Simon Kemp,2017-07-05 Crime fiction is a popular target for literary pastiche in France From the nouveau roman and the Oulipo group to the current avant garde writers have seized on the genre to exploit it for their own ends toying with its traditional plots and characters and exploring its preoccupations with perception reason and truth In the first full length study of the phenomenon Simon Kemp s investigation centres on four major writers of the twentieth century Alain Robbe Grillet b 1922 Michel Butor b 1926 Georges Perec 193682 and Jean Echenoz b 1947 Out of their varied encounters with the genre from deconstruction of the classic detective story to homage to the roman noir Kemp elucidates the complex relationship between the pasticheur and his target which demands an entirely new assessment of pastiche as a literary form

The 1950s in European History, Politics, Society and Culture** Heiko Feldner, Claire Gorrara, Kevin Passmore, 2010-10-12 This volume of essays explores the social political and cultural legacies of a decade which has until relatively recently received scant scholarly attention Sandwiched uncomfortably between the traumatic events of the Second World War and the dramatic changes of the 1960s the 1950s appeared as seemingly transitional years while they were in fact an astonishingly fecund period of reassessment and experimentation when traditional models were re-evaluated and new models were road tested to be either developed or rejected An important intervention in the dynamic scholarly re-examination of the 1950s this volume analyzes these years in relation to three broadly defined areas historiography politics and society and culture What emerges from all three parts of the volume is a vision of the 1950s as a decade which was to have a profound impact on post war European identities in two key respects as a time of accelerated European intellectual exchange and as a time of fertile receptivity to the new variously formulated and contested across and within national borders Written by experts in the field the contributions to this volume represent some of the most exciting work on the 1950s currently being undertaken in Europe and the US They combine high intellectual standards with accessibility and will appeal to academics students and the general reader alike *The Cultural Politics of*

Historical Dictionary of French Literature John Flower,2013-01-17

Almost all of us know French literature even if we don't know French because it is probably the second largest and certainly the most translated into English. And even if we don't read we would have seen film and television versions think *Count of Monte Cristo* and even a musical rendition *Les Mis*. So this is a particularly interesting volume in the literature series since it covers French literature from the earliest times to the present. It is also a particularly rich literature espousing every genre from poetry to novel to biography to drama and adopting every style including realism and surrealism and expressing the views of all classes and political stands with recently strong feminist and gay strains. Obviously the core dictionary section includes among its panoply of often substantial and detailed entries hundreds of authors dozens of significant works the various styles mentioned above and many others events that have impacted literature such as the Dreyfus Affair and the Algerian War and literary prizes. The chronology manages to cover about 1200 years of literary output. And the introduction sets it all out neatly from one historical and literary period to the next. The bibliography broken down by period and author directs us to further reading in both French and English. Robert Rauschenberg and Surrealism Gavin

Parkinson,2023-03-23 The art of Robert Rauschenberg 1925-2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards. However Rauschenberg had a very positive reception among Surrealists particularly across the period 1959-69. In the face of Rauschenberg's avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist's oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg's key works on that basis. By viewing Rauschenberg's art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954-62 *Robert Rauschenberg and Surrealism* shows how poetic inference of the artist's work was turned towards political interpretation. By analysing Rauschenberg's art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history. **Reference Guide to World Literature** Lesley Henderson, Sarah M. Hall,1995

Overviews of writers and works from the ancient Greeks through the 20th century written by subject experts. Each author entry provides a detailed overview of the writer's life and works. Work entries cover a particular piece of world literature in detail. **The Centrality of Sociality** Jeffrey A. Halley, Harry F. Dahms,2022-12-12 What do we mean by the word social? In *The Centrality of Sociality* scholars respond to themes of *The Concept of the Social in Uniting the Social Sciences and Humanities in dialogue with* Michael E. Brown.
