THE UNIDENTIFIED SOLDIER IN THE USO POSTER RICHARD & BETTY COATE,2014 The horrors of WWII were still fresh in our minds when the Korean War broke out June 25, 1950 when the North Korean Communists crossed the Thirty Eighth Parallel to invade South Korea, changed the course of my life. Betty, her roommate Marian Ott, Richard's old Trenton buddy and roommate Harvey Seeman and Richard were driving to Old Man's Cave which is about a hundred miles southwest of Columbus. It was a day made for poets and we couldn't have been in a more festive mood. The radio was tuned to the classical music station on WOSU when the program was interrupted with the news that the North Korean Communist troops had crossed the Thirty Eighth Parallel to invade South Korea. Where's that Richard flunked his physical for induction into WWII but would pass muster to fight in what was tragically mislabeled as a mere police action. Richard had proposed marriage to Betty earlier that spring with plans for a wedding the following December of '50. Little over eight months since their trip to Old Man's Cave, Richard was among the first draftees to enter the war. The title of this book is apt. Had I been

identified it could never have been used as a symbol of American fighting forces throughout the globe Since it was used as a symbol at the peak of the Cold War the advertising executive who handled the USO account had no way of knowing that I was not one of the 36 000 who were KIA in the war And he also presumed that if I survived the war I could never prove it to be me The AP release stated the photograph was taken by a man with the initials JM An elderly woman in the World Wide AP photo department said Why that s Jimmy Martenhoff **Counter-Revolution of the Word** Alan Filreis,2009-09-14

Counter revolution of the Word is about conservatives attempt to destroy the modernist avant garde in the anticommunist period after World War II The antagonists readers will meet in these pages by no means constitute a monolithic force They were not ideologically of a kind But aesthetically Well yes aesthetically they were more or less unified they knew what they formally opposed and the narrative of that surprising unity lies at the center of this study A few of these people did work together such as the band of poets and poetry editors most of them reactionary antimodernists that the prolific Stanton Coblenz helped assemble under the banner of the League for Sanity in Poetry Others among Coblenz s colleagues however would not have recognized themselves as allies quite aside from their hatred of modern poetry differences between them academic theoretical personal would have gotten in the way To my knowledge this is the first book written about the overall effects of actual anticommunism on modernist American poetry and poetics Such a blank in our understanding of American art and artists has its specific causes A main cause is the apparent disappearance of the evidence for links between and among disparate truculent McCarthyite elements in the poetry world and their communist poet enemies and the modernist experimenters who have not been known to have connections to the communist movement Keep Watching the Skies! Bill Warren,2009-11-30 Bill Warren s Keep Watching the Skies was originally published in two volumes in 1982 and 1986 It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film In addition to a detailed plot synopsis full cast and credit listings and an overview of the critical reception of each film Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making The book contains 273 photographs many rare 35 in color has seven useful appendices and concludes with an enormous index This book is also available in softcover format ISBN 978 1 4766 6618 1

American Monroe S. Paige Baty,1995-08-15 A highly original work that is extremely important to the study of both culture and politics Demonstrating how the cultural icon of Marilyn Monroe provides the body politic in American mass mediated society Baty not only offers a provocative reading of the iconographic biographic cartographic and hagiographic modes in which Marilyn has been written by others but also gives us a novel theorization of how popular culture translates transforms and embodies the political sphere Vivian Sobchack author of The Address of the Eye Reborn on coffee cups T shirts and film footage in conspiracy theory biography and necrophilia the remembered fragments of Marilyn Monroe so Paige Baty shows make up cult objects of our imagined community American Monroe is endlessly revelatory not only about

the meanings of Marilyn but also about the nature of the common culture of the United States Mike Rogin author of *Ronald Reagan The Movie* In this original imaginative and innovative book Paige Baty asks and answers important questions about U S political culture by examining many mass mediated memories of Marilyn Monroe Baty uses our continuing national obsession with Monroe s life and death as a means of exploring the ways in which languages of belonging dominate our mass mediated political landscape She explores how iconic representations personal biographies conspiracy theories and anxieties about death shape the symbolic economy of American politics into what she calls the post mortem condition This important inquiry about collective memory mass media and political culture starts with the life and the mass mediated memory of one celebrity but it builds into a fascinating and persuasive general discussion about the nature of knowledge and the social production of the individual self in a world where mass mediated images and icons form the core of our collective consciousness George Lipsitz author of *Dangerous Crossroads Popular Music Postmodernism and the Poetics of Place* If U S culture cannot forget Marilyn Monroe readers of *American Monroe* will not be able to forget Professor Baty s elegant and provocative arguments Elvis Presley and Marilyn Monroe are both representative figures in U S cultural politics While his death is repetitively denied Elvis s living clones endlessly populate hotel conventions and tabloids But it is Marilyn s dissected body and haunting story of suicide that proliferate in the undead spaces of U S mass mediated culture In *American Monroe* Baty writes a haunting kind of political theory Her project probes the profusion of meanings associated with a cultural figure who is at the heart of contemporary crises in representation *American Monroe* is a book about cultural memory as political practice it is a work to remember Donna Haraway author of *Simians Cyborgs and Women The Reinvention of Nature*

Hollywood by Hollywood Steven Cohan, 2019 The backstudio picture or the movie about movie making is a staple of Hollywood film production harking back to the silent era and extending to the present day What gives backstudios their coherence as a distinctive genre Steven Cohan argues in *Hollywood by Hollywood* is their fascination with the mystique of Hollywood as a geographic place a self contained industry and a fantasy of fame leisure sexual freedom and modernity Yet by the same token if backstudio pictures have rarely achieved blockbuster box office success what accounts for the film industry s interest in continuing to produce them The backstudio picture has been an enduring genre because aside from offering a director or writer a chance to settle old scores in branding filmmaking with the Hollywood mystique the genre solicits consumers strong investment in the movies Whether inspiring the movie crazy fan girls of the early teens and twenties or the wannabe filmmakers of this century heading to the West Coast after their college graduations backstudios have given emotional weight and cultural heft to filmmaking as the quintessential American success story But more than that a backstudio picture is concerned with shaping perceptions of how the film industry works with masking how its product depends upon an industrial labor force including stardom and with determining how that work s value accrues from the Hollywood brand stamped onto the product Cohan supports his well theorized and well researched claims with nuanced

discussions of over fifty backstudios some canonical and well known and others obscure and rarely seen Covering the hundred year timespan of feature length film production Hollywood by Hollywood offers an illuminating perspective for considering anew the history of American movies Room to Grow Tracey Gold,2012-09-03 Tracey Gold was well known to television audiences in the 1980s and 90s as the wholesome teenage sister on the long running series Growing Pains She co starred for eight years alongside Kirk Cameron as brainy sister Carol Seaver in a picture perfect American family A working actress since the age of 4 she was a pretty and professional young star with a limitless future But behind the smiles Tracey was fighting the battle of her life Photos of the shockingly thin Tracey faced readers from the cover of People magazine revealing her struggle with an eating disorder that had plagued her for years In this candid memoir the actress recounts her offscreen troubles that viewers were unaware of at the time Room to Grow is a moving account of a trip to hell and back It is a journey of self discovery and a chronicle of the very difficult lessons Tracey learned about coping in a society where emaciation is the ultimate ideal *Counter-Revolution of the Word (Volume 2 of 2) (EasyRead Super Large 18pt Edition)* ,
