estas investigaciones académicas dejan entrever lo que representa exactamente su poética de desintegración la descomposición del viejo mundo corrupto a favor de una visión apocalíptica de un nuevo mundo categorizaciones abstractas de lo sobrenatural que dan paso a una experiencia íntima y mística de lo sagrado en el hogar y en el mundo *Thomas Merton and the Monastic Vision* Lawrence Cunningham, 1999 Cunningham theology U of Notre Dame explores Merton's monastic life and his subsequent growth into a modern day spiritual master Starting from Merton's entrance into the Abbey of Gethsemani in 1941 he highlights the development of Merton's monastic life against the cultural background of the American experience and the vast upheavals in the Roman Catholic Church thus showing how his writings and continuing influence can only be understood against the background of his contemplative experience as a Trappist monk Father Timothy Kelley the current abbot of the Abbey of Gethsemani and a former novice under Merton provides a foreword Annotation copyrighted by Book News Inc Portland OR *Thomas Merton and the Individual Witness* David E Oberon, 2024-09-26 Thomas Merton proclaimed over sixty years ago that we were living in a post Christian world Since then in an increasingly secular society where the influence of the institutional church is under doubt Thomas Merton's reflections are more salient than ever David Oberon's discussion and analysis brings this mystic monk and spiritual leader's view of the opportunities presented to Christians by cultural changes to the forefront focussing on how the individual's witness can take precedence Oberon situates the reader in the current cultural context and handles Merton's work with care and clarity He illuminates Thomas Merton's unique view of his own society which credibly speaks to our present aiding Christians in navigating a post Christian post truth world **Thomas Merton, the Monk of Civil Rights** Edward Vinski, 2022-11-15 Thomas Merton has been the subject of a number of books in the years since his death His spiritual autobiography *The Seven Storey Mountain* was a best seller at the time of its publication and continues to be purchased and read at a steady pace In addition books of his meditations poems reflections essays letters and journals have also been produced While Merton wrote extensively on racial justice and while these writings have been collected in certain volumes there are few if any books devoted to summarizing analysing and applying his ideas to current racial tensions in the United States This book reviews some of his most important experiences and writings on race and social justice and uses Merton as a model for easing present day tensions **Thomas Merton's American Prophecy** Robert Inchausti, 1998-01-01 Thomas Merton was one of the most significant American spiritual writers of the twentieth century His autobiography *The Seven Storey Mountain* published shortly after the Second World War inspired an entire generation to reconsider the materialist preoccupations of consumer society Twenty years later his essays on nonviolence contemplation and Zen provided the most telling orthodox religious response to the New Left's radical critique of post industrial society In *Thomas Merton's American Prophecy* Robert Inchausti provides a succinct summary and original interpretation of Merton's contribution to American thought More than just a critical biography this book lifts Merton out of the isolation of his monastic sub culture and brings him back into

dialogue with contemporary secular thinkers In the process it reopens one of the roads not taken at that fateful cultural crossroads called The Sixties Inchausti presents Merton not as the spokesman for any particular group cause or idea but rather as the quintessential American outsider who defined himself in opposition to the world then discovered a way back into dialogue with that world and compassion for it As a result Merton was the harbinger of a still yet to be realized eschatological counter culture the unacknowledged precursor alternative and heir to Norman O Brown s defense of mystery in the life of the mind

The Wounded Heart of Thomas Merton Robert G. Waldron, 2014-05-14 Robert Waldron s brief biography of Thomas Merton examines and exposes a man who lived a deeply spiritual life yes but also a deeply conflicted one as well By the use of Jungian theory and archetypes Waldron explores all of the major Merton works e g Seven Storey Mountain The Sign of Jonas The Collected Poems Zen and the Birds of Appetite but especially all of the many volumes of Merton s private diaries and discovers a man a soul struggling to live la vita nuova in the monastery while being drawn by various sirens out of it Edgy chancy and at times speculative Waldron penetrates Merton s sometimes dense poetry and prose to discover or uncover what was wanting in Merton s soul his desire for his own hermitage his longing for the nurse he fell in love with his desire perhaps to establish an entirely new monastic foundation Merton emerges less a saint than a sinner who never stopped trying to become a saint by becoming who he really was

Beneath the Mask of Holiness Mark Shaw, 2024-03-26 Spiritual writer Thomas Merton is the most influential American Catholic author of the twentieth century Despite appearances to the contrary in 1966 he was a troubled lonely monk Only when the suffering Merton fell madly in love with a student nurse a forbidden erotic affair condemned by the Catholic Church would he discover whether his devotion to God was stronger than his dedication to the woman he called a miracle in my life Truly an inspirational story based on Merton s personal journals new information and sources such as fellow monks Beneath the Mask of Holiness presents a unique portrayal of the famous man one never revealed in its entirety before

Thomas Merton Paul R Dekar, 2012-04-26 Thomas Merton was arguably the twentieth century s most widely published and widely read spiritual writer This book explores Merton s prophetic writings and experience as they offer guidance for those seeking to experience God to simplify their lives to live more humanly and to shape Christian community in the face of alienation consumerism noise and technology The book includes parts of three previously unpublished conference contributions by Merton on technology Exploring Merton s thoughts on monastic renewal prayer radical simplicity ecology technology war peace and interfaith dialogue Dekar reminds us why Merton was so influential and why he continues to be so

The Solitary Explorer Elena Malits, 2014-09-17 The Solitary Explorer responsibly and critically explores Thomas Merton s lifelong spiritual development as reflected in his religious and secular writings and delineates the meaning of his life and work for contemporary readers It provides an interpretive chronology of Merton s writings and unravels the intertwining threads of self realization and widening intellectual interests evidenced in the material he produced between his

early autobiography and the controversial work of his later years Elena Malits shows Merton as writer as monk as social critic as seeker of wisdom in the East as man of prayer and as one continually on a journey into the unknown Merton always held that the quest for God is a continuing one The Solitary Explorer traces the progress of this quest in Merton's life and literary works to reveal a multifaceted spiritual guide who offers an approach to the divine at once reassuringly traditional and refreshingly contemporary *The Solitary Explorer* Elena Malits CSC,2014-09-17 The Solitary Explorer responsibly and critically explores Thomas Merton's lifelong spiritual development as reflected in his religious and secular writings and delineates the meaning of his life and work for contemporary readers It provides an interpretive chronology of Merton's writings and unravels the intertwining threads of self realization and widening intellectual interests evidenced in the material he produced between his early autobiography and the controversial work of his later years Elena Malits shows Merton as writer as monk as social critic as seeker of wisdom in the East as man of prayer and as one continually on a journey into the unknown Merton always held that the quest for God is a continuing one The Solitary Explorer traces the progress of this quest in Merton's life and literary works to reveal a multifaceted spiritual guide who offers an approach to the divine at once reassuringly traditional and refreshingly contemporary *Kierkegaard and the Question Concerning Technology*

Christopher B. Barnett,2019-08-22 Over the last several decades technology has emerged as an important area of interest for both philosophers and theologians Yet despite his status as one of modernity's seminal thinkers Søren Kierkegaard is not often seen as one who contributed to the field Kierkegaard and the Question Concerning Technology argues otherwise Christopher B Barnett shows that many of Kierkegaard's criticisms of the present age relate to the increasing dominance of technology in the West and he puts Kierkegaard's thought in conversation with subsequent thinkers who grappled with technological issues from Martin Heidegger to Thomas Merton Barnett shows that Kierkegaard's writing with its marked emphases on personal upbuilding stands as a place where deeper non technical modes of thinking are both commended and nurtured In doing so Barnett presents a Kierkegaard who remains relevant perhaps all too relevant in today's digital age

The Environmental Vision of Thomas Merton Monica Weis,2011-06-24 Delightful a superb guide to the ecological themes of Merton's life and writings The Christian Century Nature was always vital in Thomas Merton's life from the long hours he spent as a child watching his father paint landscapes in the fresh air to his final years of solitude in the hermitage at Our Lady of Gethsemani where he contemplated and wrote about the beauty of his surroundings Throughout his life Merton's study of the natural world shaped his spirituality in profound ways and he was one of the first writers to raise concern about ecological issues that have become critical in recent years In The Environmental Vision of Thomas Merton Monica Weis suggests that Merton's interest in nature which developed significantly during his years at the Abbey of Gethsemani laid the foundation for his growing environmental consciousness Tracing Merton's awareness of the natural world from his childhood to the final years of his life Weis explores his deepening sense of place and desire for solitude his love and responsibility for

all living things and his evolving ecological awareness Explains how Merton evolved from a nature enthusiast to one of the world's most respected ecological stewards Louisville Courier Journal
