identifies key themes and influences assesses the writer's overarching significance and includes sources for further research. Dickson Carr addresses the influence of a variety of literary movements, critical theories, and publishers of African American work. Topics discussed include the Black Arts Movement, African American postmodernism, feminism, and the influence of hip hop, the blues, and jazz on African American novelists. In tracing these developments, Dickson Carr examines the multitude of ways authors have portrayed the diverse experiences of African Americans. *The Columbia Guide to Contemporary African American Fiction* situates African American fiction in the social, political, and cultural contexts of post-Civil Rights era America, the drug epidemics of the 1980s and 1990s, and the concomitant war on drugs, the legacy of the Civil Rights Movement, the struggle for gay rights, feminism, the rise of HIV/AIDS, and racism's continuing effects on African American communities. Dickson Carr also discusses the debates and controversies regarding the role of literature in African American life. The volume concludes with an extensive annotated bibliography of African American fiction and criticism. Gayl Jones Casey Clabough, 2008-08-29 Gayl Jones is dedicated to the art of verbal authenticity stemming from her identification with her African American heritage. Amid widespread critical praise as well as pointed attacks for her controversial first two novels, Jones has shown a constantly evolving cultural consciousness. This first single author study of Gayl Jones recovers the work of an under-examined yet immensely skillful contemporary writer. It offers a thorough examination of her technical innovations as well as her willingness to explore controversial subject matter. The book addresses such crucial themes as Afrocentrism, diasporas, mythopoesis, post-colonialism, and globalization and offers close readings of the aesthetic and political interchanges within Jones's fiction, drama, poetry, and criticism. Two interviews with Gayl Jones are included. *African American Pride* Tyehimba Jess, 2003 There are nearly 35 million African Americans in the U.S. today. This volume gives 101 reasons to be proud of being African American. *Jesting in Earnest* Derek C. Maus, 2019-04-02 A critical analysis of Percival Everett's oeuvre through the lens of Menippean satire. Percival Everett, a distinguished professor of English at the University of Southern California, is the author of more than thirty books on a wide variety of subjects and genres. Among his many honors are the American Academy of Arts and Letters Literature Award, the Huston Wright Legacy Award for Fiction, the PEN Center USA Literary Award for Fiction, and the Dos Passos Prize in Literature. Derek C. Maus proposes that the best way to analyze Everett's varied oeuvre is within the framework of Menippean satire, which focuses its ridicule on faulty modes of thinking, especially the kinds of willful ignorance and bad faith that are used to justify corruption, violence, and bigotry. In *Jesting in Earnest*, Maus critically examines fourteen of Everett's novels and several of his shorter works through the lens of Menippean satire, focusing on how it supports Everett's broader aim of stimulating thoughtful interpretation that is unfettered by common assumptions and preconceived notions. Perspectives on Percival Everett Keith B. Mitchell, Robin G. Vander, 2013 Percival Everett writes novels, short stories, poetry, and essays and is one of the most prolific, acclaimed, yet under-examined African American writers working today. Although to date Everett has published eighteen novels, three

collections of short fiction three poetry collections and one children's book his work has not garnered the critical attention that it deserves Perhaps one of the most vexing problems black and white scholars have had in trying to situate Everett's work is that they have found it difficult to place him and his work within a prescribed African American literary tradition Because he happens to be African American critics have expectations of so-called authentic African American fiction however his work often thwarts these expectations In Perspectives on Percival Everett scholars engage all of his creative production On the one hand Everett is an African American novelist On the other hand he pursues subject matters that seemingly have little to do with African American culture The operative word here is seemingly for as these essays demonstrate Everett's work falls well within as well as outside of what most critics would deem the African American literary tradition These essays examine issues of identity authenticity and semiotics in addition to postmodernism and African American and American literary traditions issues essential to understanding his aesthetic and political concerns **Ebony**, 2002-03
