Participation in EU Rule-making Joana Mendes, 2011-04-07 The limited scope of participation in the making of EU law remains a continued source of controversy featuring prominently in recent institutional and political developments that have been shaping the EU's constitutional framework most intensely in the follow up of the Commission's White Paper on Governance Yet little attention has been paid to participation rights as a means of ensuring the procedural protection of persons affected by EU regulation in its diverse forms This is a dimension of the rule of law that has been largely ignored by EU legislative and judicial bodies Not only the legislator but also the Court of Justice and the Court of First Instance tend to adhere to excessively formal conceptions of participation rights that are premised on the right to be heard in individual procedures as well as to a restrictive view regarding the relationships between the citizens and the administration This book shows why in the face of new regulatory developments these conceptions are currently inadequate to ensure the legal protection of rights and interests affected by EU regulation Combining a conceptual analysis with thorough empirical scrutiny this book assesses the scope of participation rights in EU law against their rationales and underlying legal values It makes a case for the extension of participation rights to new situations and new types of procedures in particular those that would generally fall within the category of rulemaking It brings distinct normative insights into a crucial theme of EU administrative law and makes a topical and timely contribution to the increasingly notable theme of public participation in EU regulation Joanna Mendes 2009 thesis upon which Participation in EU Rule Making is based was awarded the the European University Institute Florence Mauro Cappelletti Prize for the best doctoral thesis using a methodology of comparative law

Feminism and Art History Now Victoria Horne, Lara Perry, 2017-06-30 To what extent have developments in global politics artworld institutions and local cultures reshaped the critical directions of feminist art historians The significant new research gathered here engages with the rich inheritance of feminist historiography since around 1970 and considers how to maintain the forcefulness of its critique while addressing contemporary political struggles Taking on subjects that reflect the museological global and materialist trajectories of twenty first century art historical scholarship the chapters address the themes of Invisibility Temporality Spatiality and Storytelling They present new research on a diversity of topics that span political movements in Italy urban gentrification in New York community art projects in Scotland and Canada's contemporary indigenous culture Individual chapter analyses focus on the art of Lee Krasner The Emily Davison Lodge Zoe Leonard Martha Rosler Carla Lonzi and Womanhouse Together with a synthesising introductory essay these studies provide readers with a view of feminist art histories of the past present and future

Feminism and Art in Postwar Italy Francesco Ventrella, Giovanna Zapperi, 2020-10-29 A renowned art critic of the 1960s Carla Lonzi abandoned the art world in 1970 to found Rivolta Femminile a pioneering feminist collective in Italy Rather than separating the art world luminary from the activist however this book looks at the two together It demonstrates that even as Lonzi refused art she articulated how feminist spaces and communities drew strength from creativity The eleven essays in this book document the artistic and feminist circles of

postwar Italy a time characterised both by radical protest and avant garde aesthetics using primary and archival sources never before translated into English They map Lonzi's deep connections to the influential Italian Arte Povera movement and explore her complicated relationship with female artists of the time such as Carla Accardi and Suzanne Santoro Carla Lonzi's written work and activism represents a crucial but previously overlooked feminist intervention in traditional art history from beyond the Anglo American canon This book is a timely and urgent addition to our understanding of radical politics separatist feminism and art criticism in the postwar period **Theorising the Artist Interview** Lucia Farinati, Jennifer

Thatcher, 2024-08-29 Reflecting on the relationship between artists and their audiences this book examines how artists have presented themselves publicly through interviews and sought to establish a critical voice for themselves Considering the interview as a form of cultural production contributors explore the criteria for determining the artist interview as a distinct field of research in relation to other cultural fields Structured in four parts History and Historiography Subverting the Biographical Model Interviews as Practice and Materiality and Technology the book takes an interdisciplinary approach that encompasses the fields of art history fine art oral history curating media studies and museum conservation By theorising the artist interview as a form of cultural production and embracing it as a co constructed critical practice this volume aims to show and encourage an approach to art history which dismantles old hierarchies in favour of valuing dialogue and collaboration The book will be of interest to scholars working in art history museum studies oral history and historiography

Self-portrait Carla Lonzi, 2020-01-01 Recorded and transcribed throughout the 1960s Carla Lonzi's Self portrait ruptures the linear tradition of art historical writing Lonzi first abolishes the role of the critic her own seeking change over self preservation by theorising against the act of theorising This is the voice of feminist experimentalism in Italian art and literature and here Lonzi speaks for herself in English Self portrait montages her verbatim conversations with fourteen prominent artists working at the time all men except one Lonzi's vital feeling that it was impossible to respond professionally to the political and existential problems embedded in the production and distribution of artworks drives the book's contingent structure Artmaking struck Lonzi as the invitation to be together in a humanly satisfying way This first English translation brings Lonzi's final work of criticism before her break with art to an international audience Her uncompromising enactment and pragmatic drop out discontinues the narration of postwar modern art in Italy and beyond The Politics of Public Administration Reform in Italy Sabrina Cavatorto, Antonio La Spina, 2020-06-24 This book provides a stimulating presentation of the Italian administrative system through an empirical and critical perspective on the processes of administrative reform at the national level It focuses on some of the most recent changes developed during the years of

austerity and fiscal crisis and offers an updated perspective on the attempts made by Italian governments to modernize national public administration through the new public management and governance paradigms These frameworks have been suggested as models to enhance efficiency transparency accountability and public participation The book studies international and supranational influence policy diffusion domestic politics and institutional dynamics administrative traditions and functional explanations all determinants of policy outputs and outcomes and possibly of policy learning as well This book is the first to set out such a comprehensive and up to date analysis for non Italian readers Reconnaissance of Sediment Transport and Channel Morphology in the Lower Río Bermejo Basin, Argentina John R.
