Steps to a Better Life and Relationship Anthony Ekanem, 2016-08-03 Everyone has a legitimate desire to have a better life Having a better life could mean different things to different people What a man considers to be a better life may be different from what a woman considers to be a better Also what a young person considers a better life would be different from what an older person considers a better life For a young person in their 20s better life could mean having many materials things car house clothes money etc which they believe would make them happy For older people a better life for them would be living their dream with lots of passion lots of laughter and love which of course brings happiness to them Not a material thing in sight Even though our definition of what a better life is can change over the years the steps we take to how we can attain that better life doesn't really change As Elbert Hubbard said a sculptor creates the beautiful statue through a process of chipping away the parts of the marble that are not needed This process of elimination is what we need to take on board as we try to eliminate those things that we do which prevent us from attaining a better life for ourselves No matter your age or gender and whatever better life means to you you can attain that legitimate desire by chipping away those parts of your life that are not needed Also if you do want to create change in your life get clear on the definition of what a better life is for YOU This will help you identify the key things that you need to STOP DOING so that you can have a better life

Sweet Addiction Laylah Seda, 2008-09-10 Hey Readers I just wanted to take time and tell you about myself and my *Sweet Addiction* 1st Series book Just like You I started writing when I was in the sixth grade due to an English assignment of writing a poem I realized then that I liked rhyming words and for every little thing I saw I wrote a poem As years went by my writing has grown and I started to get into subjects about friends family birthdays etc I have written three books since the sixth grade that I have in journals This last book took me seven years to write because I wrote when I felt a certain emotion I turned to poetry when I had no one to talk to I turned to poetry when I was upset I turned to poetry when I was happy and I turned to poetry when I was sad I found writing as a way to vent and then I would look back at my poems and remember the moment I always felt better after writing I am not a person to use profanity too much in person but in certain poems that's how I felt and so I wrote it instead of saying them My book has every kind of emotion in your every day life That is why it is called Just like You Everyone feels sad happy angry and in love I have had friends come up to me and I would write them dedication poems and

some people wanted to borrow my journals because they can relate to the poems I didn't want to let out my only journals so I would let them read it when I was around I never thought of publishing until my uncle passed away My family is my biggest fan My cousins loved reading my poetry my uncle was my critic and said I had a talent and he loved to hear whenever I had a new poem Another big inspiration for me to publish is for my cousin that is 13 years old right now She has been a fan of mine for awhile and she is the type to hold all her emotions inside and not talk to anyone about them I showed her how I turned to poetry and how she could share them or keep them to herself and I told her secrets on how she can write without anyone knowing who she is writing about Writing poetry is now her way of letting it out Her new best friend is her journal My uncle who passed away believed in me and my cousin looks up to me and that is what brought me to publishing my book so that I can share my feelings experiences and words with my readers I hope you enjoy the first series of Sweet Addiction Just like You
