The Sectoral Foundations of China's Development Shahid Javed Burki, Shahid Yusuf, 1992      The Sectoral Foundations of China's Development Shahid Javed Burki, Shahid Yusuf, 1992      *Issues for Infrastructure Management in the 1990s* Arturo Israel, 1992-01-01      **Developing Effective Employment Services** David Fretwell, Susan Goldberg, 1993-01-01

Employment services promote the efficient allocation of labor by among other things promoting labor mobility and improving productivity This paper assesses the cost effectiveness of services designed to expedite the exchange of labor between job seekers and employers The authors find that the benefits of employment services are not uniform Benefits may be reduced in small countries with a large informal sector or when the economy is stagnant and the demand for labor is depressed even though the need for the services may be greater under such conditions The authors advocate a balance between public and private sector delivery of employment services They favor opening the private market for what they term support services which increase productivity and include income support and retraining Such support services are distinct from what the authors call core services provision of which they believe is properly left to the public sector Core services to assist job seekers include job placement services relocation assistance counseling and skills assessment The authors find that core services are cost effective and that public sector providers can ensure that such services are delivered to unemployed low skilled or semiskilled workers whose needs may not be met by the private sector The paper reviews the justification for and development of employment services over time and compares various approaches to the provision of such services It reviews the various types of employment services and examines the differences between public and private sector delivery

Leipziger, Peter A. Petri, 1993 The World Bank is changing the way it does business in the energy sector This Policy Paper is one of two that outlines the Bank s new policies for the sector The review was prompted by concern about the effects of power generation on the environment and on populations that may be resettled to make way for projects Another stimulus was the macroeconomic reality of fewer

investment resources in many countries And many developing countries are becoming more receptive to reforming the way energy is produced and consumed This paper credits the public monopoly approach of the last 30 years with facilitating expansion of power supplies capturing technical economies of scale and making effective use of scarce managerial and technical skills Nonetheless it recommends several new policies to improve the performance of the electric power sector in developing countries These reforms will guide future Bank activities in the sector Bank loans for electric power will go first to countries clearly committed to improving the performance of their power sectors The Bank will also discourage subsidies on energy prices and will encourage private investment in utilities And it will provide financing to help the least developed countries import power where local generation is not practical The efficiency of production and use of electric power in developing countries is examined in a companion paper Energy Efficiency and Conservation in the Developing World The World Bank's Role The World Bank's Role in the Electric Power Sector is also available in Spanish La funcion del Banco Mundial en el sector de la electricidad Politicas para efectuar una reforma institucional regulatoria y financiera eficaz ISBN 0 8213 2451 9 Stock No 12451 7 95 Price code 007 Spanis

many social and environmental problems It also examines the situation of coal miners arguably one the most vulnerable segments of the Chinese working class under socialism and under capitalism paying particular attention to the issue of work safety and coal mine disasters The book provides a comprehensive and coherent treatment of these issues from the establishment of the People s Republic up to 2010
