Sectionalism And American Political Development 1880 1980

John Scott

Sectionalism And American Political Development 1880 1980:

Sectionalism and American Political Development, 1880-1980 Richard Franklin Bensel, 1987-11 *The Search for American Political Development* Karen Orren, Stephen Skowronek, 2004-05-24 Orren and Skowronek survey past and current APD scholarship and outline a course of study for the future **The City in American Political Development** Richardson Dilworth, 2009-04 The volume brings together some of the best of both the most established and the newest urban scholars in political science sociology and history each of whom makes a new argument for rethinking the relationship between cities and the larger project of state building **Power** John Scott, 1994 **Age of Betrayal** Jack Beatty, 2008-04-08 Age of Betrayal is a brilliant reconsideration of America's first Gilded Age when war-born dreams of freedom and democracy died of their impossibility Focusing on the alliance between government and railroads forged by bribes and campaign contributions Jack Beatty details the corruption of American political culture that in the words of Rutherford B. Hayes transformed a government of the people by the people and for the people into a government by the corporations of the corporations and for the corporations A passionate gripping scandalous and sorrowing history of the triumph of wealth over commonwealth

Reinventing "The People" Shelton Stromquist, 2010-10-01 A comprehensive study of the Progressive movement Reinventing The People contends that the persistence of class conflict in America challenged the very defining feature of Progressivism its promise of social harmony through democratic renewal Shelton Stromquist profiles the movement's work in diverse arenas of social reform politics labor regulation and so-called race improvement While these reformers emphasized different programs they crafted a common language of social reconciliation in which an imagined civic community the People would transcend parochial class and political loyalties But efforts to invent a society without enduring class lines marginalized new immigrants and African Americans by declaring them unprepared for civic responsibilities In so doing Progressives laid the foundation for twentieth-century liberals' inability to see their world in class terms and to conceive of social remedies that might alter the structures of class power **Southern Democrats** Nicol C. Rae Associate Professor of Political Science Florida International University, 1994-03-29 From the election of Jimmy Carter to the wide defection of Democrats in the South to the Republican ticket in the Reagan-Bush years Southern Democrats have played a crucial role in recent American national politics With the 1992 election of President Clinton they once again occupy a place at the center of the American political stage A timely examination of this important phenomenon in American politics Southern Democrats traces the history of this influential regional faction and gauges the extent and nature of Southern Democratic influence in congressional and presidential politics today Nicol Rae argues that the Southern Democrats remain a distinctive faction despite the passage of the 1965 Voting Rights Act which initiated the end of the social and economic system that had previously bound them together The only surviving political faction based on regional rather than ideological concerns they have nevertheless evolved from being a deviant element within the party to coming closer to the national Democratic norm

which is most apparent in civil rights issues Drawing on interviews with many southern politicians and memoirs and accounts of past campaigns Rae deals with the success of Southern Democrat and Democratic Leadership Council leader Bill Clinton in winning the 1992 Democratic presidential nomination and reveals the changing role of Southern Democrats in internal party politics and national elections He concludes with an overall assessment of the present and future state of this important southern wing of the Democratic party

The Disappearing South? Robert P. Steed, Laurence W. Moreland, Tod A. Baker, 2012-10-09 There is widespread agreement that the South has changed dramatically since the end of World War II the essays in *The Disappearing South* address the ongoing debate There is widespread agreement that the South has changed dramatically since the end of World War II Social demographic economic and political changes have altered significantly the region long considered the nation's most distinctive There is less agreement however about the extent to which the forces of nationalization have eroded the major elements of Southern distinctiveness Although this volume does not purport to settle the debate on Southern political change it does present a variety of recent evidence that helps put this important debate into perspective In the process it helps clarify the contemporary politics of the South for readers ranging from the scholar to the more casual observer The essays in *The Disappearing South* address the ongoing debate Contributors in addition to the editors include E Lee Bernick Earl Black Merle Black Lewis Bowman Edward G Carmines Patrick Cotter Thomas Eamon Douglas G Feig John C Green James L Guth William E Hulbary Anne E Kelley Lyman A Kellstedt David M Olson John Shelton Reed Harold Stanley James G Stovall John Theilmann Stephen H Wainscott and Allen Wilhite

The Rational Public Benjamin I. Page, Robert Y. Shapiro, 2010-05-27 This monumental study is a comprehensive critical survey of the policy preferences of the American public and will be the definitive work on American public opinion for some time to come Drawing on an enormous body of public opinion data Benjamin I Page and Robert Y Shapiro provide the richest available portrait of the political views of Americans from the 1930s to 1990 They not only cover all types of domestic and foreign policy issues but also consider how opinions vary by age gender race region and the like The authors unequivocally demonstrate that notwithstanding fluctuations in the opinions of individuals collective public opinion is remarkably coherent it reflects a stable system of values shared by the majority of Americans and it responds sensitively to new events arguments and information reported in the mass media While documenting some alarming case of manipulation Page and Shapiro solidly establish the soundness and value of collective political opinion *The Rational Public* provides a wealth of information about what we as a nation have wanted from government how we have changed our minds over the years and why For anyone interested in the short and long term trends in Americans policy preferences or eager to learn what Americans have thought about issues ranging from racial equality to the MX missile welfare to abortion this book offers by far the most sophisticated and detailed treatment available

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that

students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

The Unsolid South Devin Caughey,2018-09-25 During the Jim Crow era the Democratic Party dominated the American South presiding over a racially segregated society while also playing an outsized role in national politics In this compelling book Devin Caughey provides an entirely new understanding of electoral competition and national representation in this exclusionary one party enclave Challenging the notion that the Democratic Party s political monopoly inhibited competition and served only the Southern elite he demonstrates how Democratic primaries even as they excluded African Americans provided forums for ordinary whites to press their interests Focusing on politics during and after the New Deal Caughey shows that congressional primary elections effectively substituted for partisan competition in part because the spillover from national party conflict helped compensate for the informational deficits of elections without party labels Caughey draws on a broad range of historical and quantitative evidence including archival materials primary election returns congressional voting records and hundreds of early public opinion polls that illuminate ideological patterns in the Southern public Defying the received wisdom this evidence reveals that members of Congress from the one party South were no less responsive to their electorates than members from states with true partisan competition Reinterpreting a critical period in American history The Unsolid South reshapes our understanding of the role of parties in democratic theory and sheds critical new light on electoral politics in authoritarian regimes

Separation of Powers and Legislative Organization Gisela Sin,2015 Examines how constitutional requirements of the lawmaking process and the factional divisions within parties affect US representatives decisions on distributing power among themselves

Partisanship and Polarization Adam M. Silver,2022-06-06 This volume explores the development of political parties in nineteenth century United States of America through an extensive analysis of the official statements by a party in an election the party platforms and their connection with political elites and voters Platforms indicate how party leaders reconciled local state and national conflicts and articulated their electoral appeals to various constituencies by showing discussions of their respective policies Thus party platforms are a valuable vehicle to assess electoral strategy and party development By focusing on the platforms of the major political parties Democrats Whigs and Republicans at the state and national levels in presidential elections from 1840 to 1896 the author identifies three salient patterns First platforms reference economic policy more frequently and to a greater degree than other policy areas Second national policies are discussed more than state policies And third over time the content of the platforms becomes more

similar reflecting the nationalization of the party system This examination of nineteenth century American party platforms traces political party development as a dynamic process involving partisanship the presentation of internally coherent and consistent messages to voters and polarization the existence of conflicting policy positions across parties

Blue Metros, Red States David F. Damore, Robert E. Lang, Karen A. Danielsen, 2020-10-06 Assessing where the red blue political line lies in swing states and how it is shifting Democratic leaning urban areas in states that otherwise lean Republican is an increasingly important phenomenon in American politics one that will help shape elections and policy for decades to come Blue Metros Red States explores this phenomenon by analyzing demographic trends voting patterns economic data and social characteristics of twenty seven major metropolitan areas in thirteen swing states that will ultimately decide who is elected president and the party that controls each chamber of Congress The book's key finding is a sharp split between different types of suburbs in swing states Close in suburbs that support denser mixed use projects and transit such as light rail mostly vote for Democrats More distant suburbs that feature mainly large lot single family detached houses and lack mass transit often vote for Republicans The book locates the red blue dividing line and assesses the electoral state of play in every swing state This red blue political line is rapidly shifting however as suburbs urbanize and grow more demographically diverse Blue Metros Red States is especially timely as the 2020 elections draw near

Class and Community in Frontier Colorado Richard Hogan, 2021-10-08 Spurred by the Gold Rush of 1859 settlers of diverse backgrounds and nationalities trekked to Colorado and began building towns Existing accounts of their struggles and those of townbuilders throughout the American West focus on boom or bust economics rampant boosterism and bitter social conflicts This according to sociologist Richard Hogan is not the whole story In Class and Community in Frontier Colorado Hogan offers a fresh perspective on the frontier townbuilding experience He argues that townbuilding in Colorado was not as some have suggested monopolized by local boosters or national business interests It was instead a complex dynamic process that reflected competition cooperation and conflict among various socioeconomic classes and between local and national business interests as well Hogan shows how farmers ranchers miners tradesmen merchants bankers entrepreneurs land speculators and eastern investors all vied for control in six of Colorado's emerging urban centers Denver Central City Greeley Golden Pueblo and Canon City Meticulously he traces the conflicts and coalitions that arose in and among these groups By combining historical sociology with local history Hogan's study challenges current thinking about economic development class structure and conflict political partisanship collective action and social change in the American West

Dixie Looks Abroad Joseph A. Fry, 2002-01-01 As America's most self conscious section the South has exercised an important and often decisive influence on U S foreign relations but the extent of this influence has been largely unexplored by historians In this groundbreaking study Joseph A Fry provides a comprehensive overview of the South's role in U S international involvement from 1789 to 1973 revealing the enormous impact of southern pressure on broader national interests In a gracefully written and engaging

narrative Fry chronicles the South's numerous foreign policy opinions over time including its opposition to closer relations with Great Britain and war with France in the 1790s its leadership in the War of 1812 its flawed diplomatic attempts during the years of the Confederacy and its fifty year protest against the increasingly assertive Republican dominated political agenda following the Civil War With the election of Woodrow Wilson Fry shows the South reversed its tendency toward isolationism and consistently supported Wilson's activist foreign policies The South sustained this interventionist mind set into the 1970s ardently supporting cold war containment policy Fry is careful to note that southerners seldom presented a completely united front on foreign affairs Yet even while disagreeing among themselves he argues they consistently viewed the world through a distinctly southern lens and acted on a variety of perceived common interests including a dedication to honor and patriotism a determination to protect slavery a proclivity for personal violence a commitment to partisan politics a concern for economics and a preoccupation with race Though the South's foreign policy opinions varied widely through the years Fry's extraordinary work affirms that Dixie has always held considerable clout on the world stage

The Politics Of Realignment Peter F Galderisi, Michael S Lyons, Randy T. Simmons, John G Francis, 2019-07-11 The landslide reelection of President Ronald Reagan in 1984 prompted political analysts to consider the possibility of a national realignment of the electorate toward the Republican party The 1986 elections however proved any predictions of a national realignment to be premature A major shift in voting patterns had not taken place except in the Mountain West where a realignment was already in place Once second only to the southern states in Democratic attachments these western states Arizona Colorado Idaho Montana Nevada New Mexico Utah and Wyoming now compose the most Republican region in the nation The contributors to this volume assert that this substantial change in electoral patterns which has spanned nearly forty years resulted not from a westward migration but from a widespread conversion among those who are born and remain in the region In analyzing this realignment these writers some of the nation's best electoral scholars provide historical and contemporary overviews and assess the important issues not only for voters but also for party organizations and members of Congress Their focus in *The Politics of Realignment* however is on the Mountain West's role in contemporary American politics The authors present a comprehensive investigation into the meaning of this regional realignment for national politics

The American Ballot Box in the Mid-Nineteenth Century Richard Franklin Bense, 2004-04-12 During the middle of the nineteenth century Americans voted in saloons in the most derelict sections of great cities in hamlets swarming with Union soldiers or in wooden cabins so isolated that even neighbors had difficulty finding them Their votes have come down to us as election returns reporting tens of millions of officially sanctioned democratic acts Neatly arrayed in columns by office candidate and party these returns are routinely interpreted as reflections of the preferences of individual voters and thus seem to unambiguously document the existence of a robust democratic ethos By carefully examining political activity in and around the polling place this book suggests some important caveats which must attend this conclusion These caveats in turn help to bridge the interpretive

chasm now separating ethno cultural descriptions of popular politics from political economic analyses of state and national policy making

American Empire A. G. Hopkins, 2018-02-20 A new history of the United States that turns American exceptionalism on its head American Empire is a panoramic work of scholarship that presents a bold new global perspective on the history of the United States Drawing on his expertise in economic history and the imperial histories of Britain and Europe A G Hopkins takes readers from the colonial era to today to show how far from diverging the United States and Western Europe followed similar trajectories throughout this long period and how America's dependency on Britain and Europe extended much later into the nineteenth century than previously understood In a sweeping narrative spanning three centuries Hopkins describes how the revolt of the mainland colonies was the product of a crisis that afflicted the imperial states of Europe generally and how the history of the American republic between 1783 and 1865 was a response not to the termination of British influence but to its continued expansion He traces how the creation of a U S industrial nation state after the Civil War paralleled developments in Western Europe fostered similar destabilizing influences and found an outlet in imperialism through the acquisition of an insular empire in the Caribbean and Pacific The period of colonial rule that followed reflected the history of the European empires in its ideological justifications economic relations and administrative principles After 1945 a profound shift in the character of globalization brought the age of the great territorial empires to an end American Empire goes beyond the myth of American exceptionalism to place the United States within the wider context of the global historical forces that shaped the Western empires and the world

A History of the U.S. Political System

Richard A. Harris, Daniel J. Tichenor, 2009-12-23 This reference resource combines unique historical analysis scholarly essays and primary source documents to explore the evolution of ideas and institutions that have shaped American government and Americans political behavior One of the most active and revealing approaches to research into the American political system is one that focuses on political development an approach that combines the tools of the political scientist and the historian A History of the U S Political System Ideas Interests and Institutions is the first comprehensive resource that uses this approach to explore the evolution of the American political system from the adoption of the Constitution to the present A History of the U S Political System is a three volume collection of original essays and primary documents that examines the ideas institutions and policies that have shaped American government and politics throughout its history The first volume is issues oriented covering governmental and nongovernmental institutions as well as key policy areas The second volume examines America's political development historically surveying its dynamic government era by era Volume three is a collection of documentary materials that supplement and enhance the reader's experience with the other volumes

Sectionalism And American Political Development 1880 1980 Introduction

In today's digital age, the availability of Sectionalism And American Political Development 1880 1980 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Sectionalism And American Political Development 1880 1980 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Sectionalism And American Political Development 1880 1980 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Sectionalism And American Political Development 1880 1980 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Sectionalism And American Political Development 1880 1980 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Sectionalism And American Political Development 1880 1980 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Sectionalism And American Political Development 1880 1980 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of

Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Sectionalism And American Political Development 1880 1980 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Sectionalism And American Political Development 1880 1980 books and manuals for download and embark on your journey of knowledge?
