Margaret Of York Duchess Of Burgundy 1446 1503:

Margaret of York, Duchess of Burgundy, 1446-1503 Christine B. Weightman, 1989 Margaret of York, Duchess of Burgundy, 1446-1503 Christine Weightman, 1989 Margaret of York Harry Schnitker, 2016 **Margaret of York, Princess of England and Duchess of Burgundy, 1446-1503** A. J. J. Schnitker, 2007 **St Francis and Cultural Memory** David Salter, 2025-05-11 St Francis and Cultural Memory explores central aspects of English national spiritual and broader cultural identity through a detailed yet accessible analysis of a familiar figure the Franciscan Friar Covering more than four hundred years from the late fourteenth to the late eighteenth centuries and taking in a wide variety of different literary and artistic forms the book charts the changing face of the Franciscan friar in the English literary imagination and examines how developments within this evolving tradition were both shaped by and have helped to shape wider debates within English culture about the relationship between religious and national identity and the past and the present Central to this analysis is the notion of cultural memory At the time of its suppression in the 1530s the Franciscan Order was too deeply assimilated into the social fabric of England either to be forgotten or to be credibly labelled an entirely alien presence despite the best efforts of Protestant polemicists to do so Rather the effect of the Reformation was to suppress but not completely to erase memories of English Franciscans The Catholic history that English Protestantism sought to deny was prone to return in unexpected and often distorted and disturbing forms so that in the centuries following the Reformation Franciscans came to haunt the imagination of English writers and artists Appearing in a wide variety of literary and artistic guises these ghostly Franciscans functioned as spectres of a national past which English Protestantism tried to disavow but which it was unable entirely to destroy Franciscan friars appear in the work of some of the most popular and influential writers and artists from the fourteenth to the eighteenth centuries reflecting the centrality of the Order to ongoing debates within English culture about religion and national identity The book discusses in detail the work of Geoffrey Chaucer Thomas Malory Thomas More William Shakespeare William Hogarth Edward Gibbon Ann Radcliffe and Matthew Lewis It explores the individual responses of these writers and artists to the Franciscans and their legacy and also highlights the ways in which this shared interest in the Order reveals hitherto unacknowledged connections between their work **Power-brokers and the Yorkist State, 1461-1485** Alexander R. Brondarbit, 2020 Examination of the role played by key figures around the monarchy in the Wars of the Roses **Elizabeth of York** Amy Licence, 2013-02-15 The biography of Henry VII's queen and mother of Henry VIII the true story of the White Princess *Reputation and Representation in Fifteenth Century Europe* Douglas L. Biggs, Sharon D. Michalove, Albert Compton Reeves, Richard III Society. Harris Daniel Thiery John Leland Peter Fleming Virginia K Henderson *The Yorkists* Anne Crawford,2008-02-01 An incisive study of the Yorkists including the well known figures of Richard III Edward III IV and V that places them in both an historical and literary context **The Brothers York** Thomas Penn,2021-06-15 Originally published in Great Britain in 2019 by Penguin Random House UK Last Champion of York Stephen David,2019-02-21 Between 1483 and 1485 Viscount Francis Lovell was one of the most important and influential men in the government of his childhood friend Richard III becoming the King's Chamberlain and a Knight of the Garter Lovell continued to support a Ricardian claim to the throne long after Richard III's death at Bosworth and his elusive presence cast a dark shadow over the early years of Henry VII's reign He became Henry VII's most persistent and dangerous enemy orchestrating an assassination attempt on the new king He was also architect of an international conspiracy that sought to replace Henry with a Ricardian pretender known as Lambert Simnel which culminated in the battle of Stoke in 1487 the last true battle in the Wars of the Roses Following Stoke Lovell disappears from historical record and his fate is a mystery to this day The eighteenth century discovery at Minster Lovell of the skeletal remains of a medieval man in a sealed vault possibly reveals the final resting place of Francis Lovell the last champion of York An historical account of the mystery surrounding Francis Lovell the childhood friend of Richard III Francis Lovell was one of the most influential men in the Government of Richard III Of great interest to all historians and students of medieval history Middle Ages and the Wars of the Roses Illustrated with a 4 page colour section of 10 photographs Stephen Davis has a degree in History and an MA in Medieval History and has lectured widely on the Wars of the Roses **Cecily Neville** John Ashdown-Hill,2018-04-30 An intriguing new biography of the fifteenth century Duchess of York and mother to two kings of England Wife to Richard Duke of York mother to Edward IV and Richard III and aunt to the famous Kingmaker Richard Earl of Warwick Cecily Neville was a key player on the political stage of fifteenth century England She is rumored to have been known as the Rose of Raby because of her beauty and her birth at Raby Castle and as Proud Cis because of her vanity and fiery temper But Cecily's personality and temperament have actually been highly speculated upon In fact much of her life is shrouded in mystery Aside from Cecily's role as mother and wife who was she really Matriarch of the York dynasty she navigated through a tumultuous period and lived to see the birth of the future Henry VIII From seeing the house of York defeat their Lancastrian cousins to witnessing the defeat of her own son Richard III at the battle of Bosworth Cecily then saw one of her granddaughters become Henry VII's queen consort Her story is full of controversy and the few published books on her life are full of guesswork In this highly original history Dr John Ashdown Hill renowned for his role in locating the long lost remains of Richard III in 2012 seeks to dispel the myths surrounding Cecily using previously unexamined contemporary sources Includes illustrations **Women and Portraits in Early Modern Europe** Andrea Pearson,2016-12-05 As one of the first books to treat portraits of early modern women as a discrete subject this volume considers the possibilities and limits of agency and identity for women in history and with particular attention to gender as categories of analysis for women

s images Its nine original essays on Italy the Low Countries Germany France and England deepen the usefulness of these analytical tools for portraiture Among the book s broad contributions it dispels false assumptions about agency s possibilities and limits showing how agency can be located outside of conventional understanding and conversely how it can be stretched too far It demonstrates that agency is compatible with relational gender analysis especially when alternative agencies such as spectatorship are taken into account It also makes evident the importance of aesthetics for the study of identity and agency The individual essays reveal among other things how portraits broadened the traditional parameters of portraiture explored transvestism and same sex eroticism appropriated aspects of male portraiture to claim those values for their sitters and as sites for gender negotiation resistance and debate invoked considerable relational anxiety Richly layered in method the book offers an array of provocative insights into its subject **Envisioning Gender in Burgundian Devotional Art, 1350-1530** Andrea Pearson, 2017-05-15 Illuminated here are the relationships between visual culture faith and gender in the courtly monastic and urban spheres of the early modern Burgundian Netherlands By examining works by artists such as the Master of Mary of Burgundy Jan van Eyck Hans Memling and Bernard van Orley author Andrea Pearson identifies and explores pictorial constructions of masculinity and femininity in regard to the expectations experiences and practices of devotion Specifically she demonstrates that two of the most prominent visual genres of the period books of hours and devotional portrait diptychs were manipulated by patrons and spectators of both sexes to challenge and negotiate the boundaries and hierarchies of gender and that marginalized individuals and groups appropriated the types to resist the authority of others and advance their own Ultimately the books and diptychs emerge as critical and often contentious sites for deliberating and transacting gender By integrating books of hours and devotional portrait diptychs into current interdisciplinary theoretical discourse on gender power and devotion the author engages scholars in a range of disciplines art history history religion and literature as well as women s and men s studies ***The Mythology of Richard III*** John Ashdown-Hill, 2015-04-15 John Ashdown Hill whose research was instrumental in the discovery of Richard III s remains explores and unravels the web of myths around Richard III ***The Encyclopedia of Diplomacy, 4 Volume Set*** Gordon Martel, 2018-04-30 The Encyclopedia of Diplomacy is a complete and authoritative 4 volume compendium of the most important events people and terms associated with diplomacy and international relations from ancient times to the present from a global perspective An invaluable resource for anyone interested in diplomacy its history and the relations between states Includes newer areas of scholarship such as the role of non state organizations including the UN and M decins Sans Fronti res and the exercise of soft power as well as issues of globalization and climate change Provides clear concise information on the most important events people and terms associated with diplomacy and international relations in an A Z format All entries are rigorously peer reviewed to ensure the highest quality of scholarship Provides a platform to introduce unfamiliar terms and concepts to students engaging with the literature of the field for the first time **Tudor England**
