Mario Fenyo On The Third World A Reader:

Mario Fenyo on the Third World Abdul K. Bangura, 2002-08-27 This book is about Dr Mario D Fenyo and his work on the Third World It represents part of his effulgence as a scholar for global understanding **Ethiopia and the United States** Getachew Metaferia, 2009 Explaining the issues and what is at stake in the current turmoil between Ethiopia and her neighbors including Somalia this informative and authoritative study presents the history of diplomatic relations and shifting alliances between the United States and Ethiopia in the context of Cold War politics the roles of the Ethiopian Jews and the Ethiopian diaspora in the West **Books in Print Supplement** , 2002 *Win* , 1980 **Literature and Political Change: Budapest, 1908-1918** Mario Fenyo, 2007-12 A study of the Nyugat movement in the late Austro Hungarian Empire one of the organizers of which was the father of author Mario D Fenyo The objective purpose of this study is twofold First it is an attempt to formulate a methodology a theory of the political function of literature Second it is a case study Contents The Historical Context The Literary Context The Financial Context The Political Attitudes of the Nyugat Writers Numbers The Nyugat The Nyugat The Nyugat versus the Establishment The Mirror or the Hammer Illustrations **Cheap Print and the People** David Atkinson, Steve Roud, 2019-06-17 In every country across Europe at some point or other during the last five hundred years cheap printed materials were the staple diet of ordinary people providing a rich array of entertainment education and information They came in various forms but were usually variations on the theme of single sheets or simple booklets and they were carried far and wide in pedlars packs and sold in the streets at fairs and markets and wherever crowds gathered as well as in backstreet shops Their content was as broad as can be imagined news and scandal crimes and last dying confessions of murderers divinations instructional works wonder stories miracles folktales and legends love stories celebrations of national victories and lamentations for the good old days They were often couched in the form of poetry or song and included pictures in the form of woodcuts and engravings to add to their appeal In every country across Europe governments and local and religious authorities tried at times to suppress or control these cheap printed materials Sometimes too the authorities would adopt the format of cheap print to spread their own moral and conformist messages The educated elites almost always treated cheap print with disdain but the people continued to buy these items in their tens of thousands and the printers knew exactly what they wanted Neglected and reviled for centuries cheap print shines a light on the culture and lives of ordinary people This is the first volume to take a pan European perspective with each chapter detailing the experience of a particular country or region offering the reader the opportunity to progress from the particular to a continent wide overview This combination of the ubiquity of the materials and overarching themes with the variations wrought by local circumstances can be summed up in the phrase always the same but everywhere different **Everything to Nothing** Geert Buelens, 2016-02-16 The poets Great War violence revolution and modernism The First World War changed the map of Europe forever Empires collapsed new countries were born revolutions shocked and inspired the world This

tumult sometimes referred to as the literary war saw an extraordinary outpouring of writing The conflict opened up a vista of possibilities and tragedies for poetic exploration and at the same time poetry was a tool for manipulating the sentiments of the combatant peoples In Germany alone during the first few months there were over a million poems of propaganda published We think of war poets as pacifistic protestors but that view has been created retrospectively The verse of the time particularly in the early years of the conflict in Fernando Pessoa or Filippo Tommaso Marinetti for example could find in the violence and technology of modern warfare an awful and exhilarating epiphany In this cultural history of the First World War the conflict is seen from the point of view of poets and writers from all over Europe including Rupert Brooke Anna Akhmatova Guillaume Apollinaire Gabriele D Annunzio Vladimir Mayakovsky Rainer Maria Rilke and Siegfried Sassoon Everything to Nothing is the award winning panoramic history of how nationalism and internationalism defined both the war itself and its aftermath revolutionary movements wars for independence civil wars the treaty of Versailles It reveals how poets played a vital role in defining the stakes ambitions and disappointments of postwar Europe **American Book Publishing Record**

,1996-05 *Dictionary of the Holocaust* Eric J. Epstein, Philip Rosen, 1997-11-20 This concise easy to use resource on the Holocaust is rich in factual and statistical information and provides a comprehensive compilation of the people and terms that are essential for an understanding of the Holocaust In 2 000 entries it profiles major personalities covers concentration and death camps cities and countries and significant events Also included are important terms translated from German French Polish Yiddish and twelve other languages Biographical entries give a brief history the person s significance and their historical context Geographical entries pinpoint exact locations using other cities or countries as landmarks and give the number of Jewish inhabitants before Nazi occupation and the percentage of Jews killed Historical background is provided for such events as Kristallnacht and the Warsaw Ghetto Uprising and entries on concentration and death camps give details on the nationalities interned the camp s specific location and its history This reference is impressive in its scope and includes major perpetrators bystanders collaborators victims rescuers such as Righteous Gentiles Jewish ghetto fighters and partisans It also explores the role of women and the complicity of physicians and industrialists during the Holocaust more fully than any other reference This dictionary provides the information needed by students whose understanding of the Holocaust is limited by the absence of a single accessible research text **1993** Patt Leonard, Rebecca Routh, 1996 Journal articles books book chapters book reviews dissertations and selected government publications on East Central Europe and the former Soviet Union published in the United States and Canada *The Canadian-American Review of Hungarian Studies* ,1980

Genocide and Fascism Aristotle Kallis, 2008-09-25 This book investigates how fascism as an ideology and political praxis reconfigured the ideological political and moral landscape of interwar Europe generating an atmosphere of extreme license that facilitated the leap into eliminationist violence It demonstrates how fascist ideology linked the prospect of violent cleansing to utopias of national racial regeneration thus encouraging and legitimizing targeted hatred against particular

others It also shows how the diffusion and internationalization of fascism in the 1930s produced a sense of a revolutionary new beginning and created a transnational fascist new order in which Nazi Germany came to occupy a potent position of authority The book analyzes how the eliminationist initiative and precedent of Nazi Germany became a second license that empowered fascist regimes across Europe to embark on their own eliminationist projects with diminished accountability Finally it examines how this license enhanced by the actions of fascists and the collapse of order caused by World War Two released individuals and communities from the burden of legal and moral accountability turning them into accomplices in the most wide brutal and devastating genocidal campaign that the continent had ever experienced

Censorship Derek Jones, 2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression

Strong Wine Brian McGinty, 1998 Lured by the discovery of gold to cross the plains to California in 1849 Haraszthy became the first sheriff of San Diego a member of the California legislature and the first assayer of the United States Mint in San Francisco Long fascinated with the possibility of growing fine European grapes in America he moved in 1856 to northern California s Sonoma Valley where he built the first stone wineries in California introduced more than 300 varieties of European grapes and planted or helped his neighbors plant more than a thousand acres of choice wine vineyards He made a well publicized wine tour of Europe in 1861 wrote the first notable book on California wine growing and built his Sonoma estate into what was widely advertised as the largest vineyard in the world

BOOK JACKET American Effects on Hungarian Imagination and Political Thought, 1559-1848 Géza Závodszy, 1995 Few aspects of American military history have been as vigorously debated as Harry Truman s decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of the events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan s surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles

Hungarian Studies Review

,1995 **The Hungarian Quarterly** ,2003 **THE AMERICAN ARCHIVIST** ,1968 **The American Archivist** ,1969

Includes sections Reviews of books and Abstracts of archive publications *Eastern Europe, 1986-1993* Robert H.

Burger,Helen F. Sullivan,1995-12-15 Describing approximately 1 000 books published between 1986 and late 1993 this work provides readers with a selective guide to English language publications on the subject of Eastern Europe It covers general studies of the area as well as works on the individual countries of Albania Bulgaria the former Czechoslovakia the former German Democratic Republic East Germany Hungary Poland Romania and the former Yugoslavia In addition to bibliographic and descriptive information the authors also include citations to book reviews A companion to their *Russia and the Former Soviet Union Libraries Unlimited* 1994 this volume also focuses on the social sciences and the humanities As interest about this part of the world continues to build and English language publications about it proliferate Burger and Sullivan s guide is a pertinent addition to academic and public library collections
