*Digging in the Dark* Ben W. Johnson, 2017-05-30 Progress can be unstoppable at times and not even death can prevent the desire for knowledge A dark trade has long existed to provide fuel for the fires of research a trade which is viewed by many as the most despicable occupation of all The resurrection men of Yorkshire came from all walks of life and employed a myriad of macabre methods to raise their defenseless prey from beneath the consecrated ground This was a trade which offered great reward but was definitely not for the faint of heart Throughout this journey into the dark past of Yorkshire we

meet an infamous celebrity who made an unexpected reappearance a traveling minstrel who was to become the talk of many towns a child whose death was just the beginning of a tragic tale and a holy man who helped a community but earned his own illicit rewards in return Also to be raised from the dead are a number of explosive events all of which lit a fire beneath the local communities and led the people of Yorkshire to the streets in violent protest A medical school reduced to ashes a gang of professionals moonlighting in the darkest occupation and a scandal which would engulf a city many years after the threat of the body snatchers had been all but ended Spanning over almost three centuries this grim compendium of tales casts a shadow over the beauty of Yorkshire a dark veil which reaches out in all directions threatening the peace of the dearly departed across the length and breadth of the nations largest county
