Maria Nephela A Poem In Two Voices:

Maria Nephela Odysseas Elytis, 1981 The Nobel laureate's prizewinning poem tells of a young female radical of our age and comments on history politics and culture to create a portrait of the modern situation *Kassandra and the Censors* Karen Van Dyck, 2018-05-31 In this pioneering study of contemporary Greek poetry Karen Van Dyck investigates modernist and postmodernist poetics at the edge of Europe She traces the influential role of Greek women writers back to the sexual politics of censorship under the dictatorship 1967-1974 Reading the effects of censorship in cartoons the dictator's speeches the poetry of the Nobel Laureate George Seferis and the younger generation of poets she shows how women poets use strategies which although initiated in response to the regime's press law prove useful in articulating a feminist critique In poetry collections by Rhea Galanaki Jenny Mastoraki and Maria Laina among others she analyzes how the censors' tactics for stabilizing signification are redeployed to disrupt fixed meanings and gender roles As much a literary analysis of culture as a cultural analysis of literature her book explores how censorship consumerism and feminism influence contemporary Greek women's poetry as well as how the resistance to clarity in this poetry trains readers to rethink these cultural practices Only with greater attention to the cultural and formal specificity of writing Van Dyck argues is it possible to theorize the lessons of censorship and women's writing

Mediterranean Modernisms Marinos Pourgouris, 2016-04-22 Engaging with the work of Nobel Prize-winning poet Odysseus Elytis within the framework of international modernism Marinos Pourgouris places the poet's work in the context of other modernist and surrealist writers in Europe At the same time Pourgouris puts forward a redefinition of European Modernism that makes the Mediterranean and Greece in particular the discursive contact zone and incorporates neglected elements such as national identity and geography Beginning with an examination of Greek Modernism Pourgouris's study places Elytis in conversation with Albert Camus analyzes the influence of Charles Baudelaire Gaston Bachelard and Sigmund Freud on Elytis's theory of analogies traces the symbol of the sun in Elytis's poetry by way of the philosophies of Heraclitus and Plotinus examines the influence of Le Corbusier on Elytis's theory of architectural poetics and takes up the subject of Elytis's application of his theory of Solar Metaphysics to poetic form in

the context of works by Freud C G Jung and Michel Foucault Informed by extensive research in the United States and Europe Pourgouris s study makes a compelling contribution to the comparative study of Greek modernism the Mediterranean and the work of Odysseus Elytis *God Gardened East* Louis A. aujourd'hui cette idée bien ancrée en lui parce qu'elle semble être le seul chemin vers la réussite ou qu'elle justifie des comportements parfois peu éthiques. Mais quand la vie s'adosse uniquement à l'argent et une logique agressive de consommation possession comme seule option pour apaiser nos peurs ou assouvir nos désirs l'économie ne libère plus et provoque des enfermements. La notion de paix économique offre un contrepoint à celle de guerre économique valorisant notre nature coopérative plutôt que notre potentiel agressif. Sans imposer une autre vérité elle réinvente un horizon possible au travail et lui redonne du sens par le partage et la mise au service. Loin d'une perspective insipide elle requiert exaltation engagement effort et détermination. Dans cet ouvrage Dominique Steiler nous montre comment par la pleine conscience et le bien-être l'entreprise peut retrouver le but qui fait le sien créer des richesses et contribuer au bien commun en renforçant le tissu social de manière durable et respectueuse de la dignité humaine et de la nature. Osons la paix économique propose des réflexions et des pistes inédites concrètes soutenues par la recherche et testées en entreprises sur les options que nous avons de faire de l'économie et du travail l'un des plus beaux moyens d'épanouissement et de bonheur des personnes et de la société.
