Society was founded in 1875 nor in London where she died but in the attempts of an oriental fraternity to influence the spiritual climate of Europe in its most materialistic phase She throws new light on the real identities of Madame Blavatsky s teachers and their relationship to the complex world of Tibetan Buddhism She portrays a woman struggling against immense personal and social difficulties to fulfil a mission that was scarcely understood by her closest associates In her impartial scrutiny of evidence Miss Overton Fuller has been obliged to reject as spurious some Blavatsky letters published by The Theosophical Society itself but she has also uncovered the real authorship of the notorious Coulomb letters which attempted to implicate Madame Blavatsky in fraud The appearance of this biography coincides with the centenary of Madame Blavatsky s main work The Secret Doctrine 1888 which offered a profound spiritual interpretation of evolution in contrast to Darwinism and brought a new dimension into western thought
