Making Microplans:

Microplanning manual to guide implementation of preventive chemotherapy to control and eliminate neglected tropical diseases World Health Organization, 2022-09-05 Neglected tropical diseases NTDs affect more than 1 billion people globally causing serious long term health effects Timely effective interventions such as preventive chemotherapy which involves the regular administration of safe effective medicines to a defined population irrespective of its infection status reduce morbidity and mortality The new NTD road map advocates preventive chemotherapy as a core intervention to reduce the burden of NTDs Effective administration of preventive chemotherapy relies largely on operational planning which addresses the need for programmes to reach all eligible people and maximize community demand for the intervention Local bottom up planning microplanning fosters effective implementation and monitoring of public health programmes Originally public health implementers developed microplanning for use in vaccination campaigns but various programmes including those for control and elimination of NTDs now use it This manual is based on these and other country experiences in microplanning of preventive chemotherapy for NTDs It describes the basic concepts of microplanning and provides steps and examples of tools to develop and implement a microplan Since microplanning originates at the lowest level of implementation and is a bottom up process the main target audience of this manual is individuals who are responsible for oversight of preventive chemotherapy against NTDs

The Spacemaker's Guide to Big Change Nabeel Hamdi, 2014-06-05 This book gives definition to participatory practice as a necessary form of activism in development planning for cities It gives guidance on how practice can make space for big and lasting change and for new opportunities to be discovered It points to ways of building synergy and negotiating our way in the social and political spaces in between conventional and often competing ideals public and private interests top down and bottom up formal and informal the global agendas which outsiders promote and the local needs of insiders for example It offers guidance on process designed to close gaps and converge worlds which we know have become divisive and discriminatory working from the detail of everyday life in search of beginnings that count building out and making meaningful locally the abstractions of the global causes we champion poverty alleviation environmental sustainability resilience Practice the collective process by which decisions are negotiated plans designed and actions taken in response to needs and aspirations locally and globally we will see is not just about being practical but more Its purpose is to give structure to our understanding of the order and disorder in our cities today then to disturb that order when it has become inefficient or inequitable even change it It is to add moral value to morally questionable planning practice and so build a social economy for the satisfaction of human need Practice in these spaces in between redraws the boundaries of expectation of disciplinary work and offers a new high ground of moral purpose from which to be more creative more integrated more relevant more resourceful more strategic RRA Notes Number 16 Special Issue on Applications for Health IIED., 1992 **Making Microplans** Reinhard Goethert, Nabeel Hamdi, 1988 Microplanning is a community based

process which enables local people to prepare and implement programmes for settlement upgrading Local participants contribute to both the content and structure of programmes Case studies from Chile and Sri Lanka The Earthscan Reader in Sustainable Development John Kirkby, Phil O'Keefe, Lloyd Timberlake, 2023-01-23 Such a huge number of books journals and papers have been devoted to defining assessing and implementing sustainable development that students and other readers face information overload Earthscan alone has published hundreds of essays and books on the subject Now though the most authoritative writings have been carefully assessed and collected together in the Earthscan Reader in Sustainable Development The contributions included span five years of the debate and cover all the principle themes the history of the concept the problems in defining it the issues surrounding it and national international policies and schemes to implement it For ease of use the essays have been split into key subject areas such as agriculture population and the commons and they include practical case studies and examples together with analyses from a number of different viewpoints from both the North and South These seminal essays will provide readers with a unique overview of the subject as well as the long awaited basic course material for students of environmental studies economics geography politics planning and the social sciences

Wish Out of Water Holley Trent, 2022-02-15 Brook Williams was raised to avoid drawing attention at all costs At twenty eight she wonders if her mermaid mother s paranoia isolated Brook and her

siblings from society to a harmful extreme When Brook intervenes to save a stranger from a careening truck however she quickly learns her mother s obsessive concerns were entirely justified There s just something about Brook that Cooper Koning can t get off his mind At first he thinks his infatuation is due to the concussion sustained when she shoved him out of traffic Then he realizes that she s simply perfect perfect to free him from a looming future being the king of Souersland His candid Hail Mary proposal comes with few strings attached Brook marries him he s tossed from the line of succession she gets a wad of cash for her struggling swim school and they go their separate ways Of course Cooper soon realizes that he d be foolish to let her go Now that she s left her little world though the mermaid skeletons in Brook s closet can no longer stay hidden Her mother left the sea to escape a burdensome duty and now that duty is Brook s And in a strange twist of fate that mantle may mean that it isn t even Cooper s human family who should rule Souersland but Brook s magical one Can a relationship built on fables endure Or will the star crossed spouses quickly decide their differences are too tremendous to overcome

Wholesale Markets J. D. Tracey-White,1991-01-01 Wholesale marketing systems for fruit vegetables and other fresh foodstuffs such as livestock and fish are often inadequate They neither maximize benefits to producers nor to consumers This manual has been compiled to provide a systematic methodology based on the sequence of steps normally adopted in the development process The manual should be of practical value both to senior professionals and to technicians in undertaking marketing and engineering surveys in the preparation of feasibility studies and master plans and in formulating proposals for the provision of physical facilities

Urban Projects Manual Great Britain. Department for International Development,2000-01-01 The Urban Projects Manual addresses key issues facing professionals working in the urban sector and illustrates methods with examples For this new edition sections have been updated references added to Latin American cases and additional technical notes included is likely to continue to be an indispensable aid to development professionals worldwide Habitat International

Adapting Cities to Climate Change Jane Bicknell,David Dodman,David Satterthwaite,2012-05-31 This volume brings together for the first time a wide ranging and detailed body of information identifying and assessing risk vulnerability and adaptation to climate change in urban centres in low and middle income countries Framed by an overview of the main possibilities and constraints for adaptation the contributors examine the implications of climate change for cities in Africa Asia and Latin America and propose innovative agendas for adaptation The book should be of interest to policy makers practitioners and academics who face the challenge of addressing climate change vulnerability and adaptation in urban centres throughout the global South Published with E U and International Institute for Environment and Development

Asian Economic Systems Steven Rosefielde,2013 Asian Economic Systems provides readers with a crisp analytic framework concepts and narrative highlighting contemporary Asia s systemic diversity The framework facilitates insightful comparison with the western neoclassical ideal This method allows students to easily appreciate the special virtues of various Asian economic systems and compare them with those offered in the west This

objective is buttressed with background material on Asian economic history where appropriate together with basic data on Asian and global economic performance to help students integrate concepts with experience The approach provides an objective platform for discussing Asia's place and future in the new global order It makes it clear that there is no universally best economic system There are a variety of good systems and nations should choose the system that best suits their cultural heritage values and aspirations The approach informs discussions about the wisdom of forming regional free trade zones economic communities like ASEAN and unions analogous to the European Union as well as forging a one world system of economic governance Also Asian Economic Systems has a secondary goal It provides the tools needed for training students in how to apply microeconomic macroeconomic and financial principles to practical issues of systems and policies The book focuses on East and Southeast Asia The term Asia is used as a shorthand for the cultural region dominated historically by Confucian kinship networks Japanese communalism and Theravada Buddhism and more recently by Marxist/Communist Leninist communism It excludes the Middle East Central Asia the Himalayan states South Asia Malaysia Indonesia the Philippines Russia and America's Asia Pacific possessions The book identifies and elaborates four rival market systems in contemporary Asia each with its own distinctive performance characteristics potentials and humanist properties 1 communist China Vietnam Laos and Cambodia 2 Confucian Taiwan Singapore Hong Kong and South Korea 3 communal Japan and 4 Theravada Buddhist Thailand and Sri Lanka Their comparative merit is partly obscured by differences in stages of economic development epochal and conjunctural factors but their special positive and negative attributes are unmistakable and are compared with North Korea's communist command system which is the region's fifth core alternative to democratic free enterprise
