Road To Kosovo A Balkan Diary:

The Road to Kosovo Greg Campbell, 2000 A first hand account of the events and aftermath of the civil war in the former republics of Yugoslavia *The Road to Independence for Kosovo* Henry H. Perritt, 2010 This book tells the story of Kosovo's independence from earlier periods of bloodshed to its final status as a state in 2008 *Kosovo, A Documentary History* Robert Elsie, Bejtullah D. Destani, 2018-01-30 The question of Kosovan sovereignty and independence has a history which stretches far back beyond the outbreak of war in 1998 This volume is a compilation of key documents on Kosovo from the first half of the twentieth century These texts including numerous diplomatic despatches from the British Foreign Office deal initially with the Albanian uprising against Ottoman rule in the spring of 1912 and in particular with the period of the Serbian invasion of Kosovo in late 1912 and the repercussions of the conquest for the Albanian population The documents from 1918 to the early 1920s focus mainly on endeavours by Albanian leaders including those of the so called Kosovo Committee in exile to bring the plight of their people to the attention of the outside world endeavours which largely failed Further documents reflect the situation in Kosovo up to the outbreak of World War II This collection provides new perspectives on the Kosovo question and includes many documents which have been largely unavailable up to now It sheds new light on many of the major and minor episodes that channelled and determined subsequent events including the Kosovo War of 1998 1999 and the declaration of independence in February 2008 *Publishing in Yugoslavia's Successor States* Michael Biggins, Janet Crayne, 2000 From the Editor's Foreword Without any doubt the 1990s will long be remembered as the decade of Yugoslavia's prolonged disintegration A virtual blueprint of the conflict is accessible to anyone in a position to track the independent print media that were then emerging in Yugoslavia's various republics Publishing in Yugoslavia's Successor States presents the results of extensive tracking and research in that area You'll learn how weekly independent news magazines such as Mladina in Slovenia Danas in Croatia and later Vreme in Serbia courageously documented the centrifugal political forces at work in Yugoslavia at the time Independent daily newspapers often located in provincial cities away from the centers of political control pursued similar policies adhering to high standards of objective political coverage The periodical press also weighed in over time with more reflective assessments of the area's evolving political crisis and recommendations for managing it Finally as Yugoslavia's old communist paradigm of information management gradually lost control the market gave rise to numerous tabloid weeklies and dailies that banked on nationalism and fear serving as handmaidens to media savvy demagogues and helping to rekindle past rivalries Publishing in Yugoslavia's Successor States will take you on a turbulent tour of this vital industry struggling to survive and thrive in a war torn land **Going Places** Robert Burgin, 2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives

Going Places A Reader's Guide to Travel Narratives meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them It will also serve to help users better understand the genre and their own reading interests The book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read-alikes and related reads by shared key topics The author has also identified award-winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing *Nordic, Central, and Southeastern Europe 2024-2025* Bojka Djukanovic, 2024-07-08 The World Today Series Nordic Central and Southeastern Europe is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is organized by individual chapters for each country and presents a complete and authoritative overview of each region's geography people history political system constitution parliament parties political leaders and elections The combination of factual accuracy and up-to-date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 23rd edition the content is thorough yet perfect for a one-semester introductory course or general library reference Available in both print and e-book formats and priced low to fit student and library budgets *Ethnic Bargaining* Erin K. Jenne, 2014-05-29 In *Ethnic Bargaining* Erin K. Jenne introduces a theory of minority politics that blends comparative analysis and field research in the postcommunist countries of East Central Europe with insights from rational choice Jenne finds that claims by ethnic minorities have become more frequent since 1945 even though nation states have been on the whole more responsive to groups than in earlier periods Minorities that perceive an increase in their bargaining power will tend to radicalize their demands she argues from affirmative action to regional autonomy to secession in an effort to attract ever greater concessions from the central government The language of self-determination and minority rights originally adopted by the Great Powers to redraw boundaries after World War I was later used to facilitate the process of decolonization Jenne believes that in the 1960s various ethnic minorities began to use the same discourse to pressure national governments into transfer payments and power-sharing arrangements Violence against minorities was actually in some cases fueled by this politicization of ethnic difference Jenne uses a rationalist theory of bargaining to examine the dynamics of ethnic cleavage in the cases of the Sudeten Germans in interwar Czechoslovakia Slovaks and Moravians in postcommunist Czechoslovakia the Hungarians in Romania Slovakia and Vojvodina and the Albanians in Kosovo Throughout *Ethnic Bargaining* she challenges the conventional wisdom that partisan intervention is an effective mechanism for protecting minorities and preventing or resolving internal conflict **Stealth Fighter** William B. O'Connor, 2012-04-15 An engaging look into the culture of those who fly high-tech fighters and bombers and one pilot's personal account of his career in the cockpit The F-117 Stealth Nighthawk was a truly

groundbreaking aircraft when introduced in the early 1980s The strange shape of the jet all flat panels and angles rendered the aircraft nearly invisible to radar This highly classified program wasn't acknowledged publicly by the U S Air Force until 1988 The Nighthawk was retired in 2008 after twenty five years of service including bombing missions over Panama Iraq during both Gulf Wars and Yugoslavia during the Kosovo war Brad O Connor flew the Nighthawk during the NATO bombing campaign over Kosovo in 1999 His first person experience puts the reader in the cockpit of this revolutionary combat aircraft From his F 117 assignment through training deployment mission planning and combat flights O Connor relates the day to day life of a pilot in the world's first stealth fighter **Governments, Citizens, and Genocide** Alex Alvarez, 2001-02-22

Governments Citizens and Genocide A Comparative and Interdisciplinary Approach Alex Alvarez A comprehensive analysis demonstrating how whole societies come to support the practice of genocide Alex Alvarez has produced an exceptionally comprehensive and useful analysis of modern genocide It is perhaps the most important interdisciplinary account to appear since Zygmunt Bauman's classic work *Modernity and the Holocaust* Stephen Feinstein Director Center for Holocaust and Genocide Studies Alex Alvarez has written a first rate propaedeutic on the running sore of genocide The singular merit of the work is its capacity to integrate a diverse literature in a fair minded way and to take account of genocides in the post Holocaust environment ranging from Cambodia to Serbia The work reveals patterns of authoritarian continuities of repression and rule across cultures that merit serious and widespread public concern Irving Louis Horowitz Rutgers University More people have been killed in 20th century genocides than in all wars and revolutions in the same period Recent events in countries such as Rwanda and the former Yugoslavia have drawn attention to the fact that genocide is a pressing contemporary problem one that has involved the United States in varying negotiating and peace keeping roles Genocide is increasingly recognized as a threat to national and international security as well as a source of tremendous human suffering and social devastation *Governments Citizens and Genocide* views the crime of genocide through the lens of social science It discusses the problem of defining genocide and then examines it from the levels of the state the organization and the individual Alex Alvarez offers both a skillful synthesis of the existing literature on genocide and important new insights developed from the study of criminal behavior He shows that governmental policies and institutions in genocidal states are designed to suppress the moral inhibitions of ordinary individuals By linking different levels of analysis and comparing a variety of cases the study provides a much more complex understanding of genocide than have prior studies Based on lessons drawn from his analysis Alvarez offers an important discussion of the ways in which genocide might be anticipated and prevented Alex Alvarez is Associate Professor in the Department of Criminal Justice at Northern Arizona University His primary research interests are minorities crime and criminal justice as well as collective and interpersonal violence He is author of articles in *Journal of Criminal Justice* *Social Science History* and *Sociological Imagination* and is currently writing a book on patterns of American murder April 2001 240 pages 6 1/8 x 9 1/4 bibl index cloth 0 253 33849 2

29 95 s 22 95 Contents The Age of Genocide A Crime By Any Other Name Deadly Regimes Lethal Cogs Accommodating Genocide Confronting Genocide **Hybrid and Internationalised Criminal Tribunals** Sarah Williams, 2012-04-02 In recent years a number of criminal tribunals have been established to investigate prosecute and try individuals accused of serious violations of international humanitarian law and international human rights law These tribunals have been described as hybrid or internationalised tribunals as their structure and applicable law consist of both international and national elements Six such tribunals are currently in operation the Special Court for Sierra Leone the Extraordinary Chambers in the Courts of Cambodia the International Judges and Prosecutors Programme in Kosovo the War Crimes Chamber for Bosnia and Herzegovina the Iraqi High Tribunal and the Special Tribunal for Lebanon The Special Panels for Serious Crimes in East Timor suspended operation in May 2005 although there continues to be some international involvement in investigation and prosecution of serious crimes Suggestions have also been made that this model of tribunal would be appropriate for the prosecution of atrocities committed in among others Burundi the Sudan the Democratic Republic of Congo Kenya and Liberia as well as for a wider range of international crimes most recently piracy The key aims of this book are to place the model of hybrid and internationalised tribunals in the context of other mechanisms to try international crimes to examine the increasing demand for the establishment of hybrid and internationalised judicial institutions and the factors driving such demand to define the category of hybrid and internationalised tribunals by examining the key features of the existing and proposed hybrid or internationalised tribunals as well as the features of those institutions with international elements that are generally excluded from this category to determine the legal and jurisdictional bases of existing hybrid and internationalised tribunals to analyse how the legal and jurisdictional basis of a tribunal affects other issues such as the applicable law the application of amnesties and immunities and the relationship of the tribunal with the host state third states national courts and other international criminal tribunals The book concentrates on the definitional legal and jurisdictional aspects of hybrid and internationalised criminal tribunals as this has been the subject of some confusion in arguments before the tribunals and in the judgments of the tribunals In its concluding section the book examines the future role of internationalised and hybrid criminal tribunals particularly in light of the establishment of the ICC and the potential use of such tribunals in other contexts It also assesses how hybrid and internationalised tribunals fit into a multi layered framework of international criminal law and transitional justice **Just War or Just Peace?** Simon Chesterman, 2001-01-25 The question of the legality of humanitarian intervention is at first blush a simple one The Charter of the United Nations clearly prohibits the use of force with the only exceptions being self defence and enforcement actions authorized by the Security Council There are however long standing arguments that a right of unilateral intervention pre existed the Charter This book which won the ASIL Certificate of Merit in 2002 begins with an examination of the genealogy of that right and arguments that it might have survived the passage of the Charter either through a loophole in Article 2 4 or as part of

customary international law It has also been argued that certain illegitimate regimes lose the attributes of sovereignty and thereby the protection given by the prohibition of the use of force None of these arguments is found to have merit either in principle or in the practice of states A common justification for a right of unilateral humanitarian intervention concerns the failure of the collective security mechanism created after the Second World War Chapters 4 and 5 therefore examine Security Council activism in the 1990s notable for the plasticity of the circumstances in which the Council was prepared to assert its primary responsibility for international peace and security and the contingency of its actions on the willingness of states to carry them out This reduction of the Council s role from substantive to formal partly explains the recourse to unilateralism in that decade most spectacularly in relation to the situation in Kosovo Crucially the book argues that such unilateral enforcement is not a substitute for but the opposite of collective action Though often presented as the only alternative to inaction incorporating a right of intervention would lead to more such interventions being undertaken in bad faith it would be incoherent as a principle and it would be inimical to the emergence of an international rule of law

Serbia in the Shadow of Milosevic Janine N. Clark, 2008-09-30 Since the regime of Slobodan Milosevic was spectacularly overthrown on 5 October 2000 little has been written about subsequent political developments in Serbia The perception of Milosevic as a criminal leader who plunged the former Yugoslavia into bloodshed and used violence to achieve his aims is not widely disputed among Western observers However to what extent is this view of Milosevic shared by people in Serbia Here Janine Clark offers insights into and an understanding of this troubled country She argues that many Serbs do not regard Milosevic as a criminal leader but rather as a bad leader whose greatest crimes were against his own people This has important implications for how Serbia deals with its past and for reconciliation and peace building in the former Yugoslavia Historical Dictionary of Kosova Robert Elsie, 2004 Kosova or Kosovo is a dependent region of Serbia part of the former country of Yugoslavia It was part of the province of Dalmatia in the Austro Hungarian Empire before 1919

The Sixteen-Trillion-Dollar Mistake Bruce S. Jansson, 2002-09-04 Choices about budget priorities are arguably the most important made by the federal government profoundly affecting the well being of citizens Bruce Jansson documents how presidents from FDR to Clinton have made ill advised choices that wasted trillions of dollars Going beyond charges of corruption or bureaucratic waste the book is an eye opening expos revealing innumerable useless projects military as well as civilian unnecessary tax concessions and the use of interest payments to cover deficit spending among other costly mistakes Using Office of Management and Budget projections through 2004 Jansson shows how the madness continues and how an informed electorate can put an end to it **Parameters** , 1999 **Towards New Global Strategies** Erik André Andersen, Birgit Lindsnaes, 2007 Preface Introduction Erik Andr Andersen and Birgit Lindsn s 1 Global public goods concepts and definitions The state and the citizen Natural law as a public good Peter Wivel Public goods Concept definition and method Erik Andr Andersen and Birgit Lindsn s On human rights Lone Lindholt and Birgit Lindsn s The global and the

regional outlook How can global public goods be advanced from a human rights perspective Birgit Lindsen 2 Peace and security Peace as a global public good Bjørn Møller International institutions for preserving peace and security Erik Andr Andersen The law of war Rikke Ishøj The case of Bosnia and Herzegovina Erik Andr Andersen 3 State and citizen Is good governance a global public good Hans Otto Sano Legal protection and the rule of law as a global public good Hans Henrik Brydensholt and Kristine Yigen Curbing corruption A global public good The potential of international cooperation Kristine Yigen Access to global public goods for socially and economically vulnerable groups Rie Odgaard and Kristine Yigen 4 Access to information The right to know Anders Jerichow Internet access as a global public good Henrik Lindholt and Rikke Frank Jørgensen Research global public goods and welfare Peder Andersen Education as a global public good Diego Bang 5 Examples of implementation Health is global and a moving target Poul Birch Eriksen Ellen Bangsbo Jens Kvorning Lene Lange Esben Sønderstrup Uffe Torm and Ib Bygbjerg Fresh water as a human right and a global public good Jannik Boesen and Poul Erik Lauridsen The international trade system Christian Friis Bach The global responsibility of private companies Henrik Brade Johansen Helle Bank Jørgensen and Jens Kvorning 6 Conclusion Problems and potentials in the application of global public goods Erik Andr Andersen Peder Andersen and Birgit Lindsen s Appendices Index

Kosovo Liberation Army Henry H. Perritt, 2010-10-01 The military intervention by NATO in Kosovo was portrayed in American media as a necessary step to prevent the Serbian armed forces from repeating the ethnic cleansing that had so deeply damaged the former Yugoslavia Serbia trained its military on Kosovo because of an ongoing armed struggle by ethnic Albanians to wrest independence from Serbia Warfare in the Balkans seemed to threaten the stability of Europe as well as the peace and security of Kosovars and yet armed resistance seemed to offer the only possibility of future stability Leading the struggle against Serbia was the Kosovo Liberation Army also known as the KLA Kosovo Liberation Army The Inside Story of an Insurgency provides a historical background for the KLA and describes its activities up to and including the NATO intervention Henry H Perritt Jr offers firsthand insight into the motives and organization of a popular insurgency detailing the strategies of recruitment training and financing that made the KLA one of the most successful insurgencies of the post cold war era This volume also tells the personal stories of young people who took up guns in response to repeated humiliation by foreign occupiers as they perceived the Serb police and intelligence personnel Perritt illuminates the factors that led to the KLA s success including its convergence with political developments in eastern Europe its campaign for popular support both at home and abroad and its

participation in international negotiations and a peace settlement that helped pave the long road from war to peace

American Dreams, Global Visions Donald F. Hones, 2014-04-04 This book presents the struggle for dialogue and understanding between teachers and refugee and immigrant families in their own words Forging a stronger connection between teachers newcomers and their families is one of the greatest challenges facing schools in the United States Teachers need to become familiar with the political economic and sociocultural contexts of these newcomers lives and the role of the U S in influencing these contexts in positive and negative ways The important contribution of American Dreams Global Visions is to bring together global issues of international politics and economics and their effects on migration and refugee situations national issues of language and social policy and local issues of education and finding ways to live together in an increasingly diverse society Narratives of four immigrant families in the United States Hmong Mexican Assyrian Kurdish Kosovar and the teacher researchers who are coming to know them form the heart of this work The narratives are interwoven with data from the research and critical analysis of how the narratives reflect and embody local national and global contexts of power The themes that are developed set the stage for critical dialogues about culture language history and power Central to the book is a rationale and methodology for teachers to conduct dialogic research with refugees and immigrants research encompassing methods as once ethnographic participatory and narrative which seeks to engage researchers and participants in dialogues that shed light on economic political social and cultural relationships to represent these relationships in texts and to extend these dialogues to promote broader understanding and social justice in schools and communities American Dreams Global Visions will interest teachers social workers and others who work with immigrants and refugees researchers professionals and students across the fields of education language and culture ethnic studies American studies and anthropology and members of the general public interested in learning more about America s most recent newcomers It is particularly appropriate for courses in foundations of education multicultural education comparative education language and culture and qualitative research

Civilian Protection in Armed Conflicts Robert Schütte, 2014-10-29 The study analyzes three themes first the evolution of the concept of civilians in the course of human history and secondly the situation and victimization of civilians in armed conflict since 1990 and third how the international community since the end of the Cold War to protect civilians has monitored by the mandating robust UN peacekeeping missions The United Nations Mission in the Congo functions as a case study

This is likewise one of the factors by obtaining the soft documents of this **Road To Kosovo A Balkan Diary** by online. You might not require more become old to spend to go to the books introduction as with ease as search for them. In some cases, you likewise reach not discover the revelation Road To Kosovo A Balkan Diary that you are looking for. It will agreed squander the time.

However below, taking into consideration you visit this web page, it will be thus enormously simple to get as well as download guide Road To Kosovo A Balkan Diary

It will not say yes many mature as we run by before. You can accomplish it while feign something else at house and even in your workplace. for that reason easy! So, are you question?
