The Critics and Hemingway, 1924-2014 Laurence W. Mazzeno, 2015. Traces Hemingway's critical fortunes over the ninety years of his prominence, telling us something about what we value in literature and why scholarly reputations rise and fall. Hemingway burst on the literary scene in the 1920s with spare, penetrating short stories and brilliant novels. Soon he was held as a standard for modern writers. Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction. After a decline during the 1930s and 1940s, he came roaring back with *The Old Man and the Sea* in 1952. Two years later he received the Nobel Prize. While his popularity waxed and waned during his lifetime, Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated. New approaches, beginning in the 1960s, brought a sea change, however, finding grave fault with his work and making him a figure ripe for vilification. Yet during this time, scholarship on him continued to appear. His works still sell well, and several are staples on high school and college syllabi. A new scholarly edition of his letters is drawing prominent attention, and there is a resurgence in scholarly attention to and approbation for his work. *Tracing Hemingway's critical fortunes* tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work. Laurence W. Mazzeno is President Emeritus of Alvernia University. Among other books, he has written volumes on Austen, Dickens, Tennyson, Updike, and Matthew Arnold for Camden House's *Literary Criticism in Perspective* series.

Green Hills of Africa Ernest Hemingway, 2013-07-30. Told in his trademark subdued, stripped-down writing style, *Green Hills of Africa* recounts American writer Ernest Hemingway's December 1933 big game safari in East Africa. Accompanied by his wife, Pauline Pfeiffer, Hemingway, aided by local Masai guides, ventures into beautiful, untouched parts of the dark continent on a quest to bring down an elusive kudu. Written during a time when colonial big game hunting was still an acceptable sport, *Green Hills of Africa* embodies man's quest to dominate the natural environment. Originally published in serial format in *Scribner's Magazine*, *Green Hills of Africa* was released in 1935 to lukewarm critical reception; however, in the years since its original publication, the book has come to represent some of the best of Hemingway's travel writing and an era long since passed.
