Designs and Anthropologies Keith M. Murphy, Eitan Y. Wilf, 2021-11-01 The chapters in this captivating volume demonstrate the importance and power of design and the ubiquitous and forceful effects it has on human life within the study of anthropology The scholars explore the interactions between anthropology and design through a cross disciplinary approach and while their approaches vary in how they specifically consider design they are all centered around the design and anthropology relationship The chapters look at anthropology for design in which anthropological methods and concepts are mobilized in the design process anthropology of design in which design is positioned as an object of ethnographic inquiry and critique and design for anthropology in which anthropologists borrow concepts and practices from design to enhance traditional ethnographic forms Collectively the chapters argue that bringing design and anthropology together can transform both fields in more than one way and that to tease out the implications of using design to reimagine ethnography and of using ethnography to reimagine design we need to consider the historical specificity of their entanglements [Australasian Victorian Studies Journal](#) ,2000
