Terrorism Commentary on Security Documents is a series that provides primary source documents and expert commentary on the worldwide counter terrorism effort. Among the documents collected are transcripts of Congressional testimony reports by such federal government bodies as the Congressional Research Service CRS and the Government Accountability Office GAO and case law covering issues related to terrorism. Most volumes carry a single theme and inside each volume the documents appear within topic based categories. The series also includes a subject index and other indices that guide the user through this complex area of the law. Volume 123 *Global Stability and U S National Security* includes documents that illuminate instability concerns in key regions of the world and offer insights into how the lack of stability negatively affects U S interests as well as the interests of other nations. The documents selected by Douglas Lovelace include primarily studies of instability concerns in the Middle East and North Africa as well as a document providing a general assessment of global stability and reports on Southeast and Central Asia and Latin America.

The British Empire and the Hajj John Slight, 2015-09-21. The British Empire governed more than half the world's Muslims. John Slight traces the empire's complex interactions with the Hajj, the annual pilgrimage to Mecca, from the 1860s when an outbreak of cholera led Britain to engage reluctantly in medical regulation of pilgrims to the Suez Crisis of 1956. He gives voice to pilgrims and officials alike.

America's Kingdom Robert Vitalis, 2020-05-05. Now newly updated, *America's Kingdom* debunks the many myths that now surround the United States's special relationship with Saudi Arabia, also known as the deal oil for security. Exploding the long established myth that the Arabian American Oil Company, Aramco, made miracles happen in the desert, Robert Vitalis shows how oil led the US government to follow the company to the kingdom and how oil and Aramco quickly became America's largest single overseas private enterprise. From the establishment in the 1930s of a Jim Crow system in the Dhahran oil camps to the consolidation of America's Kingdom under the House of Fahd, the royal faction that still rules today, this is a meticulously researched account of Aramco as a microcosm of the colonial order.

The Bin Ladens Steve Coll, 2008. The Bin Ladens rose from poverty to privilege; they loyally served the Saudi royal family for generations and then one of their number changed history on September 11, 2001. Journalist Steve Coll tells the story of the rise of the Bin Laden family and of the wildly diverse lifestyles of the generation to which Osama bin Laden belongs and against whom he rebelled. Starting with the family's escape from famine at the beginning of the twentieth century through its jet set era in America after the 1970s oil boom and finally to the family's attempts to recover from September 11, this book unearths extensive new material about the family and its relationship with the United States and provides a richly revealing and emblematic narrative of our globally interconnected times.
