

A photograph of ancient stone ruins in a jungle. The scene shows several stone walls and structures, some with rectangular openings, partially covered in moss and surrounded by dense tropical vegetation. Large trees with thick canopies are visible in the background, creating a sense of a hidden, overgrown site.

War, Human Dignity and Nation Building Gary D. Badcock, 2010-08-11 Canada s involvement in Afghanistan is the longest martial conflict in its history precipitated literally overnight by a world changing event in the 2001 9 11 attack in New York City In 2010 the Afghan Mission remains front page news for Canadians even threatening to undermine the Federal Government due to the so called Detainee Scandal The human cost Canadian and Afghan financial burdens and impact on the self perception of Canadians as a peace keeping Middle Power are immense and likely will form a watershed in Canadian history And yet the Mission remains little scrutinized by faith communities and further left as a non conversation for many and the domain of a nebulous foreign policy and largely toothless Manley Report This volume is the first such major attempt by the Centre for Public Theology to bring together theologians philosophers faith leaders NGOs politicians and

other academics from sociology politics and peace keeping in order to dialogue about the impact of the Afghan Mission These papers form much of the conversation of a conference held in May 2009 at the Centre for Public Theology The papers offer reflections on the Manley Report investigations on the theological and philosophical issues at play in Canada's response interaction with Canada's shift from peace keeping to war fighting and the new NATO mandate thoughts on the role of Islamic nations and analysis of the role of the Abrahamic faith communities in this wider Canadian conversation The Centre for Public Theology is a federally funded research centre housed at Huron University College whose mandate is to bring into conversation academics NGOs media Government and the public on issues of public policy and life with a particular attention to the role of religion in Canadian life Its founding motto is intelligence not advocacy It is not an advocacy or lobbying centre instead seeking only to facilitate dialogue across boundaries Its webpage can be found at www.publictheology.org

Zupanov, 2019-05-15 Through its missionary pedagogical and scientific accomplishments the Society of Jesus known as the Jesuits became one of the first institutions with a truly global reach in practice and intention The Oxford Handbook of the Jesuits offers a critical assessment of the Order helping to chart new directions for research at a time when there is renewed interest in Jesuit studies In particular the Handbook examines their resilient dynamism and innovative spirit grounded in Catholic theology and Christian spirituality but also profoundly rooted in society and cultural institutions It also explores Jesuit contributions to education the arts politics and theology among others The volume is organized in seven major sections

totaling forty articles on the Order's foundation and administration the theological underpinnings of its activities the Jesuit involvement with secular culture missiology the Order's contributions to the arts and sciences the suppression the Order endured in the 18th century and finally the restoration The volume also looks at the way the Jesuit Order is changing including becoming more non European and ethnically diverse with its members increasingly interested in engaging society in addition to traditional pastoral duties *Traditional Catholic Religious Orders* Edward Wynne, Catholic religious orders are probably the longest lived voluntary institution in Western society This book is the first single volume history and interpretation of the lives of those who have lived in such orders as monks sisters brothers and priests since their earliest beginnings in the First Century A D It is also an analysis of the organizational and intellectual structures that have given such institutions their remarkable vitality These religious communities have appeared persisted mutated merged and expired The author shows us that despite these rich variations there has been a noteworthy consistency in important themes including living in community and maintenance of the vows of poverty chastity and obedience He asks How did human beings go about living lives dedicated to these aims To what degree were they attained and how did they do it Did they tend to be warped and neurotic persons And if their lives frequently projected a tone of wholesome purpose what implications do such patterns have for our era Wynne also examines the many ways traditional Catholic orders have participated in educational and welfare efforts Europe America and elsewhere This remarkable account of the rich and complex patterns of institutional religious development furthers our understanding of the nature of human beings and their social organizations Edward A Wynne is a professor of education at the University of Illinois Chicago Circle He is a sociologist specializing in the analysis of institutions that shape human values and conduct He is the author and editor of six books including Character Policy An Emerging Issue Social Security A Reciprocity System Under Stress Looking at Schools Good Bad and Indifferent and Growing Up Suburban

Saints and Social Justice Brandon Vogt, 2014-05-22 Catholic social teaching has explosive power for changing not just individuals but whole societies And it's the saints who light the fuse Brandon Vogt The value of human life The call to family and community Serving the poor The rights of workers Care for creation The church has always taught certain undeniable truths that can and should affect our society But over the years these teachings have been distorted misunderstood and forgotten With the help of fourteen saints it's time we reclaim Catholic social teaching and rediscover it through the lives of those who best lived it out Follow in the saints footsteps learn from their example and become the spark of authentic social justice that sets the world on fire Learn from heroes like Bl Teresa of Calcutta St Peter Claver St Frances of Rome St Roque Gonzalez Bl Pier Giorgio Frassati St Damien of Molokai St John Paul II Goodreads Review for Saints and Social Justice Reviews from Goodreads.com *Constructing Mission History* Stanley H. Skreslet, 2023-01-17 Three master narratives currently dominate the analysis of modern mission history One puts foreign missionaries at the heart of the story A second emphasizes the colonial aspect of modern missions Here missionaries are not heroes but villains who are implicated in

hegemonic schemes of imperial domination Thirdly mission history is subordinated to one of its outcomes the advent of World Christianity In this master narrative the concept of contextualization looms large bolstered by Sanneh s notion of translatability and emphasis on the agency of non Westerners who participate in and subtly shape the complex social processes of evangelization While all three of these master narratives are insightful none of them adequately balances concern for missionary initiative and indigenous agency Borrowing from speech act theory Skreslet offers a new analytical approach to the modern roots of World Christianity that differentiates between what a speaker might intend to communicate and the effects of what has been said or actions taken both in the moment and over time Corresponding to the concepts of illocution and perlocution as these technical terms are used in speech act theory the book is structured in two main sections Initially the focus is on expressed missionary motives Part two engages a representative set of modern era mission performances involving many more actors than just the foreign evangelizers whose stated or implied intentions are emphasized in part one

Cultural Memory Jeanette Rodriguez, Ted Fortier, 2007-06-01 *Sangre llama a sangre* Blood cries out to blood Latin American aphorism The common blood of a people that imperceptible flow that binds neighbor to neighbor and generation to generation derives much of its strength from cultural memory Cultural memories are those transformative historical experiences that define a culture even as time passes and it adapts to new influences For oppressed peoples cultural memory engenders the spirit of resistance not surprisingly

some of its most powerful incarnations are rooted in religion In this interdisciplinary examination Jeanette Rodriguez and Ted Fortier explore how four such forms of cultural memory have preserved the spirit of a particular people Cultural Memory is not a comparative work but it is a multicultural one with four distinct case studies the image of Our Lady of Guadalupe and the devotion it inspires among Mexican Americans the role of secrecy and ceremony among the Yaqui Indians of Arizona the evolving narrative of Archbishop Oscar Romero of San Salvador as transmitted through the church of the poor and the martyrs and the syncretism of Catholic Tzeltal Mayans of Chiapas Mexico In each case the authors religious credentials eased the resistance encountered by social scientists and other researchers The result is a landmark work in cultural studies a conversation between a liberation theologian and a cultural anthropologist on the religious nature of cultural memory and the power it brings to those who wield it *The Ignatian Tradition* Eileen Burke-Sullivan, Kevin F. Burke, 2009-10-01 The Ignatian tradition sprang up in the sixteenth century the fruit of graces bestowed on a Basque nobleman Ignatius of Loyola Guided by a passion to find God in all things Ignatius and his first companions founded the Society of Jesus and inspired many other religious orders and lay movements Their influence spread across the globe even as they embraced various aspects of the cultures languages and institutions they encountered This introduction is a mere sampling of the men and women influenced by Ignatius draws on the stories and writings of nineteen exemplary individuals as well as the corporate voice of the Jesuit order Here we meet missionaries scholars artists advocates and martyrs Contemplatives in action they follow Christ by serving others They embody the freedom born of a passionate knowledge of God s unending unconditional love precisely in this they show us how to live well today Eileen Burke Sullivan STD 1949 2024 was professor emerita and former vice provost vice president of university mission and ministry at Creighton University She lectured and published widely on liturgical spiritual and ecclesial topics and is co author of *The Ignatian Tradition* and *The Church in the Modern World* published by Liturgical Press Kevin F Burke SJ is a theologian poet and younger brother of Dr Burke Sullivan He currently serves as the acting president and academic dean of the Jesuit School of Theology at Berkeley He recently edited *Pedro Arrupe Essential Writings* and coedited with Robert Lassalle Klein Love that Produces Hope a collection of essays on the thought of the Jesuit theologian and martyr Ignacio Ellacurra *Natives and Newcomers* Bruce Trigger, 1986-07-01 *Natives and Newcomers* discredits that myth In a spirited and critical re examination of relations between the French and the Iroquoian speaking inhabitants of the St Lawrence lowlands from the incursions of Jacques Cartier through the explorations of Samuel de Champlain and the Jesuit missions into the early years of the royal regime *Natives and Newcomers* argues that native people have played a significant role in shaping the development of Canada Trigger also shows that the largely ignored French traders and their employees established relations with native people that were indispensable for founding a viable European colony on the St Lawrence The brisk narrative of this period is complemented by a detailed survey of the stereotypes about native people that have influenced the development of Canadian history and anthropology

and by candid discussions of how historical ethnographical and archaeological approaches can and cannot be combined to produce a more rounded and accurate understanding of the past
