Lost Notebooks Of Loren Eiseley:

The Lost Notebooks of Loren Eiseley Loren C. Eiseley, Kenneth Heuer, 1991-03-01 NATURE GUIDE BOOKS **The Lost Notebooks of Loren Eiseley** Loren C. Eiseley, 2002-05-01 This indispensable collection is filled with marvelous autobiographical glimpses of Loren Eiseley at different points in his life as a young inquisitive man during the Depression as an astute archaeologist as a blossoming writer and lastly as a world renowned observer and essayist Also included are poems short stories an array of Eiseley's absorbing observations on the natural world and his always startling reflections on the nature and future of humankind and the universe *Loren Eiseley's Writing across the Nature and Culture Divide* Qianqian Cheng, 2022-12-15 For the twentieth century naturalist and poet Loren Eiseley the relationship between human beings and the natural world has become unnatural divided by the era of modern technology Loren Eiseley's *Writing across the Nature and Culture Divide* analyses how the philosopher of science becomes a boundary crosser in time and space Qianqian Cheng points to Eiseley's method of uniting science and the humanities to reflect on human evolution and the past and future role of science with a visionary and poetic imagination Seizing the connectedness of living beings Eiseley and now Cheng makes us aware of the presence of nature even in daily urban life Qianqian Cheng unveils Eiseley's merits showing the poet as a necessary voice in the urgent mission to make individuals realize their responsibility to respond ethically to the living world

The Invisible Pyramid Loren C. Eiseley, 1998-01-01 In 1910 young Loren Eiseley watched the passage of Halley's Comet with his father The boy who became a famous naturalist was never again to see the spectacle except in his imagination That childhood event contributed to the profound sense of time and space that marks *The Invisible Pyramid* This collection of essays first published shortly after Americans landed on the moon explores inner and outer space the vastness of the cosmos and the limits of what can be known Bringing poetic insight to scientific discipline Eiseley makes connections between civilizations past and present multiple universes humankind and nature **True Notebooks** Mark

Salzman, 2007-12-18 In 1997 Mark Salzman bestselling author *Iron and Silk* and *Lying Awake* paid a reluctant visit to a writing class at L A's Central Juvenile Hall a lockup for violent teenage offenders many of them charged with murder What he found so moved and astonished him that he began to teach there regularly In voices of indelible emotional presence the boys write about what led them to crime and about the lives that stretch ahead of them behind bars We see them coming to terms with their crime ridden pasts and searching for a reason to believe in their future selves Insightful comic honest and tragic *True Notebooks* is an object lesson in the redemptive power of writing **Mumford, Tate, Eiseley** Gale H. Carrithers, Jr., 1992-01-01 Though of diverse backgrounds and training Mumford Tate and Eiseley shared remarkably concordant and convincing views of the state of twentieth century American society All three considered America to be benighted by a dominant myth the myth of the machine in Mumford's phrase that resulted in cultural degeneration Through an examination of selected works of each critic Carrithers explains how these writers both identified and fought against this myth Carrithers

asserts that Mumford Tate and Eiseley in their essays revived prophecy as a mode of expression and as a means of appraising culture in a broad historical context Like the biblical prophets the three concerned themselves not so much with the future as with the present They sought to unmask the falseness the moral emptiness of a reductive abstractive mechanized model of the world Carrithers considers Mumford as he moved from conflicted stances in the four volumes of *The Renewal of Life* to the more assured and comprehensive vision of society he portrayed in the two volume *The Myth of the Machine* He examines Tate s critique of American culture as it developed from his youthful involvement with the Fugitives and Agrarians to in later years an increasingly coherent but comber construal of the world s plight Finally he describes Eiseley s fully emergent rejection of reductive scientism and temporalism a large part of all that is crushing us Eiseley wrote evident in *The Immense Journey* and other books Mumford Tate and Eiseley these watchers in the night all wrote against the grain of most of their contemporaries posing questions about generally accepted current values and proffering alternatives that would make the world a more humane and transcendent place Gale Carrithers thoughtful challenging analysis of their efforts will be required reading for anyone who wishes a better understanding of our age

Artifacts & Illuminations Tom Lynch, Susan Naramore Maher, 2012-04-01 Loren Eiseley 1907-77 is one of the most important American nature writers of the twentieth century and an admired practitioner of creative nonfiction A native of Lincoln Nebraska Eiseley was a professor of anthropology and a prolific writer and poet who worked to bring an understanding of science to the general public incorporating religion philosophy and science into his explorations of the human mind and the passage of time As a writer who bridged the sciences and the humanities Eiseley is a challenge for scholars locked into rigid disciplinary boundaries *Artifacts and Illuminations* the first full length collection of critical essays on the writing of Eiseley situates his work in the genres of creative nonfiction and nature writing The contributing scholars apply a variety of critical approaches including ecocriticism and place oriented studies ranging across prairie urban and international contexts Contributors explore such diverse topics as Eiseley s use of anthropomorphism and Jungian concepts and examine how his work was informed by synecdoche Long overdue this collection demonstrates Eiseley s continuing relevance as both a skilled literary craftsman and a profound thinker about the human place in the natural world

Emerson and Environmental Ethics Susan Dunston, 2018-09-15 At the core of Emerson s philosophy is his view as a naturalist that we are made of the same atoms as the world is In counterpoint to this identity he noted the fluid evolution and diversity of combinations and configurations of those atoms Thus he argued our relation and connection to the world are not occasional or recreational but everywhere and always and also reciprocal ongoing and creative He declared he would be a naturalist which for him meant being a knowledgeable lover of nature Emerson s famous insistence on an original relation to the universe centered on morally creative engagement with the environment It took the form of a nature literacy that has become central to contemporary environmental ethics The essential argument of this book is that Emerson s integrated philosophy of nature ethics and creativity is a powerful prototype for a diverse range of

contemporary environmental ethics After describing Emerson's own environmental literacy and ethical aesthetic and creative practices of relating to the natural world Dunston delineates a web of environmental ethics that connects Emerson to contemporary eco feminism living systems theory Native American science Asian philosophy and environmental activism

Gale E. Christianson, 2000-10-01 Presents a biography of the naturalist and writer describing how his work stems from his loveless childhood with a mentally ill mother and traveling salesman father and his determination to succeed **Ecology and Literatures in English** Françoise Besson, 2018-12-14 In all latitudes writers hold out a mirror leading the reader to awareness by telling real or imaginary stories about people of good will who try to save what can be saved and about animals showing humans the way to follow Such tales argue that in spite of all destructions and tragedies if we are just aware of and connected to the real world around us to the blade of grass at our feet and the star above our heads there is hope in a reconciliation with the Earth This may start with the emergence or rather the return of a nonverbal language restoring the connection between human beings and the nonhuman world through a form of communication beyond verbalization Through a journey in Anglophone literature with examples taken from Aboriginal African American English Canadian and Indian works this book shows the role played by literature in the protection of the planet It argues that literature reveals the fundamental idea that everything is connected and that it is only when most people are aware of this connection that the world will change Exactly as a tree is connected with all the animal life in and around it texts show that nothing should be separated From Shakespeare s theatre to ecopoetics from travel writing to detective novels from children s books to novels all literary genres show that literature responds to the violence destroying lands men and nonhuman creatures whose voices can be heard through texts **Barns of the Midwest** Allen G. Noble, Hubert G. H. Wilhelm, 2018-09-11 Originally published in 1995 *Barns of the Midwest* is a masterful example of material cultural history It arrived at a critical moment for the agricultural landscape The 1980s were marked by farm foreclosures rural bank failures the continued rise of industrialized

agriculture and severe floods and droughts These waves of disaster hastened the erosion of the idea of a pastoral Heartland knit together with small farms and rural values And it wasn't just an idea that was eroded material artifacts such as the iconic Midwestern barn were also rapidly wearing away It was against this background that editors Noble and Wilhelm gathered noted experts in history and architecture to write on the nature and meaning of Midwestern barns explaining why certain barns were built as they were what types of barns appeared where and what their functions were Featuring a new introduction by Timothy G Anderson *Barns of the Midwest* is the definitive work on this ubiquitous but little studied architectural symbol of a region and its history

Is the Cross Still There? George M. Bass, 1991 In these ten baptismal sermons George M Bass explores some of the questions that surface during Lent and Easter Does the cross really have anything significant to say about life and death Why is baptism so important in the worship of Lent and Easter What does my baptism into the death and resurrection of Christ really mean Is baptism more than an initiation ceremony into the Christian church How do baptism and communion affirm the meaning and validity of the cross during Lent In the exploration of these questions Bass hopes to assist pastors and their people to experience a fuller participation in Lent and Easter and the new life all share in Christ The sermons in the book are cast in the context of the question Is the cross still there George M Bass is professor of preaching emeritus Luther Northwestern Theological Seminary Saint Paul Minnesota He occupied the Alvin N Rogness Chair of Pastoral Theology and Ministry Homiletics He has studied at Susquehanna University Lutheran Theological Seminary Philadelphia Pennsylvania Temple University the University of Edinburgh the pontifical Gregorian University in Rome and Cambridge University His CSS books include *The Song and the Story Great Stories of the Faith and Lectionary Preaching Workbooks Cycles A B and C*

Sabol Jr., 2009-09-25 Digging Deep is an excavation of the archaeological site called John Sabol It is an unearthing of the author's memory of experiences of past presences that cuts across space time and culture Water mining operations dust and dirt dogs and wolves and ghosts are seen as important features that are re covered from these memory excavations Some of the recalled practices that are unearthed include an alternative remembrance of trick or treat the multiple symmetrical worlds of history myth and ghosts in Winchester England the haunting nature of archaeological excavations and field surveys the actor's encounters with more than a filmed death scene and a search for a legendary monster in Arkansas All of these memories are perceived as symmetrically interrelated though they originate in different places They are viewed as a form of theatrical ghosting a resonating element that unfolds time as events and activities are framed by their contemporary significance in the author's life In this process of excavation a recurring haunting drama manifests in the life of this archaeologist who also happens to be a cultural anthropologist actor and ghost excavator **Savage Kin** Margaret M.
