**Robert Frost**

## **Robert Frost A Life:**

**Robert Frost** Jay Parini,2000-03-15 A biography of Robert Frost one of America s most famous poets      **The Life of Robert Frost** Henry Hart,2017-03-08 The Life of Robert Frost presents a unique and rich approach to the poet that includes original genealogical research concerning Frost s ancestors and a demonstration of how mental illness plagued the Frost family and heavily influenced Frost s poetry A widely revealing biography of Frost that discusses his often perplexing journey from humble roots to poetic fame revealing new details of Frost s life Takes a unique approach by giving attention to Frost s genealogy and the family history of mental illness presenting a complete picture of Frost s complexity Discusses the traumatic effect on Frost of his father s early death and the impact on his poetry and outlook Presents original information on the influence of his mother s Swedenborgian mysticism      **Robert Frost** Sara McIntosh Wooten,2006 These biographies for teen readers describe the lives and achievements of well known significant Americans of the 20th and 21st centuries using color layouts informative sidebars and lots of supplementary data      **Robert Frost** Jeffrey Meyers,1996 Robert Frost is certainly the most widely read and most loved of American poets After his death in 1963 Frost s authorized biographer wrote a three volume work which deeply distorted the personality of the poet Meyers has returned to the sources and survivors to give readers a radically new interpretation of Frost s life Those who thought they knew Frost s life and work will be surprised by the impressive and sympathetic figure they meet in these pages of photos      **Robert Frost** Robert Frost,1997-11-01

**Critical Companion to Robert Frost** Deirdre J. Fagan,2007 Known for his favorite themes of New England and nature Robert Frost may well be the most famous American poet of the 20th century This is an encyclopedic guide to the life and works of this great American poet It combines critical analysis with information on Frost s life providing a one stop resource for students      **Robert Frost** Robert Frost,1965      **Robert Frost's Poetry of Rural Life** George Monteiro,2015-02-13 Wise old Vergil says in one of his Georgics Praise large farms stick to small ones Robert Frost said Twenty acres are just about enough Frost started out as a school teacher living the rural life of a would be farmer and later turned to farming full time when he bought a place of his own After a sojourn in England where his first two books were published to critical acclaim he returned to New England acquired a new farm and became a rustic for much of the rest of his life Frost claimed that all of his poetry was farm poetry His deep admiration for Virgil s Georgics or poems of rural life inspired the creation of his own New England georgics his answer to the haughty 20th century modernism that seemed certain to define the future of Western poetry Like the West Running Brook in his poem of the same name Frost s poetry can be seen as an embodiment of contrariness      **Robert Frost** Charles River Editors,2019-09-17 Includes pictures Includes a bibliography for further reading I d like to get away from earth awhileAnd then come back to it and begin over May no fate willfully misunderstand meAnd half grant what I wish and snatch me awayNot to return Earth s the right place for love I don t know where it s likely to go better I d like to go by climbing a birch tree And climb black branches up a snow white trunkToward heaven till the tree

could bear no more But dipped its top and set me down again That would be good both going and coming back One could do worse than be a swinger of birches Robert Frost Birches Of all the authors and poets American schoolchildren may be exposed to over the course of their education Robert Frost is often one of the first and on rare occasions that he is not it is still a near certainty that some of his most famous poems will be discussed at some point Many will have memorized Stopping by Woods on a Snowy Evening before finishing grade school or will instantly recall the end of The Road Not Taken Frost may not be as remembered or influential as other American literary giants or even poets such as Emily Dickinson and Walt Whitman but his career was historic in terms of its length and breadth of accomplishments Over the course of several decades Frost became the first to win four Pulitzer Prizes for Poetry and he also earned such recognitions as a Congressional Medal of Honor before being made the poet laureate of Vermont shortly before the end of his life The many works he put out and the various styles of prose all greatly influenced his contemporaries and future generations of writers even as he ably described a rural America of a seemingly bygone era and managed to instill universal ideas and teachings therein Poet Amy Lowell may have described his abilities best early on in Frost s career writing of him He tells you what he has seen exactly as he has seen it And in the word exactly lies the half of his talent The other half is a great and beautiful simplicity of phrase the inheritance of a race brought up on the English Bible Mr Frost s work is not in the least objective He is not writing of people whom he has met in summer vacations who strike him as interesting and whose life he thinks worthy of perpetuation Mr Frost writes as a man under the spell of a fixed idea He is as racial as his own puppets One of the great interests of the book is the uncompromising New Englander it reveals Art is rooted in the soil and only the very greatest men can be both cosmopolitan and great Mr Frost is as New England as Burns is Scotch Synge Irish or Mistral Proven al Robert Frost The Life and Legacy of the Famous 20th Century American Poet looks at his remarkable life and work Along with pictures depicting important people places and events you will learn about Robert Frost like never before **Love and Need** Adam

Plunkett,2025-02-18 Braiding together biography and criticism Adam Plunkett challenges our understanding of Robert Frost s life and poetic legacy in a pathbreaking new work By the middle of the twentieth century Robert Frost was the best loved poet in America He was our nation s bard simple and sincere accompanying us on wooded roads and articulating our hopes and fears After Frost s death these cliches gave way to equally broad though opposed portraits sketched by his biographers chief among them Lawrance Thompson When the critic Helen Vendler reviewed Thompson s biography she asked whether anyone could avoid the conclusion that Frost was a monster In Love and Need The Life of Robert Frost s Poetry Adam Plunkett blends biography and criticism to find the truth of Frost s life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost s enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and

Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost s most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost s poetry tracing Frost s distinctive achievement to an engagement with poetic tradition far deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America s poet Poetry for Kids: Robert Frost Robert Frost,2017-10-17 This stunning celebration of the best loved work by four time Pulitzer Prize winning poet Frost includes 35 poems specially chosen by author and historian Parini Illustrator Paraskevas brings the poems including Mending Wall and The Road Not Taken to life with his pitch perfect scenes Full color 8 x 9 *Robert Frost: Sixteen Poems to Learn by Heart* Robert Frost,Jay Parini,2024-03-05 Celebrate Robert Frost s 150th birthday with a deluxe keepsake edition featuring 16 of his greatest poems with brilliant essays highlighting his special genius and the power of memorization to unlock the magic of his language During a public reading Robert Frost was once asked why he so frequently recited his poems from memory With typical wit he replied If they won t stick to me I won t stick to them Remarkably among the modern poets his poems stick to the reader Mending Wall with its famous invocation of the rural maxim Good fences make good neighbors The Road Not Taken about the beguiling possibilities of life Birches which reminds us that One could do worse than be a swinger of birches Stopping by Woods on a Snowy Evening with its unforgettable final line And miles to go before I sleep Here poet and Frost biographer Jay Parini presents these and 12 other Frost poems to learn by heart In short accompanying commentaries Parini illuminates the stylistic and imaginative features of each of the poems drawing in biographical material from Frost s life to provide further context The goal of this little book is to encourage readers to slow down to listen to Frost s words and phrases to locate their deepest rhythms and hear the tune of each poem as it unfolds Memorizing a poem can teach us much about a poem s structure and argument and about the resonance of particular words And best of all memorization makes a poem part of our inner lives Once committed to memory a poem is available to us for recall at any time and the occasions for remembering it will make themselves known to us It isn t something we have to work at Anyone who has read and loved Frost s poetry will want to own and treasure this little gift edition Those reading Frost for the first time or those wishing to become better acquainted with one of America s greatest poets will not find a better more insightful guide than Jay Parini

**Robert Frost** Morris Dickstein,2010 This title presents in depth critical discussions of his life and works Widely celebrated during his lifetime as the greatest living American poet Robert Frost remains one of the few poets whose work is enjoyed by scholars and general readers alike A record four time winner of the Pulitzer Prize who gave readings across America and in countries as far flung as England Brazil and Russia Frost is nevertheless known not as a cosmopolitan but as a plainspoken portraitist of rural New England Yet despite this reputation Frost is much more than a regional poet his wit

irony and willingness to rest in ambiguity make him a poet of the cosmic and universal In the age of Ezra Pound and T S Eliot he stood alone in writing a poetry that was simultaneously accessible complex and profound Edited and with an introduction by Morris Dickstein Distinguished Professor of English at the Graduate Center of the City University of New York and senior fellow of the Center for the Humanities this volume in the Critical Insights series brings together a variety of critical perspectives on Frost s life and works For readers new to Frost four original essays provide valuable context for understanding and assessing his work Together they outline the work s historical and cultural contexts survey the major pieces of Frost criticism examine Frost s relationship with modernist poetics and consider how his use of paradox and contradiction participate in and differ from the use established by Whitman and Emerson Nine other previously published essays deepen readers understanding and offer a sampling of the key concerns of contemporary Frost critics Among these essays David Sanders draws on Frost s letters and interviews to understand how he developed his poetic voice from careful observation of his New England neighbors and how he sought to make these people visible within the growing mass culture of twentieth century America Roger Gilbert further examines Frost s poetics in his discussion of the recurrence of the trope of the walk in Frost s poetry concluding that for Frost the trope parallels the dynamic act of poetic composition Other essays examine Frost s politics with Frank Lentricchia considering how his poetry with its emphasis on replicating the rhythms of everyday speech rather than traditional conceptions of the literary gives evidence to the notion that poetics can be a register of social and political change and Tyler B Hoffman offering a unique reading of Frost s view of industrialism and the New Deal arguing that Frost was not the archconservative that leftist critics have made him out to be but rather took a highly nuanced view of the poet s obligations to politics Jeff Westover extends this vein of criticism by dissecting Frost s nationalism and Robert Bernard Hass discusses how Frost s interest in science especially astronomy impacted the religious beliefs his mother inculcated in him as a child Uniquely this volume also contains an original piece by Paris Review contributor Elizabeth Gumport who offers a writer s perspective on Frost s fierce independence Rounding out the collection is a brief biography and chronology of Frost s life and an extensive bibliography for readers wishing to study the poet s work in greater depth Each essay is 5 000 words in length and all essays conclude with a list of Works Cited along with endnotes

**The Letters of Robert Frost** Robert Frost, 2021-04-30 The third installment of Harvard s five volume edition of Robert Frost s correspondence The Letters of Robert Frost Volume 3 1929 1936 is the latest installment in Harvard s five volume edition of the poet s correspondence It presents 601 letters of which 425 are previously uncollected The critically acclaimed first volume a Times Literary Supplement Book of the Year included nearly 300 previously uncollected letters and the second volume 350 more During the period covered here Robert Frost was close to the height of his powers If Volume 2 covered the making of Frost as America s poet in Volume 3 he is definitively made These were also however years of personal tribulation The once tight Frost family broke up as marriage illness and work scattered the children across the country In the case of

Frost's son Carol both distance and proximity put strains on an already fractious relationship. But the tragedy and emotional crux of this volume is the death of Frost's youngest daughter Marjorie. Frost's correspondence from those dark days is a powerful testament to the difficulty of honoring the responsibilities of a poet's eminence while coping with the intensity of a parent's grief. Volume 3 also sees Frost responding to the crisis of the Great Depression, the onset of the New Deal, and the emergence of totalitarian regimes in Europe with wit, canny political intelligence, and no little acerbity. All the while his star continues to rise: he wins a Pulitzer for *Collected Poems* in 1931 and will win a second for *A Further Range* published in 1936, and he is in constant demand as a public speaker at colleges, writers workshops, symposia, and dinners. Frost was not just a poet but a poet teacher, as such he was instrumental in defining the public functions of poetry in the twentieth century. In the 1930s Frost lived a life of paradox as personal tragedy and the tumults of politics interwove with his unprecedented achievements. Thoroughly annotated and accompanied by a biographical glossary and detailed chronology, these letters illuminate a triumphant and difficult period in the life of a towering literary figure.

**Robert Frost in Context** Mark Richardson, 2014-04-14. This new critical volume offers a fresh, multifaceted assessment of Robert Frost's life and works. Nearly every aspect of the poet's career is treated: his interest in poetics and style; his role as a public figure; his deep fascination with science, psychology, and education; his peculiar and difficult relation to religion; his investments as thinker and writer in politics and war; the way he dealt with problems of mental illness that beset his sister and two of his children; and finally, the complex geopolitical contexts that inform some of his best poetry. Contributors include a number of influential scholars of Frost, but also such distinguished poets as Paul Muldoon, Dana Gioia, Mark Scott, and Jay Parini. Essays eschew jargon and employ highly readable prose, offering scholars, students, and general readers of Frost a broadly accessible reference and guide.

Robert Frost Susan Temple Kesselring, 2013-01-01. Who is the author behind your most beloved American classic? This title takes a look into Robert Frost's life, including significant events, influences, and most remembered works. Frost is best known for his stunningly realistic descriptions of rural life and for winning the Pulitzer Prize for poetry. Special features include sidebars, infographics, on-page definitions, online search sidebar, further evidence sidebar, and primary sources. This title also includes a timeline, glossary, Web links, index, and common core activities. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

**The Collected Prose of Robert Frost** Robert Frost, 2006. Robert Frost is one of the most widely read, well-loved, and misunderstood of modern writers. In his day, he was also an inveterate note taker, penning thousands of intense aphoristic thoughts, observations, and meditations in small pocket pads and school theme books throughout his life. These notebooks, transcribed and presented here in their entirety for the first time, offer unprecedented insight into Frost's complex and often highly contradictory thinking about poetics, politics, education, psychology, science, and religion; his attitude toward Marxism, the New Deal, World War, as well as Yeats, Pound, Santayana, and William James. Covering a period from the late 1890s to early

1960s the notebooks reveal the full range of the mind of one of America's greatest poets. Their depth and complexity convey the restless and probing quality of his thought and show how the unruliness of chaotic modernity was always just beneath his appearance of supreme poetic control. Edited and annotated by Robert Faggen, the notebooks are cross-referenced to mark thematic connections within these and Frost's other writings including his poetry, letters, and other prose. This is a major new addition to the canon of Robert Frost's writings.

**Robert Frost** Louis Mertins, 1965

**A Unique Perspective on the Life and Poetry of Robert Lee Frost** Paul F. Kisak, 2015-01-25

Lesley Lee Francis was attending The Shenandoah University in Winchester, Virginia, as a visiting scholar and scheduled a lecture at Lord Fairfax Community College in my home town of Middletown, Virginia. The purpose of the lecture was to promote her recently released book entitled *The Frost Family's Adventure*. After the lecture, I cajoled her into reminiscing about her relationship with and knowledge of her grandfather, Robert Lee Frost. This book is the result of that interview; the book also contains over 150 early poems of Robert Lee Frost.

**The Poetry of Robert Frost** Robert Frost, 1979
