Marketing Management: An International Perspective Dominique Turpin, Kamran Kashani, 1999-05-28 Marketing Management An International Perspective brings together over twenty real life case studies of marketing management issues faced by leading international companies from around the world Including cases from America Asia and Europe this collection is an ideal supplement to both marketing management or international marketing courses at both undergraduate and MBA level Written by professors at IMD one of the leading international business schools with a reputation for writing top quality cases this text is an invaluable resource for students of business and marketing Providing both text and cases the book is supported by a Tutor's Guide based on the authors own teaching experience which provides a roadmap and guidance on how to best use each case International Marketing Management Mario Glowik, Slawomir Smyczek, 2012-09-18 In recent decades against the background of integrated global trade patterns the complexity of international marketing and management has increased enormously Accordingly the momentum of business opportunities and challenges has accelerated and a firm has to continuously evaluate its market environment in order to make adjustments that reflect the firm s individual strengths and weaknesses This book takes as its perspective that the customer undoubtedly is positioned in the center of the firm s overall management activities True understanding of the customer requires efficient marketing research about the firm s international business environment As discussed in the first chapters of the book the firm s business success depends in part on its ethical standards thus awareness of its environmental and social responsibility is required. The following chapters concentrate on various aspects of culturally biased customer behavior and how the firm ensures sensitivity when planning and selecting its marketing strategies. The most efficient techniques of international market segmentation targeting and strategic competitive positioning are introduced Furthermore concepts of consumer loyalty programs and their implementation in diversified international markets are presented An important part is dedicated to describing suitable mixes of marketing policies for firms operating in culturally heterogeneous international markets Finally forecasting changes in consumer behavior as a tool of planning international marketing activities is taken into consideration Marketing control mechanisms that seek to increase efficiency of selected marketing activities further contribute to the valuable insights of this publication Overall the authors intention is to combine the newest theoretical concepts with pragmatic decisions made by firms The book is particularly suitable for undergraduate and graduate students taking courses in international marketing strategic and cultural management Executives and practitioners involved in business can take fundamental and updated knowledge from this publication which hopefully will improve their competitive positions against their rivals in the global Marketing Management Russ Winer, Ravi Dhar, 2013-08-28 For undergraduate and graduate Marketing arena Management courses Go beyond the basic concepts with a strategic focus and integration of IT and global perspectives Marketing Management reflects the dynamic environment inhabited by today s marketers helping readers understand this

increasingly global marketplace and the impact of technology on making strategic marketing decisions. Its modern strategy based approach covers critical fundamental topics required for professional success. The fourth edition features Ravi Dahr of Yale University one of the world's leading scholars in behavioral decision making as a new coauthor.
