*Soul Trains* Larry Portis, 2002. Soul Trains shows how the interaction of social classes and ethnic communities and the growth of a music industry created new music in the United States and Britain. A central question addressed is how popular perceptions of authentic musical expression are influenced by attempts to control or modify musical taste. The dynamic of musical innovation in capitalist society emerges from a process conditioned by historical events, language, and cultural traditions acting variously as forces for rebellion, resistance, or reaction. This book avoids abstract language or jargon. It shows how popular musical culture cannot be understood apart from economic change and the evolution of social relationships. An excellent initiation to the history of popular music, it is especially recommended to the general reader and for use as an introductory text in the study of cultural and social change.

A people's history. Soul Trains combines major contributions to scholarship in a single panorama of musical evolution related to the struggles of ordinary people.

**The Salome Ensemble** Alan Robert Ginsberg, 2016-04-05. The Salome Ensemble probes the entangled lives, works, and passions of a political activist, a novelist, a screenwriter, and a movie actress who collaborated in 1920s New York City. Together they created the shape-shifting genre-crossing *Salome of the Tenements*, first a popular novel and then a Hollywood movie. The title character was a combination Cinderella and Salome like the women who conceived her. Rose Pastor Stokes was the role model. Anzia Yezierska wrote the novel. Sonya Levien wrote the screenplay. Jetta Goudal played her on the silver screen. Ginsberg considers the women individually and collectively, exploring how they shaped and reflected their cultural landscape. These European Jewish immigrants pursued their own versions of the American dream, escaped the squalor of sweatshops, knew romance and heartache, and achieved prominence in politics, fashion, journalism, literature, and film.
