Together, the papers showcase the types of methods, designs, and analytic approaches that bring rigor to understanding cascades in development. This volume provides a state-of-the-art collection that will appeal to researchers, clinicians, educators, policy makers, and students across disciplines relevant to the science and practice of child learning and development. Focus on developmental cascades, World renowned across developmental domains and periods. Coverage of state-of-the-art methods and analytic approaches to investigate developmental cascades.

*Key Issues in Childhood and Youth Studies*, Elizabeth Taylor, Bee Hughes, 2025-10-08. This fully revised and expanded second edition of *Key Issues in Childhood and Youth Studies* presents an informed and critical commentary on a range of key issues related to children and childhood from birth to eighteen years. Challenging current orthodoxies within the adult world on the nature of childhood, it is an essential text for students of childhood and youth studies, as well as those studying relevant professional qualifications in social work, teaching, and health. Exploring ideas from the historical development of childhood to the demonising of youth, it is divided into five clearly defined sections, each with their own editorial introduction which highlights the key themes: *Creating Childhood*, *The Developing Child*, *Children at Risk*, *The Politics of Childhood*, *Bordered Childhood*, and *International Perspectives*. Containing 15 newly written chapters and three revised pieces, this invaluable textbook provides an overview of childhood and youth studies and encourages students to think about the issues discussed and to develop their own ideas. Each chapter contains student activities, key concept boxes, recommended further reading, and a reflection exercise.

Developmental Psychology, Derek Hook, Jacki Watts, Kate Cockcroft, 2002. *Developmental Psychology*, Second Edition, provides a theory-driven approach to understanding human development from two perspectives: the psychoanalytic and the cognitive. These two perspectives, which form the first sections of the book, complement one another. The third section of the

book brings together thoughts on the South African context and the impact it has on development
