Making Marriage User Friendly Russ Holloman Ph. D., 2012-05-16 Why are some marriages more successful more satisfying and more enduring than others The answer to this question is perhaps the most widely studied and best known part of our marriage and family therapy literature although arguably it is the least understood and certainly the least followed in terms of avoiding the pitfalls that lead to unsuccessful marriages What this book proposes as an answer to this question is the nearest thing we have to a manifesto for marriage and family living It provides us with a clear description of what married life should be like No words or ideas sum up the intention of this manifesto better or indicate more clearly its challenge to contemporary marriages than the words making marriage user friendly

Making Marriage Work Lynn Toler, 2012-08-07 Solid advice for newlyweds golden anniversary celebrants and everybody in between from the Marriage Boot Camp and former Divorce Court star The Augusta Chronicle As the judge starring on two hit television shows Lynn Toler has witnessed en masse the thematic mistakes made in American marriages She herself has also been wed for more than 30 years and has seen both the highs and lows of matrimony in her own marriage as well as the marriages of those close to her Drawing from both her professional career and personal life Toler sees that the biggest impediment to marriage these days is that couples decide to take the plunge based almost entirely on the most irrational criteria falling in love Making Marriage Work doesn't

suggest that love has nothing to do with marriage at all rather Toler says that love by itself is simply not enough to make marriages survive Marriage Toler says is a job and it needs to be treated like one This updated manual suggests specific procedures that should be put in place to bridge the gap between head over heels and happily ever after It explains how to phrase things in order to span the great hormonal divide men and women often fall into when trying to talk to one another It also discusses the very new and real challenges to marriage created in a culture often overwhelmed by the emphasis on and ability to attain instant gratification Replete with simple no nonsense rules Divorce Court anecdotes and stories about Judge Toler s own union Making Marriage Work contains invaluable information couples can use today to secure their marital tomorrow

Making Marriage Modern Christina Simmons,2009-04-10 The nineteenth century middle class ideal of the married woman was of a chaste and diligent wife focused on being a loving mother with few needs or rights of her own The modern woman by contrast was partner to a new model of marriage one in which she and her husband formed a relationship based on greater sexual and psychological equality In Making Marriage Modern Christina Simmons narrates the development of this new companionate marriage ideal which took hold in the early twentieth century and prevailed in American society by the 1940s The first challenges to public reticence to discuss sexual relations between husbands and wives came from social hygiene reformers who advocated for a scientific but conservative sex education to combat prostitution and venereal disease A more radical group of feminists anarchists and bohemians opposed the Victorian model of marriage and even the institution of marriage Birth control advocates such as Emma Goldman and Margaret Sanger openly championed women s rights to acquire and use effective contraception The companionate marriage emerged from these efforts This marital ideal was characterized by greater emotional and sexuality intimacy for both men and women use of birth control to create smaller families and destigmatization of divorce in cases of failed unions Simmons examines what she calls the flapper marriage in which free spirited young wives enjoyed the early years of marriage postponing children and domesticity She looks at the feminist marriage in which women imagined greater equality between the sexes in domestic and paid work and sex And she explores the African American partnership marriage which often included wives employment and drew more heavily on the involvement of the community and extended family Finally she traces how these modern ideals of marriage were promoted in sexual advice literature and marriage manuals of the period Though male dominance persisted in companionate marriages Christina Simmons shows how they called for greater independence and satisfaction for women and a new female heterosexuality By raising women s expectations of marriage the companionate ideal also contained within it the seeds of second wave feminists demands for transforming the institution into one of true equality between the sexes

Intersections of Multiple Identities Miguel E. Gallardo,Brian W. McNeill,2011-02-11 Over the past two decades there has been an increase in the need to prepare and train mental health personnel in working with diverse populations In order to fully understand individuals from different cultures and ethnic backgrounds practitioners need to begin to examine

conceptualize and treat individuals according to the multiple ways in which they identify themselves The purpose of this casebook is to bridge the gap between the current practice of counseling with the newest theories and research on working with diverse clientele Each chapter is written by leading experts in the field of multicultural counseling and includes a case presentation with a detailed analysis of each session a discussion of their theoretical orientation and how they have modified it to provide more culturally appropriate treatment and an explanation of how their own dimensions of diversity and worldviews enhance or potentially impede treatment This text is a significant contribution to the evolving area of multicultural counseling and will be a valuable resource to mental health practitioners working with diverse populations

Marriage Without Borders Dinah Hannaford, 2017-07-26 This multi sited ethnography provides a rich account of the costs of global neoliberal economic policy for families in the global south With a focus on Senegalese migrants in Europe and their wives who are left behind Hannaford illustrates how new understandings of intimacy gender and class are forged in a culture of migration

Making Marriage Work Rob Pascale, Louis H. Primavera, 2016-02-23 Staying happily married has become a difficult proposition in recent times Although the institution is still firmly embedded in our culture divorce rates have steadily climbed since the 1960s While some marriages are truly divorce worthy many other broken marriages can be saved Recent emphasis on personal needs and greater social acceptance of divorce and alternative lifestyles may have weakened the resolve of partners to work through their problems Furthermore many couples may not realize that problems in their current marriages are likely to surface in other relationships Consequently while they may consider divorce a solution it may in fact only be a stepping stone to the next relationship where patterns may repeat Solving marital differences can be difficult They tend to be linked to or caused by other problems and that can make it hard to identify the real reasons for conflicts Without knowing the true nature of their problems couples cannot arrive at solutions that actually work To understand the underlying issues that plague many marriages the authors look to the research conducted on the subject over the past fifty years and to real life stories of success and failure to outline the major issues that detract from marital stability Drawing on Louis Primavera s twenty five years in private practice as a marriage counselor each chapter is peppered with anecdotes that every married person can relate to and that help bring

issues to life The authors also propose frank and honest solutions that can help couples have more satisfying relationships Anyone looking to improve their marriage will find suggestions for sussing out the underlying problems they may be experiencing and guidance for addressing those problems
