in unity of transactional and transformational leadership behaviors and strengthens the sustainability of the effective international human services experience abroad program
