Makeology Kylie Peppler, Erica Rosenfeld Halverson, Yasmin B. Kafai, 2016-05-20. Makeology introduces the emerging landscape of the Maker Movement and its connection to interest-driven learning. While the movement is fueled in part by new tools, technologies, and online communities available to today's makers, its simultaneous emphasis on engaging the world through design and sharing with others harkens back to early educational predecessors including Froebel, Dewey, Montessori, and Papert. Makers as Learners, Volume 2 highlights leading researchers and practitioners as they discuss and share current perspectives on the Maker movement and research on educational outcomes in makerspaces. Each chapter closes with a set of practical takeaways for educators, researchers, and parents.

Treehouse Living Basics Everett Sinclair, AI, 2025-02-22. Treehouse Living Basics explores the innovative world of arboreal architecture, providing a comprehensive guide to designing, constructing, and inhabiting treehouses safely and sustainably. It moves beyond whimsical notions, advocating for a professional approach grounded in engineering and ecological awareness. Learn how understanding tree biomechanics, like load distribution and wind resistance, is crucial for long-term stability, ensuring both the tree and dwelling thrive. The book delves into structural engineering specific to tree-supported structures, sustainable building practices, and unique architectural design considerations. Beginning with tree biology and mechanics, the book progresses through platform designs, material selection, and eco-friendly strategies. It culminates in exploring architectural design, spatial planning, and integration with the surrounding landscape. Readers will discover how sustainable practices minimize environmental impact, ensuring the health of the ecosystem while the architectural design respects the tree's natural growth.
