Los Bush Y Los Saud:

Los Bush y los Saud Craig Unger,2004 House of Bush, House of Saud Craig Unger,2004 Craig Unger begins his House of Bush House of Saud a massive seller in the US likened to All the President s Men with an explosive question how is it that two days after the attack on the World Trade Centre when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake **Saudi Arabia**,2002 Oil, Power, and War Matthieu Auzanneau,2020-02-20 The story of oil is one of hubris fortune betrayal and destruction It is the story of a resource that has been undeniably central to the creation of our modern culture and ever present during the darkest exploits of empire the world over For the past 150 years oil has become the most essential ingredient for economic military and political power And it has brought us to our present moment in which political leaders and the fossil fuel industry consider extraordinary and extraordinarily dangerous policy on a world stage marked by shifting power bases Upending the conventional wisdom by crafting a people s history award winning journalist Matthieu Auzanneau deftly traces how oil became a national and then global addiction outlines the enormous consequences of that addiction sheds new light on major historical and contemporary figures and raises new questions about stories we thought we knew well What really sparked the oil crises in the 1970s the shift away from the gold standard at Bretton Woods or even the financial crash of 2008 How has oil shaped the events that have defined our times two world wars the Cold War the Great Depression ongoing wars in the Middle East the advent of neoliberalism and the Great Recession among them With brutal clarity Oil Power and War exposes the heavy hand oil has had in all of our lives and illustrates how much heavier that hand could get during the increasingly desperate race to control the last of the world s easily and cheaply extractable reserves

House of Bush, House of Saud Craig Unger,2004-03-19 Newsbreaking and controversial an award winning investigative journalist uncovers the thirty year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy business and national security House of Bush House of Saud begins with a politically explosive question How is it that two days after 9 11 when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid

for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake Like Bob Woodward s *The Veil* Unger s *House of Bush House of Saud* features unprecedented reportage like Michael Moore s *Dude Where s My Country* Unger s book offers a political counter narrative to official explanations this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer and sets 9 11 the two Gulf Wars and the ongoing Middle East crisis in a new context What really happened when America s most powerful political family became seduced by its Saudi counterparts

Kings and Presidents Bruce Riedel, 2019-03-12 An insider s account of the often fraught U S Saudi relationship Saudi Arabia and the United States have been partners since 1943 when President Roosevelt met with two future Saudi monarchs Subsequent U S presidents have had direct relationships with those kings and their successors setting the tone for a special partnership between an absolute monarchy with a unique Islamic identity and the world s most powerful democracy Although based in large part on economic interests the U S Saudi relationship has rarely been smooth Differences over Israel have caused friction since the early days and ambiguities about Saudi involvement or lack of it in the September 11 terrorist attacks against the United States continue to haunt the relationship Now both countries have new still to be tested leaders in President Trump and King Salman Bruce Riedel for decades has followed these kings and presidents during his career at the CIA the White House and Brookings This book offers an insider s account of the U S Saudi relationship with unique insights Using declassified documents memoirs by both Saudis and Americans and eyewitness accounts this book takes the reader inside the royal palaces the holy cities and the White House to gain an understanding of this complex partnership

House of Trump, House of Putin Craig Unger, 2019-09-03 THE NEW YORK TIMES BESTSELLER The story Unger weaves with those earlier accounts and his original reporting is fresh illuminating and more alarming than the intelligence channel described in the Steele dossier The Washington Post *House of Trump House of Putin* offers the first comprehensive investigation into the decades long relationship among Donald Trump Vladimir Putin and the Russian Mafia that ultimately helped win Trump the White House It is a chilling story that begins in the 1970s when Trump made his first splash in the booming money drenched world of New York real estate and ends with Trump s inauguration as president of the United States That moment was the culmination of Vladimir Putin s long mission to undermine Western democracy a mission that he and his hand selected group of oligarchs and Mafia kingpins had ensnared Trump in starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City This book confirms the most incredible American paranoias about Russian malevolence To most it will be a hair raising

revelation that the Cold War did not end in 1991 that it merely evolved with Trump's apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union In House of Trump House of Putin Craig Unger methodically traces the deep rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia He traces Donald Trump's sordid ascent from foundering real estate tycoon to leader of the free world He traces Russia's phoenix like rise from the ashes of the post Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower Without Trump Russia would have lacked a key component in its attempts to return to imperial greatness Without Russia Trump would not be president This essential book is crucial to understanding the real powers at play in the shadows of today's world The appearance of key figures in this book Paul Manafort Michael Cohen and Felix Sater to name a few ring with haunting significance in the wake of Robert Mueller's report and as others continue to close in on the truth

Arms for Oil Michael Barratt Brown, 2005 It is a fact an unfortunate fact that economic relations between the West and the Arab and other Islamic countries could for many years be described accurately in just three words Oil for Arms or alternatively Arms for Oil This has a long history going back to the First World War when the Ottoman Empire was broken up between the British and French Empires and client regimes were established in the newly created states The Second World War brought in the American Empire but the main purpose of all these empires was to control the rich oil reserves in the region Arms were supplied as necessary to maintain the client regimes in power This became essential if oil was to remain cheap

The American Deep State Peter Dale Scott, 2017-05-02 Now in a new edition updated through the unprecedented 2016 presidential election this provocative book makes a compelling case for a hidden deep state that influences and often opposes official U.S. policies Prominent political analyst Peter Dale Scott begins by tracing America's increasing militarization restrictions on constitutional rights and income disparity since World War II With the start of the Cold War he argues the U.S. government changed immensely in both function and scope from protecting and nurturing a relatively isolated country to assuming ever greater responsibility for controlling world politics in the name of freedom and democracy This has resulted in both secretive new institutions and a slow but radical change in the American state itself He argues that central to this historic reversal were seismic national events ranging from the assassination of President Kennedy to 9/11 Scott marshals compelling evidence that the deep state is now partly institutionalized in non accountable intelligence agencies like the CIA and NSA but it also extends its reach to private corporations like Booz Allen Hamilton and SAIC to which 70 percent of intelligence budgets are outsourced Behind these public and private institutions is the influence of Wall Street bankers and lawyers allied with international oil companies beyond the reach of domestic law Undoubtedly the political consensus about America's global role has evolved but if we want to restore the country's traditional constitutional framework it is important to see the role of particular cabals such as the Project for the New American Century and how they have repeatedly used the secret

powers and network of Continuity of Government COG planning to implement change Yet the author sees the deep state polarized between an establishment and a counter establishment in a chaotic situation that may actually prove more hopeful for U S democracy

Rules for Rebels Max Abrahms, 2018-09-12 Ever wonder why militant groups behave as they do For instance why did Al Qaeda attack the World Trade Center whereas the African National Congress tried to avoid civilian bloodshed Why does Islamic State brag over social media about its gory attacks while Hezbollah denies responsibility or even apologizes for its carnage This book shows that militant group behaviour depends on the tactical intelligence of the leaders The author has extensively studied the political plights of hundreds of militant groups throughout world history and reveals that successful militant leaders have followed three rules These rules are based on original insights from the fields of political science psychology criminology economics management marketing communication and sociology It turns out there s a science to victory in militant history But even rebels must follow rules

Cold War in the Islamic World Dilip Hiro, 2019-02-01 For four decades Saudi Arabia and Iran have vied for influence in the Muslim world At the heart of this ongoing Cold War between Riyadh and Tehran lie the Sunni Shia divide and the two countries intertwined histories Saudis see this as a conflict between Sunni and Shia Iran s ruling clerics view it as one between their own Islamic Republic and an illegitimate monarchy This foundational schism has played out in a geopolitical competition for dominance in the region Iran has expanded its influence in Syria Iraq and Lebanon while Saudi Arabia s hyperactive crown prince Muhammad bin Salman has intervened in Yemen isolated Qatar and destabilized Lebanon Dilip Hiro examines the toxic rivalry between the two countries tracing its roots and asking whether this Islamic Cold War is likely to end any time soon
