Media Ownership and Concentration in America Eli Noam,2009-10-19 People have worried for many years about the concentration of private power over the media as evidenced by controversy over Federal Communication Commission rulings on broadcast ownership limits The fear it seems is of a media mogul with a political agenda a new William Randolph Hearst who could help start wars or run for political office using the power of the media In the light of these concerns about freedom of speech Eli Noam provides a comprehensive survey of media concentration in America covering everything from the early media empire of Benjamin Franklin to the modern day cellular phone industry *The Lost History of Ancient America* Frank Joseph,2016-10-24 The Lost History of Ancient America presents new evidence of transoceanic visitors to America hundreds even thousands of years before Christopher Columbus was born Its 20 eminent contributors are experts in a variety of fields from botany biology and prehistoric engineering to underwater archaeology archaeo astronomy and Bronze Age warfare In ancient times the sea was not an impassable barrier separating our ancestors from the outside world but a highway taking them to every corner of it Never before and nowhere else has so much evidence proving the impact made on America by overseas visitors been assembled You will learn about A chain of stone walls across southern Illinois that has stood for the last two millennia A profusion of plants flourishing throughout the United States and Canada that originated more than 20 centuries ago Underwater ruins recently found off the coast of Oregon Bronze Age oil wells in Pennsylvania And much much more The Lost History of Ancient America ends the debate between cultural diffusionists who have always known that our ancient ancestors did not consider the sea an impassable barrier and cultural isolationists who have been equally certain that humans lacked the know how and courage for global navigation until a little more than 500 years ago

Captain America and the Struggle of the Superhero Robert G. Weiner,2009-06-08 For more than 60 years Captain America was one of Marvel Comics flagship characters representing truth strength liberty and justice The assassination of his alter ego Steve Rogers rocked the comic world leaving numerous questions about his life and death This book discusses topics including the representation of Nazi Germany in Captain America Comics from the 1940s to the 1960s the creation of Captain America in light of the Jewish American experience the relationship between Captain America and UK Marvel s Captain Britain the groundbreaking partnership between Captain America and African American superhero the Falcon and the attempts made to kill the character before his real death [America Accept the Truth, Repent, and Save Our Country](#) Dr. Derek Lawrence-Harper,2023-04-23 God s timing is not our timing but the bible is clear that judgment will come America will be judged for its misdeeds one day It is the author s hope that people will re read the

bible and encourage people to read this book to know that the author's goal is to first save souls and second save our country. Ideally we need to be in a financial position to help others. To resolve problems in this country we must be honest and accept the truth to move forward. Most Americans including the author need all their income to pay bills and have means to enjoy themselves. The true minority in America is the rich who do not live paycheck to paycheck but have either generational wealth or maximized their talents to become prosperous. Hopefully anyone who became rich did not compromise their morality or abuse, misuse or oppress others for their personal gain. If so, pray that they repent. Our country is in trouble as Compromised Christianity, Atheism, Agnosticism, and Satanic influence is on the rise while Bible Believing Christians are declining, getting older and are dying off. It has been said that those who ignore history repeat history. Dr. Martin Luther King once stated that truth suppressed to earth shall rise again. The author is here to talk about the truth that is rising in our time now.
