Going Native Shari M. Huhndorf, 2015-01-26 Since the 1800's many European Americans have relied on Native Americans as models for their own national racial and gender identities Displays of this impulse include world's fairs fraternal organizations and films such as *Dances with Wolves* Shari M. Huhndorf uses cultural artifacts such as these to examine the phenomenon of going native showing its complex relations to social crises in the broader American society including those posed by the rise of industrial capitalism the completion of the military conquest of Native America and feminist and civil rights activism Huhndorf looks at several modern cultural manifestations of the desire of European Americans to emulate Native Americans Some are quite pervasive as is clear from the continuing if controversial existence of fraternal organizations for young and old which rely upon Indian costumes and rituals Another fascinating example is the process by which Arctic travelers went Eskimo as Huhndorf describes in her readings of Robert Flaherty's travel narrative *My Eskimo Friends* and his documentary film *Nanook of the North* Huhndorf

asserts that European Americans appropriation of Native identities is not a thing of the past and she takes a skeptical look at the tribes beloved of New Age devotees Going Native shows how even seemingly harmless images of Native Americans can articulate and reinforce a range of power relations including slavery patriarchy and the continued oppression of Native Americans Huhndorf reconsiders the cultural importance and political implications of the history of the impersonation of Indian identity in light of continuing debates over race gender and colonialism in American culture **McClure's Magazine** ... ,1903 **Empire of Ice and Stone** Buddy Levy,2022-12-06 National Outdoor Book Awards Winner The true harrowing story of the ill fated 1913 Canadian Arctic Expedition and the two men who came to define it In the summer of 1913 the wooden hulled brigantine Karluk departed Canada for the Arctic Ocean At the helm was Captain Bob Bartlett considered the world s greatest living ice navigator The expedition s visionary leader was a flamboyant impresario named Vilhjalmur Stefansson hungry for fame Just six weeks after the Karluk departed giant ice floes closed in around her As the ship became icebound Stefansson disembarked with five companions and struck out on what he claimed was a 10 day caribou hunting trip Most on board would never see him again Twenty two men and an Inuit woman with two small daughters now stood on a mile square ice floe their ship and their original leader gone Under Bartlett s leadership they built make shift shelters surviving the freezing darkness of Polar night Captain Bartlett now made a difficult and courageous decision He would take one of the young Inuit hunters and attempt a 1000 mile journey to save the shipwrecked survivors It was their only hope Set against the backdrop of the Titanic disaster and World War I filled with heroism tragedy and scientific discovery Buddy Levy s Empire of Ice and Stone tells the story of two men and two distinctively different brands of leadership one selfless one self serving and how they would forever be bound by one of the most audacious and disastrous expeditions in polar history considered the last great voyage of the Heroic Age of Discovery The Noose of Laurels Wally Herbert,1990 Recounts the rivalry between Commander Robert E Peary and Dr Frederick Cook who both claimed to have been the first to reach the North Pole and evaluates their claims
