The Counterfeit Coin Christopher Goetz, 2023-05-12 The Counterfeit Coin argues that games and related entertainment media have become almost inseparable from fantasy In turn these media are making fantasy itself visible in new ways Though apparently asocial and egocentric an internal mental image expressing the fulfillment of some wish fantasy has become a key term in social contestations of the emerging medium At issue is whose fantasies are catered to who feels powerful and gets their way and who is left out This book seeks to undo the monolith of commercial gaming by locating multiplicity and difference within fantasy itself It introduces and tracks three broad fantasy traditions that dynamically connect apparently distinct strata of a game story and play that join games to other media and that encircle players in pleasurable loops as they follow these connections
