THE CHALLENGE In February 2009 Attorney General Eric Holder called America a nation of cowards His reason was that we don't have the guts to be honest with each other about racial issues The lack of honesty that he bluntly implied is obvious Its cause however is not a lack of courage but enforcement of deceptive tactics that undermine freedom of speech In reality his words gave this nation a challenge Will we meet it For over forty years every major cultural movement of the last century successfully achieved its goal through victimization oppression and white privilege principles These deceptive tools developed entitlement thinking that separated people from common sense and goodness The more people separated from goodness the more evil surfaced Disguised as a right and freedom evil began silencing America Many people deny it and the dangers of Marxism Others are euphoric about the transformation Oppression education is doing its job the destruction of so called white values and America White privilege and the wheel of oppression fool those in class attendance They promise people release from make believe oppression while injecting them with it The result is a dangerous epidemic of oppression isms most useful for change Attorney General Eric Holder stated that America needed open racial discussion We will accept the challenge The content within is forthright and bold in presentation Chapter questions are included for private use institutes of learning education conferences and church groups to develop boldness in speaking the truth We must STOP the biggest Hoax of the Century White Privilege and The Wheel of Oppression for the survival of America **Seeds of**
