History and Context in Comparative Public Policy Douglas E. Ashford, 2010-11-23 Douglas E Ashford joins a growing number of scholars who have questioned the behaviorist assumptions of much policy science The essays in this volume show why policy analysis cannot be confined to prevailing methods of social science Policy making behavior involves historical contextual and philosophical factors that also raise critical questions about the concepts and theory of the discipline Ashford asks difficult questions about the contextual conjunctural and unintentional circumstances that affect actual decision making His bridging essays summarize opposing viewpoints and conflicting interpretations to help form a new agenda for comparative policy analysis

**Agency and Transformation** Nick Hopwood, Annalisa Sannino, 2023-11-30 Understanding and promoting agency are crucial to addressing urgent social problems of our time Through agency we can take transformative steps toward the future that ought to be This book shows how contemporary conceptualizations from cultural historical activity theory can inform research and practice that fosters positive change At the core of this book's novel approach to agency and transformation are three motifs motives mediation and motion These take inspiration from the original work of Vygotsky and subsequent generations of scholarship enabling us to understand agency in ways that recognize the social and cultural aspects of agency without losing sight of individuals contributions to changing their own lives and the lives of others Referring to connections between learning pedagogy and agency the chapters address power freedom and the future in contexts including adolescence school exclusion children's activism Indigenous communities environmental activism homelessness childbirth and young people during the COVID 19 pandemic

**The Bonds of Trade** Mika Kallioinen, 2012-11-16 Pre modern long distance trade was conducted in a highly complex and uncertain environment Aside from the lack of personal security trade was characterized by slow communication asymmetric information and limited contract enforceability There was no state in the modern sense to protect merchants Despite these overwhelming problems trade and even overseas trade flourished in medieval and early modern Europe This book explores this paradox how could trade thrive and the economy expand under uncertainties of many kinds Over the past two or three decades enormous advances have been made in explaining how institutions support the

economy This book contributes to the intense discussion about institutions and institutional change It builds on the careful examination of long distance trade in the Baltic Sea region over a long period of time and presents a new method to identify past institutions It challenges previous attempts to explain the pre modern expansion of trade by institutions that governed intra group relations Mika Kallioinen argues that the fundamental problem of institutional development was how to create institutions that could advance a regularity of behavior between a large number of distant communities and between merchants who did not necessarily know one another The question was how to provide security and enhance trust when trading crossed the geographical cultural and political boundaries that separated communities This book extends the limits of our understanding of such inter community institutions and their implications for later economic development *Yorùbá Elites and Ethnic Politics in Nigeria* Wale Adebani, 2014-03-31 Yor b Elites and Ethnic Politics in Nigeria investigates the dynamics and challenges of ethnicity and elite politics in Nigeria Africa s largest democracy Wale Adebani demonstrates how the corporate agency of the elite transformed the modern history and politics of one of Africa s largest ethnic groups the Yor b The argument is organized around the ideas and cultural representations of b femi Aw lowo the central signifier of modern Yor b culture Through the narration and analysis of material non material and interactional phenomena such as political party and ethnic group organization cultural politics democratic struggle personal ambitions group solidarity death memory and commemoration this book examines the foundations of the legitimacy of the Yor b political elite Using historical sociology and ethnographic research Adebani takes readers into the hitherto unexplored undercurrents of one of the most powerful and progressive elite groups in Africa tracing its internal and external struggles for power **The Mobilization and Demobilization of Middle-Class Revolt** Daniel Ozarow, 2019-03-20 Adopting Argentina s popular uprisings against neoliberalism including the 2001 02 rebellion and subsequent mass protests as a case study The Mobilization and Demobilization of Middle Class Revolt analyzes two decades of longitudinal research 1995 2018 including World Bank and Latinobarometer household survey data along with participant interviews to explore why nonpolitically active middle class citizens engage in radical protest movements and why they eventually demobilize In particular it asks how do they become politicized and resist economic and political crises along with their own hardship Theoretically informed by Gramsci s notions of hegemony ideology and class consciousness Ozarow posits that to affect profound and lasting social change multisectoral alliances and sustainable mobilizing vehicles are required to maintain radical progressive movements beyond periods of crisis With the Argentinian revolt understood to be the ideological forerunner to the autonomist inspired uprisings which later emerged comparisons are drawn with experiences in the USA Spain Greece UK Iceland and the Middle East as well as 1990s contexts in South Africa and Russia Such a comparative analysis helps understand how contextual factors shape distinctive struggling middle class citizen responses to external shocks This book will be of immense value to students activists and theorists of social change in North America in Europe and globally An Introduction to the Philosophy of History Michael

Stanford,1998-02-04 This book uncovers the wealth of philosophical problems that history presents and encourages further thought on how these issues grow out of historical questions      **A Multi-Paradigmatic Approach to Understanding**

**History** Kavous Ardalan,2022-12-08 This book explores the field of history through a multi paradigmatic approach For this purpose it begins with a discussion of four most diverse worldviews or paradigms namely functionalist interpretive radical humanist and radical structuralist before moving on to consider four aspects of the field of history historiography grand narrative progress and time from the viewpoints of the four most diverse worldviews or paradigms Next the book looks at three historical events the French Revolution the American Civil War and the Iranian Revolution from the viewpoints of the four most diverse worldviews or paradigms It concludes by recommending paradigm diversity as an understanding of different paradigms leads to a more comprehensive and a more balanced understanding of the multi faceted nature of the subject matter      Mute Compulsion Søren Mau,2023-01-31 Despite insoluble contradictions intense volatility and fierce resistance the crisis ridden capitalism of the 21st century lingers on To understand capital s paradoxical expansion and entrenchment amidst crisis and unrest Mute Compulsion offers a novel theory of the historically unique forms of abstract and impersonal power set in motion by the subjection of social life to the profit imperative Building on a critical reconstruction of Karl Marx s unfinished critique of political economy and a wide range of contemporary Marxist theory philosopher Søren Mau sets out to explain how the logic of capital tightens its stranglehold on the life of society by constantly remoulding the material conditions of social reproduction In the course of doing so Mau intervenes in classical and contemporary debates about the value form crisis theory biopolitics social reproduction humanism logistics agriculture metabolism the body competition technology and relative surplus populations      **Moral Rhetoric and the Criminalisation of Squatting** Lorna

Fox O'Mahony,David O'Mahony,Robin Hickey,2014-10-24 This collection of critical essays considers the criminalisation of squatting from a range of different theoretical policy and practice perspectives While the practice of squatting has long been criminalised in some jurisdictions the last few years have witnessed the emergence of a newly constituted political concern with unlawful occupation of land With initiatives to address the threat of squatting sweeping across Europe the offence of squatting in a residential building was created in England in 2012 This development which has attracted a large measure of media attention has been widely regarded as a controversial policy departure with many commentators Parliamentarians and professional organisations arguing that its support is premised on misunderstandings of the current law and a precarious evidence base concerning the nature and prevalence of squatting Moral Rhetoric and the Criminalisation of Squatting explores the significance of measures to criminalise squatting for squatters owners and communities The book also interrogates wider themes that draw on political philosophy social policy criminal justice and the nature of ownership to consider how the assimilation of squatting to a contemporary punitive turn is shaping the political social legal and moral landscapes of property housing and crime      **Giddens' Theory of Structuration** Christopher Bryant,David Jary,2014-06-03

Anthony Giddens is one of the most respected and influential social theorists at work today This wide ranging and stimulating volume first published in 1991 provides an authoratative and penetrating critical assessment of social theory It will be of use to all students of sociology and social theory     *Modernity and the Pandemic* Sean Creaven,2023-12-01 *Modernity and the Pandemic* Decivilization Imperialism and COVID 19 applies the tools of critical social theory to make sense of the COVID 19 crisis and presents a critical sociological analysis of aspects of the political and community response to the pandemic The book focuses on key themes integral to a sociology of pandemics in the global age Firstly Creaven argues that cultures of individualism and consumerism and of pervasive and deeply entrenched social inequalities that is decivilization significantly weaken the cause of public health by weakening the compliance of people with state mandated non pharmaceutical interventions including and especially physical distancing rules and encouraging vaccine hesitancy Secondly Creaven examines how interstate competition and imperial politics have undermined an effective global policy response to the COVID 19 pandemic Policy failure with regard to the management of the pandemic is interpreted as being rooted in the dominance of neoliberal ideology and governance in the politics of international relations particularly in the politics of the leading state actors by protecting corporate interests at the expense of public health and in the constraints imposed on state actors by the competitive dynamic of multinational capitalism in the global age *Modernity and the Pandemic* will appeal to scholars in the humanities and social sciences with interests in neoliberalism and its social cultural and epidemiological impacts

Evolutionary and Interpretive Archaeologies Ethan Cochrane,Andrew Gardner,2016-09-16 This collection of original articles compares various key archaeological topics agency violence social groups diffusion from evolutionary and interpretive perspectives These two strands represent the major current theoretical poles in the discipline By comparing and contrasting the insights they provide into major archaeological themes this volume demonstrates the importance of theoretical frameworks in archaeological interpretations Chapter authors discuss relevant Darwinian or interpretive theory with short archaeological and anthropological case studies to illustrate the substantive conclusions produced The book will advance debate and contribute to a better understanding of the goals and research strategies that comprise these distinct research traditions     *Companion to Historiography* Michael Bentley,2006-02-27 *The Companion to Historiography* is an original analysis of the moods and trends in historical writing throughout its phases of development and explores the assumptions and procedures that have formed the creation of historical perspectives Contributed by a distinguished panel of academics each essay conveys in direct jargon free language a genuinely international wide angled view of the ideas traditions and institutions that lie behind the contemporary urgency of world history     **Companion to Historiography** Michael Bentley,2006-02-27 This *Companion* presents a clear thematic overview of historiography explored through a series of stimulating and wide ranging articles Compiled by experts in the field the *Companion* is fully indexed for ease of access

Habermas and Giddens on Praxis and Modernity Craig Browne,2017-01-02 In *Habermas and Giddens on Praxis and*

Modernity Craig Browne investigates how two of the most important and influential contemporary social theorists have sought to develop the modernist visions of the constitution of society through the autonomous actions of subjects Comparing Habermas s and Giddens s conceptions of the constitution of society interpretations of the social structural impediments to subjects autonomy and attempts to delineate potentials for progressive social change within contemporary society Browne draws on his own work which has extended aspects of the social theorists approach to modernity Despite the criticisms developed over the course of the book Habermas and Giddens are found to be two of the most important theorists of democratization and social democracy the dynamics of capitalist modernity and their paradoxes social practices and reflexivity and the foundations of social theory in the problem of the relationship of social action and social structure **The Political Economy of European Integration** Erik Jones,Amy Verdun,2005 This book provides an accessible introduction to diverse political economy perspectives on different aspects of European integration It presents a critical appraisal of how scholars in the EU and US use theory to understand European integration *Management Divided* Matt Vidal,2022 One of the central dynamics shaping organizations is a contradiction managers face between ensuring workforce discipline and harnessing worker creativity In this rich study of American manufacturing Matt Vidal offers a theory of organizational political economy integrating concepts from organization theory into a classical Marxist framework Marxism and Realism Sean Creaven,2012-12-06 This book rethinks Marx s sociology as a form of realist social theory extending Roy Bhaskar s philosophical realism into the social sciences By constructing historical materialism as realist social theory it becomes possible to resolve many long standing dilemmas in Marxist discourse such as voluntarism versus determinism and humanism versus economism
