Robert Louis Stevenson in the Pacific Roslyn Jolly,2016-12-05 Robert Louis Stevenson s departure from Europe in 1887 coincided with a vocational crisis prompted by his father s death Impatient with his established identity as a writer Stevenson was eager to explore different ways of writing at the same time that living in the Pacific stimulated a range of latent intellectual and political interests Roslyn Jolly examines the crucial period from 1887 to 1894 focusing on the self transformation wrought in Stevenson s Pacific travel writing and political texts Jolly shows how Stevenson s desire to understand unfamiliar Polynesian and Micronesian cultures and to record and intervene in the politics of Samoa gave him opportunities to use his legal education pursue his interest in historiography and experiment with anthropology and journalism Thus as his geographical and cultural horizons expanded Stevenson s professional sphere enlarged as well stretching the category of authorship in which his successes as a novelist had placed him Rather than enhancing his stature as a popular writer however Stevenson s experiments with new styles and genres and the Pacific subject matter of his later works were resisted by his readers Jolly s analysis of contemporary responses to Stevenson s writing gleaned from an extensive collection of reviews many of which are not readily available provides fascinating insights into the interests obsessions and resistances of Victorian readers As Stevenson sought to escape the vocational straightjacket that confined him his readers just as strenuously expressed their loyalty to outmoded images of Stevenson the author and their distrust of the new guises in which he presented himself

Robert Louis Stevenson David S. Robb,2015 The book consists of a series

of discussions of the prose fiction of Robert Louis Stevenson from his first book *New Arabian Nights* to the last short novel published in his lifetime *The Ebb Tide*. All his best known novels are covered as well as a selection of his lesser known works. The focus is on the works themselves rather than on Stevenson's admittedly fascinating life which is touched on only so as to provide a context for his writing. It is arranged by the dates when the works were written rather than when they were published so as to provide an outline sketch of his career as a writer. The emphasis is on the diversity and energy of Stevenson's creativity without seeking to overemphasize distinctions frequently applied to him in the past such as that between his stories for boys and books apparently written for adults.

In part 2 Approaches thirty essays address such topics as Stevenson's dialogue with James about literature his verse for children his Scottish heritage his wanderlust his work as gothic fiction as science fiction as detective fiction his critique of imperialism in the South Seas his usefulness in the creative writing classroom and how Stevenson encourages expansive thinking across texts times places and lives.

Scots in the North American West, 1790-1917 Ferenc Morton Szasz, 2000 Scots trappers dominated the fur trade often proving more loyal to clan than to trading company or nation. Relying on centuries of experience raising livestock for British markets Scottish investors and managers became highly visible in the post Civil War western cattle industry with thriving outfits such as the Swan Land and Cattle Company in Wyoming. They introduced new breeds to western ranching such as the Aberdeen Angus that remain popular today. Similarly Scots herders dominated the western sheep industry running herds of over 100 000 animals. Andrew Little's sheep ranch in Idaho was so famous that a letter addressed simply Andy Little USA found its intended recipient.
