Marketing Management for the Beginners

Dr Piali Haldar,2022-03-17 Marketing Management is one of the fundamental subjects in business management curriculum However this subject often become challenging course for the students as they have varying degree of knowledge and command over it some having studied it as a subsidiary paper and others not having studied it at all Keeping all levels in mind this book starts with explaining the basic concepts of marketing in simple yet interesting way Most of the available textbooks on marketing management deal with an explanation of theoretical concepts with few examples But the real challenge for a student of management lies in understanding and applying the theoretical concepts in real world The key strength of this book lies in introducing the basic concepts in simple words with an objective of making readers appreciate the value of marketing principles as a tool of business decision making Thus this book is written with a twin purpose First to equip the students with a complete understanding of basic concept of marketing and they will develop the decision making skills faced by the marketers consumers managers I feel indebted to those who have made a significant value addition to the final product with their comments and constant support Specially I would like to thanks Ajay my husband whose support has been the driving force towards the writing this book Narayan Chhandra Haldar my father whose language skill has made the text book more interesting Discussion with colleagues also helped me in improving the content Piali Haldar
