The Slavic Letters of St. Jerome Julia Verkholtantsev, 2014-09-30 The Slavic Letters of St Jerome is the first book length study of the medieval legend that Church Father and biblical translator St Jerome was a Slav who invented the Slavic Glagolitic alphabet and Roman Slavonic rite Julia Verkholtantsev locates the roots of this belief among the Latin clergy in Dalmatia in the 13th century and describes in fascinating detail how Slavic leaders subsequently appropriated it to further their own political agendas The Slavic language written in Jerome s alphabet and endorsed by his authority gained the unique privilege in the Western Church of being the only language other than Latin Greek and Hebrew acceptable for use in the liturgy Such privilege confirmed repeatedly by the popes resulted in the creation of narratives about the distinguished historical mission of the Slavs and became a possible means for bridging the divide between the Orthodox and Catholic Churches in the Slavic speaking lands In the fourteenth century the legend spread from Dalmatia to Bohemia and Poland where Glagolitic monasteries were established to honor the Apostle of the Slavs Jerome and the rite and letters he created The myth of Jerome s apostolate among the Slavs gained many supporters among the learned and spread far and wide reaching Italy Spain Switzerland and England Grounded in extensive archival research Verkholtantsev examines the sources and trajectory of the legend of Jerome s Slavic fellowship within a wider context of European historical and theological thought This unique volume will appeal to medievalists Slavists scholars of religion those interested in saints cults and specialists of philology

Prayer and Thought in Monastic Tradition Santha Bhattacharji, Dominic Mattos, Rowan Williams, 2014-03-27 Prayer and Thought in Monastic Tradition presents a chronological picture of the development of monastic thought and prayer from the early English Church Bede Adomnan through to the 17th Century and William Law s religious community at King s Cliffe Essays interact with different facets of monastic life assessing the development and contribution of figures such as Boniface the Venerable Bede Anselm of Canterbury and Bernard of Clairvaux The varying modes and outputs of the monastic life of prayer are considered with focus on the use of different literary techniques in the creation of monastic documents the interaction between monks and the laity the creation of prayers and the purpose and structure of prayer in different contexts The volume also discusses the nature of translation

of classic monastic works and the difficulties the translator faces The highly distinguished contributors include G R Evans Sarah Foot Henry Mayr Harting Brian McGuire Henry Wansbrough and Rowan Williams *Music and Ceremony at the Court of Charles V* Mary Tiffany Ferer, 2012 Music and Ceremony reconstructs musical life at the court of Charles V examining the compositions which emanated from the court the ordinances which prescribed ritual and ceremony and the Emperor's prestigious chapel which reflected his power and influence The Masses and Motets of William Byrd Joseph Kerman, Professor of Music Joseph Kerman, 1981-01-01 In this the first of a three volume study of Byrd's complete output under the general title The Music of William Byrd the author essays a first full scale historical and critical assessment of Byrd's sacred music to Latin words one of the great glories of the Elizabethan Age Each of the approximately 175 compositions is considered at least briefly with fuller appreciation accorded to such masterpieces as Emendemus in Melius Tristitia et anxietas Iusorum animae Ave verum corpus the lamentations and the three famous masses There are more than sixty musical examples some of considerable length In critical prose that slights neither technicalities nor the intense emotional qualities of his subject matter the author sheds fresh and often unexpected illumination on Byrd's musical rhetoric and on his powerful endlessly inventive musical structures Re-examining the known facts of Byrd's life in relation to the patronage and politics of the time the author boldly argues that while the impetus behind Byrd's early motets was primarily traditionalist and technical that behind his Cantiones sacrae motets of the 1580s was essentially political they were covert laments and protests on behalf of the embattled recusant community *Composing Community in Late Medieval Music* Jane D. Bruges Andrew Brown, Jan Dumolyn, 2018-05-03 Bruges was undoubtedly one of the most important cities in medieval Europe. Bringing together specialists from both archaeology and history, this total history presents an integrated view of the city's history from its very beginnings, tracing its astonishing expansion through to its subsequent decline in the sixteenth century. The authors' analysis of its commercial growth, industrial production, socio-political changes and cultural creativity is grounded in an understanding of the city's structure, its landscape and its built environment. More than just a biography of a city, this book places Bruges within a wider network of urban and rural development and its history in a comparative framework, thereby offering new insights into the nature of a metropolis.
