Theology and California Fred Sanders, Jason S. Sexton, 2016-02-17 Exploring California as a theological place this book renders critical engagement with significant Californian religious and theological phenomena and the inherent theological impulses within major Californian cultural icons Harnessing conceptual tools inherent to theology through theological reflection assessment and critique the chapters in this volume begin to ascertain the significance of various empirical data and that no other qualitative methodological Californian study has done Many universities are picking up on California literature as a theme that highlights a place of hope wonder and cultural innovation but have neglected the significance of theological instincts flowing through the Californian dynamic Californians Fred Sanders and Jason Sexton assemble leading voices and specialists both from within and without California for engagement with California s influential culture including leading theologians and cultural critics such as Richard J Mouw Paul Louis Metzger and Fred Sanders alongside leading specialists in Film studies and cultural critique theological anthropology missiology sociology and history **An Inside Story of Modern Syria** Omar Imady, 2023-02-22 The Syrian Arab Republic has rarely been out of the headlines following the rise to power of Hafiz al Asad in 1970 and Bashar al Asad in 2000 and has been at the heart of the popular protests which have come to be known as the Arab Spring This is a political biography of the author s father Dr Muhammad Imady the longest serving minister of economy in modern Syria and holder of several senior government posts Dr Imady served at the center of government personally and professionally during Hafiz al Asad s presidency and was an intimate and objective observer of all aspects of Syria s turbulent history Omar Imady follows his father s story from his beginnings to the present day charting out the seemingly never ending civil conflict human suffering and international interventions that plague the country s past and present This is an inside story based on rare sources and experiences from both father and son It illustrates the original and unique contribution of Muhammad Imady as a Damascene Reformer a rare individual who pursued the seemingly impossible task of implementing positive change while serving a regime that demanded obedience and loyalty in response to actions often at odds with Muhammad Imady s own liberal democratic political ideas At its heart this book examines the timeless challenge of maintaining one s own integrity and principles in the face of a power system which seems bent on promoting the opposite The Evangelicals Robert Krapohl, Charles H. Lippy, 1999-04-30 The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries Since Evangelicalism is not confined to one religious denomination or group it has associations with a number of American religious movements such as Fundamentalism Pentecostalism the Charismatic Movement and Revivalism This study modeled after the popular Greenwood Denominations in America series analyzes the people institutions and the religious culture of modern American Evangelicals Divided into three sections the

book presents a history of American Evangelicalism discusses themes and issues in modern American Evangelicalism and provides a biographical dictionary of modern American Evangelical leaders The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book The three part organization makes this an accessible research tool clearly organized for easy cross referencing

The Glass Church Mark T. Mulder, Gerardo Martí, 2020-04-17 For most of his life the megachurch ministry of Robert H Schuller in Orange County California displayed an apparent strength that betrayed none of the fractures that lay below the success oriented surface Yet when tested and stressed in the late 2000s the ecclesial structure s accumulated fragility proved to be catastrophic Drawing on extensive data gathered from archives interviews and ethnographic observation *The Glass Church* examines the spectacular collapse of The Crystal Cathedral to better understand both the strength and fragility of Schuller s ministry The apparent success of the ministry obscured the many tensions that often threatened its future Certainly all churches depend on a mix of constituents charisma and capital yet the size and ambition of large churches like Schuller s Crystal Cathedral exert enormous organizational pressures to continue the flow of people committed to the congregation to reinforce the spark of charismatic excitement generated by high profile pastors and to develop fresh flows of capital funding for maintenance of old projects and launching new initiatives The constant attention to expand constituencies boost charisma and stimulate capital among megachurches produces an especially burdensome strain on their leaders By orienting an approach to the collapse of the Crystal Cathedral on these three core elements constituency charisma and capital *The Glass Church* demonstrates how congregational fragility is greatly accentuated in larger churches a notion we label megachurch strain such that the threat of implosion is significantly accentuated by any failures to properly calibrate the inter relationship among these elements

Evangelicalism Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship

between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America s culture and unabashedly populist Many Evangelicals view America as God s chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful

Lies from the Pit Joseph Nadeau, 2016-06-06 Who buys these lies There is no God If you do more good than bad youll go to Heaven When you die you will be reincarnated David and Jonathan were homosexuals The pope is infallible Jesus Christ was just a man All religions are really the same Heaven and Hell are only states of mind Isaiah 53 refers to the Jewish people not to Jesus Christ There are many ways to God The Lord Jesus Christ said of Satan When he speaketh a lie he speaketh of his own for he is a liar and the father of it John 8 44 In this spiritually seductive and dangerous age there is no dearth of the devils falsehoods Which ones do you believe It has been said that no lie can live forever but lies from the pit of Hell will prevent you from living forever with the Lord Jesus Christ who alone is the Way the Truth and the Life John 14 6 Now more than ever in this undiscerning time of tolerance we must identify and condemn the devils counterfeits regardless of who is offended This compilation of religious and moral lies and their refutations will inform as well as offend both un awakened sinners and soft theology Christians provoking them to seek the truth of Gods Word and the salvation that is only in His Son for outside of Gods Kingdom writhing in eternal fire will be whosoever loveth and maketh a lie Revelation 22 15

Happy Lies Melissa Dougherty, 2025-01-28 In this groundbreaking book popular apologist Melissa Dougherty helps us understand how our society got to be so toxically subjective why endless positivity is inherently destructive and how we can live with faithful truth and genuine love in these self obsessed times Melissa Dougherty skillfully diagnoses the issue and provides the cure the authentic and life giving truth of the Christian worldview Wesley Huff Have you ever wondered how we ended up in a world

where personal feelings could become the authority for reality Or why so many of us are on a relentless pursuit for happiness yet somehow feel more exhausted and sadder than ever You re not alone Melissa deftly traces the roots of today s social chaos back to a little known but very influential 1800s philosophy known as New Thought A former follower of its teachings Melissa provides clarity and compassion mixed with a dash of loving snark as she exposes New Thought s deceptions and its many concerning tendrils within the church and our self help culture You ll be shocked grieved and encouraged as you learn How you can experience true freedom hope and peace instead of the world s counterfeits How an anti God ideology so easily hijacked Christian sounding ideas Why thinking positively is entirely different from the unbiblical and burdensome positive thought movement Why fake authenticity short circuits real redemption How understanding the New Thought mindset can help us share our faith more effectively Uncover a dangerous ideology that nearly everyone has met yet few of us can name in order to better understand our culture and joyfully live faithful to the gospel that is so much better than our world s Happy Lies
