Made in China Mark Reutlinger,2012-04-28 By the year 2020 America is outsourcing virtually all its manufacturing most of it to China We depend on them for almost everything we buy and sell without them our economy would collapse That

dependence threatens to become fatal when economic war is declared on America by a hostile Chinese government and all products Made in China suddenly disappear cut off at their source Seattle based systems engineer Jack Conway finds himself the point man for Americas response to Chinas embargo His new position puts him and the woman he loves in extreme danger as they become the targets of hired hit men in a deadly game of industrial espionage and international intrigue These ruthless killers will stop at nothing to protect the Chinese agenda Meanwhile America faces its greatest challenge since World War II the revival of the nations moribund factories and industries MADE IN CHINA is an informed look at Americas reaction to economic embattlement it is also a love story as two people discover how far they will go not only to protect their country but to preserve their relationship and the life they hope to share As America outsources more and more work to foreign soil Reutlinger gives us a frightening glimpse into the future toward which we may be headed David H.

Summary of Joe Posnanski's Why We Love Baseball Milkyway Media,2024-01-25 Get the Summary of Joe Posnanski s Why We Love Baseball in 20 minutes Please note This is a summary not the original book Why We Love Baseball by Joe Posnanski is a heartfelt exploration of baseball s most memorable moments and the emotional connections they forge Posnanski intertwines personal anecdotes with historical events capturing the essence of the sport through various lenses From Joe Mantegna s awe at Kerry Wood s 20 strikeout game to the Niekro family s knuckleball legacy the book delves into the game s unpredictability and the joy it brings **At a Loss to Eternity** Thomas Porky McDonald,2005-04-12 In direct contrast to the plethora of winning is everything material that has incrementally grown since the 1990s Thomas Porky McDonald poet and writer offers up At a Loss to Eternity an admittedly arbitrary look at a number of fine baseball teams that as the subtitle states Didnt Win it All Spanning from the early days of the modern World Series Era to the present McDonald attempts to enlighten those who are willing as well as those seemingly scarred by the burgeoning attitude that everyone is a loser except the one that wins the ultimate Championship League Champions who lost the World Series like the legendary 1906 Tinker to Evers to Chance Chicago Cubs or Milwaukeees Brew Crew 82 take their proper place amongst the elites that they ultimately lost the Fall Classic to Remarkable second place teams such as the 1942 Brooklyn Dodgers and the 1961 Detroit Tigers each

winners of 100 regular season games are also afforded a forum here. Storied franchises currently in the throes of long Championship droughts from Chicago's Cubs and White Sox to the Cleveland Indians are considered along with their former baseball purgatory roommate the Boston Red Sox who finally took it all in 2004. *At a Loss to Eternity* asks the reader to simply recall what professional sports and baseball in particular are really about. The joy that those who love the Game get from it cannot be dismissed by a growing inane win or die attitude fostered by mass media and accepted incoherently in too many places. Winning is wonderful and all athletes should certainly strive to win every time they enter the playing field. Nonetheless, any player that gives every ounce of effort they can toward the goal of winning could never be a loser despite what those who've probably never accomplished anything themselves would have you believe. Winning isn't everything, though aspiring to win surely should be. The Red Sox 2004 World Championship exorcized many ghosts for some, but the truth is that many wonderful teams and a number of All-Time stars that did not win a World Title will always shine even though they never managed to secure a ring. So much so that *At a Loss to Eternity* is in fact ultimately a tale of winners. **Just Tell Me I**

Can't Jamie Moyer, Larry Platt, 2013-09-10 An extraordinary and surprising memoir from Jamie Moyer who at age 49 became the oldest pitcher to ever win a game in the major leagues. Long-time fans of the National Pastime have known Moyer's name for more than 25 years. That's because he's been pitching in the bigs for all those years. With his trademark three pitches slow, slower, and slowest, the left-handed Moyer is a pinpoint specialist whose won-lost record actually got better as he got older from his 20s to his 30s and into 40s. He's only a few wins shy of 300 for his amazing career. But this is where the book takes an unusual turn. Moyer was just about finished as a big leaguer in his mid-20s until he fatefully encountered a gravel-voiced, highly confrontational sports psychologist named Harvey Dorfman. Listening to the in-your-face insights of Dorfman, Moyer began to re-invent himself and reconstruct his approach to his game. Moyer went on to become an All-Star and also a World Series champion. Yogi Berra once observed that half of this game is 90% mental. And Moyer's memoir proves it. **Magic**

An extraordinary celebration of Yankee history, fans will have the opportunity to reminisce about these miraculous moments for years to come. *The Magic Egg, and Other Stories* Frank R. Stockton, 1907 **Ichiro Suzuki** Jeff Savage, 2003-01-01 Introduces the life and accomplishments of champion baseball player Ichiro Suzuki, the first Japanese position player to switch from the Japanese League to the Major Leagues.
