*Assignment Moscow* James Rodgers,2020-06-25 The story of western correspondents in Russia is the story of Russia s attitude to the west Russia has at different times been alternately open to western ideas and contacts cautious and distant or for much of the twentieth century all but closed off From the revolutionary period of the First World War onwards correspondents in Russia have striven to tell the story of a country known to few outsiders Their stories have not always been well received by political elites audiences and even editors in their own countries but their accounts have been a huge influence on how the West understands Russia Not always perfect at times downright misleading they have overall been immensely valuable In *Assignment Moscow* former foreign correspondent James Rodgers analyses the news coverage of Russia throughout history from the coverage of the siege of the Winter Palace and a plot to kill Stalin to the Chernobyl explosion and the Salisbury poison scandal      **Night Fighter Navigator** Dennis Gosling,2010-02-28 A British Royal Air Force navigator shares his experiences during World War II in this compelling memoir Yorkshireman Dennis Gosling joined the RAF on 24 May 1940 Having completed his training he was posted to 219 Squadron flying the night fighter version of the

Beaufighter from Tangmere in 1941 As a navigator he became part of a two man team that would endure throughout his first operational tour In those infant days of radar interception he honed his skills in the night skies above southern England and the English Channel but without a firm kill On 12 February 1942 he and his pilot were instructed to pick up a brand new aircraft and deliver it to North Africa flying via Gibraltar a hazardous flight at extreme range In March the crew were posted to 1435 Flight of 89 Squadron with the task of defending the besieged island of Malta The flight s four Beaufighters flew into incessant bombing raids by the Luftwaffe and Italian Air Force Because of these raids the damage to aircraft on the ground was devastating and the flight was often reduced to a single serviceable aircraft Gosling s first success came in April 1942 with a confirmed kill and then shortly after his twenty first birthday on 13 May a triumphant night on the seventeenth brought three certain kills and one damaged enemy aircraft After being the squadron s virgins they shot into the record books Gosling s pilot being awarded the DFC Flight Sergeant Gosling however received no award At this stage he became somewhat embittered by the class system he felt was operated by the RAF Having endured the torment of constant bombardment serious stomach complaints even flying with a bucket in the aircraft and near starvation he completed his tour and was repatriated to the UK via Brazil and Canada in the Queen Mary After a spell instructing new night navigators he joined 604 Squadron and in December 1943 he was promoted to Warrant Officer February 1944 saw the squadron reequipped with the Mosquito and assignment to 2 Tactical Air Force in preparation for D Day Now once again he was flying initially over southern England and the Channel The squadron became mobile after the landings and were based in various captured airfields in France but the conditions were so inadequate for operations that the squadron returned to English bases from where they operated over and beyond the advancing Allied troops Eventually after having been awarded a much deserved DFC he accepted the King s Commission This autobiography is written as stated by the author I want my readers to relive my experiences as they happened to me to take their hands and have them walk beside me I want them to feel the joy and the pain share the laughs and the heartache take pleasure in the triumphs agonise with me when things went wrong and understand why my Service years influenced so much of my life He has succeeded magnificently A Bomb in a Basket Peter Congdon,2005 **And it Came to Pass** Stanley Gibbons,2017-11-07 The story starts in April 1937 when Stanley entered the Prep Dept of the old established grammar school King Edward 6th School The clouds of war were gathering in 1937 as the community was recovering from the Great Depression of the early 1930s The war clouds broke as he entered the Main School in September 1939 When the war ended Stanley was starting his second year in the Sixth Form In writing his story of these years Stanley has tried to portray events and experiences so that his children grandchildren and great grandchildren may have a glimpse of the life that many lived in those traumatic years The story is framed by School Terms The development and progress of the War itemized in summary was the ever present and dominant factor in everyones lives Using Space: Critical Geographies of Drugs and Alcohol Christopher M. Moreno,Robert Wilton,2014-03-05 The

consumption of drugs and alcohol and the pleasures and problems arising from this consumption can be understood as embedded and constitutive elements of social family and recreational life At the same time they are key sites of intervention for a broad array of state and non state actors focused on regulation treatment and recovery This edited volume showcases current research on the complex social and cultural geographies of drugs and alcohol Taking an avowedly critical approach the authors draw from a variety of theoretical traditions to explore the socially and spatially embedded nature of alcohol and drug consumption regulation and treatment and the ways in which these give rise to particular lived experiences while foreclosing on others Together the chapters question taken for granted assumptions about the nature of and motivations for drug and alcohol use and pay direct attention to both the intended and unintended consequences of regulation and treatment initiatives Despite and in part because of this critical stance chapters hold immediate implications for drug and alcohol policy and public health interventions This book was originally published as a special issue of Social and Cultural Geography
