They Never Said It : A Book of Fake Quotes, Misquotes, and Misleading Attributions Paul F. Boller Jr. Emeritus Professor of History Texas Christian University, Oklahoma John George Jr. Professor of Political Science and Sociology Central State University, 1989-05-18 Abraham Lincoln never said You cannot fool all the people all the time Thomas Jefferson never said That government is best which governs least And Horace Greeley never said Go west young man In They Never Said It Paul Boller Jr and John George examine hundreds of misquotations incorrect attributions and blatant fabrications outlining the origins of the quotes and revealing why they should be consigned to the historical trashcan Many of the misquotes are quite harmless Some are inadvertent misquotes that have become popular Shakespeare actually said The best part of valor is discretion others the inventions of reporters embellishing a story Franklin Roosevelt never opened a speech to a DAR group with the salutation My fellow immigrants But some of the quotes such as Charles Darwin's supposed deathbed recantation of evolution are blatantly dishonest and falsify the historical record And others are chillingly vicious filled with virulent racial and religious prejudices that completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible These include the forged remarks attributed to Benjamin Franklin that Jews

should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln An entertaining and yet thought provoking book They Never Said It sorts out a great deal of history and sets it right going beyond a mere catalog of popular misconceptions to reveal how conservatives and liberals atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends It is the ultimate debunking reference a perfect complement to handbooks of quotations *QuoteWerks User Manual* , *Sage 50 Accounts For Dummies* Jane E. Lalleman,1998 This study was defended as a dissertation in Groningen 1998 The first monograph in the series it studies the Acts of John in its second century context and sheds new light on the text which was probably written in Asia Minor before the year 150 AD Lalleman shows that both the Gnostic and the non Gnostic sections of the Acts of John owe much more to the canonical books of the New Testament than has been assumed The enigma of the Gnostic section is solved by the discovery that it forms the second stage of initiation into a Gnostic form of Christianity Read in this way both sections of the Acts of John turn out to be important steps on the trajectory from the Fourth Gospel to Gnosticism Penetrating investigations of the Christology and the attitude towards asceticism in the Acts of John complete the book **The Tempest** Brinda Charry,2022-01-13 *The Tempest* Critical Tradition increases our knowledge of how Shakespeare s plays were received and understood by critics editors and general readers The volume offers in separate sections both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play The volume features criticism from key literary figures such as Ben Jonson Samuel Taylor Coleridge John Dryden John Ruskin and Edward Malone The chronological arrangement of the text excerpts engages the readers in a direct and unbiased dialogue whereas the introduction offers a critical evaluation from a current stance including modern theories and methods Thus the volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century Softwood Lumber from Canada United States International Trade Commission,1992 **Sage 50 Accounts For Dummies** Jane Kelly,2010-11-11 NOW UPDATED FOR THE 2011 VERSION OF SAGE 50 This
