Mark Twain Stuart Hutchinson, 1994 This book explores Twain's major writings as they address the New World and the Old race slavery imperialism the possibility of American literary form and the limits of humour Twain's humour is an expression of the pleasure and fun of life but it is also a response to ultimate contradictions and losses It is particularly American in that it rarely points to harmonies that might actually be enjoyed beyond itself It is the humour of someone always on the move if not on the run The absence of any destination in Twain other than the ultimate one of death is why his work is so formally unsettled There is no point of clarification where author narrator and readers can be expected to arrive together Texts treated in this book include The Innocents Abroad Roughing It Tom Sawyer Huckleberry Finn Life on the Mississippi The Gilded Age A Connecticut Yankee Pudd'nhead Wilson Following the Equator The Mysterious Stranger and several short pieces
