## Securitization Uia Law Library 1:

*Subject Guide to Books in Print*, 1971      Securitization David Glennie, E. C. de Bouter, Randall D. Luke, 1998-12-22

Securitization is the process of financing assets by the issuance of asset backed securities as opposed to traditional secured financings. Asset securitization has developed and expanded in the last two decades and now accounts for more than 450 billion of financings per year in the US. This book comprising 16 national reports provides a comprehensive survey of the law and practice of securitization in the major jurisdictions in which securitizations have been carried out. It reviews the principle assets commonly securitized and the development of the market in each country facilitating quick comparison of different jurisdictions. Legal aspects of the most important structures are analyzed in detail including the establishment of special purpose vehicles, credit enhancement techniques and security issues. There is detailed discussion of tax and accounting issues and commentary on specialized issues such as public offerings of asset backed securities and cross border considerations. Among those who will find *Securitization* a practical and useful guide are practitioners working in international law firms, financial advisors and investment bankers.

Law and the Financial System Tamar Frankel, Mark Fagan, 2009. *Law and the Financial System: Securitization and Asset Backed Securities* provides students and practitioners with a comprehensive source of materials and references for understanding the process and issues that surround the conversion of illiquid financial assets into tradable securities. The book begins with an overview of the financial system and the place of securitization in the system. The book focuses on the process and law of securitization and is derived largely from Tamar Frankel's treatise *Securitization* 2nd ed 2005. The book concludes with a global view of securitization and an assessment of the impact and future of securitizing financial assets.
